(By Associated Press.)

VERSAILLES, France, June 3.—The peace treaty with Hungary was signed in the Great Trianon Palace here at 4:25 o'clock this afternoon.

Silver City Normal to Have Record Attendance

SILVER CITY, June 3.—Students have been arriving steadily at the State Normal School for enrollment for the past three or four days, and most of them are targeted ready for the opening of the summer session. The early arrivals report that many more teachers than have usually attended the summer session are coming this yer. On account of the delays to railroad traffic, due to recent flood conditions many of the teachers from different arts of the state will be probably delayed and will not be able to get here in time for the opening session. All of the instructors and professors have arrived and the formal openings of the classes will take place on Thursday.

Spliv and Splav Have a Few Words About Post

Sergeant Major Blow has a reputation as a disciplinarian.

Sergeant First-Class Robert H. Farrell and company have again hanged rendezvous. This time we are all completely at a loss as to why.

Private Louis January, Regimental Infirmary, still meets the requirement limited. Oh, well, cheer up Louis, things will break even after a while.

Private Elder Lee, Camp Hospital, has a visitor yesterday morning and after the visitor left he was the quietest man ever seen or heard in the detachment.

Corporal Clarence H. Young (now in exile) has not been seen around his old haunts recently. His many friends have expressed their desire to see him in the near future.

The scientific department of the Regimental Infirmary, 24th Infantry, is located in the southeast corner of the infirmary's orderly room. The reason is a new S and W chart.

A change of scenery is good for everybody. The same yesterday changed considerable of the scenery in the Camp Furlong student, replacing it with the refuse from the mountains.

Sergeant William Jackson prepared to move back to the old homestead yesterday morning on Ice Plant avenue. Later we learned that his efforts were rendered futile by a senior noncommissioned officer.

Private First Class Judge A. Macklin, Regimental Infirmary, has been confined to a new area unknown to any one at the present time, but states his reason as not caring to go any place. But we all know why.

Since the Exchange restaurant changed managers some very notable characters have been seen hanging around its doors, but so far no explanation has been offered by the new proprietor.

Attention, Auto Owners!

If you want a vealty or tube that will give perfect satisfaction, buy a Goodyear at J. L. Walker's. tf

News Ten Years Old Retold

A. O. Bailey resigns as postmaster.

Mrs. J. R. Chadbern killed a coyote.

Lumberman A. L. Field dies in Texas.

Sheriff Simpson was a deputy at that time.

Another "real estater" arrives in Columbus, Rufus Gailey.

New settlers were H. L. Anderson, Professor Robinson, Allen B. Pyc, Robert Jones and N. B. Hampton.

C. C. Rogers, who had just arrived from Mexico, lost his right arm; he got it caught in the cogs of a pump jack.

F. M. Miller and wife, Mrs. O. Grant and children, E. F. Hansen, Mrs. Walter, Mrs. W. F. Ring and W. S. Coe spent Sunday at Palomas Lakes.

Palace Meat Market for those thick steaks which make the lean grow fat.

N. M. MILITARY RESERVE EXPLODES STOREHOUSE

WASHINGTON, D. C., June 3.—Following a 6-hour session, the Senate on Friday passed the third deficiency bill, carrying $28,857,000, and sent it to conference. This was an increase of more than $9,000,000 over the House bill. Among the special items was an appropriation of $5,000,000 inserted by the Senate appropriations committee for the construction of permanent storage facilities for high explosives at Fort Wingate military reservation, N. Mex. House provisions appropriating $1,000,000 to cover the deficit incurred by government operation of the telephone and telegraph system during the war were retained.

De Facto Troops Pursue Villistas

Francisco Villa, after eluding the pursuing troops of the de facto government in a chase that lasted more than a week, published to an attack and repulse at Parral Thursday, has turned north towards his old hiding places in the vicinity of Pilar de Conchos and the barren hills of Sonora, according to telegraphic information received Friday afternoon by Colonel Charles Ilfe, commander of the Juarez garrison, and Luis Montes de Oca, Mexican consul in El Paso.

Villa is being pursued by detachments sections under the command of General Ignacio Enriquez although their horses are tired out by the long chase of the rebel chieftain.

The attack on Parral by Villa started at 4 o'clock Thursday morning, according to information received by local Mexican officials. The garrison, under the command of Colonel Enrique Leon, resisted strongly the attacks of the Villistas until 4 o'clock in the afternoon, when troops under General J. G. Escobar, commander in the state, General Enriquez and General Miguel Pina, Jr., begin to pour in from the east. Troops under the command of the latter had marched for sixty miles without a rest when they entered the battle.

The Villistas gave way and fled towards Palomitas in the north. General Enriquez continued to pursue them and when last seen they were headed in the direction of Pilar de Conchos.

The Villistas suffered a loss in the death of General Soterio Garza, who was left wounded on the field.

Detailed reports of the losses in the battle were not received.

A telegram received Friday from Colonel T. L. Rivera, commander of the garrison of de facto troops at Santa Rosalia, confirmed the victory at Parral Thursday and stated that the inhabitants of the town were celebrating.

He also stated that Villistas who were in the vicinity of Santa Rosalia recently have retired from the railroad. This band is believed to be commanded by Nicolas Fernandez and was responsible for the burning up of a small stretch of track between Armendaris and Rosalia recently.

A telegram from Governor Ignacio Gamboa Friday to de Ocg stated that from 6000 to 7000 troops of the de facto government would arrive in Chihuahua City within two or three days from the south to start the campaign against Villa. These reinforcements will be commanded by General Eugenio Martinez and General Joaquin Amaro. The latter is a seasoned campaigner against Villa.

Complete confirmation of the victory of government troops against Villa at Parral Thursday was received Friday in a telegram from Chihuahua City by Carlos Felix Diaz, administrator of the Juarez customs house.

The telegram stated that the railroad from Parral to Jiminez had been repaired and was now ready for the operation of trains.

The defection of General Carlos Diaz, which was announced by government authorities from Torreon several days ago, has been declared to be due to a misunderstanding, according to Chihuahua newspapers received in Juarez on Thursday.

General Ocaña and his travelling troops have returned to Jiminez Parral, it is stated, and will join the Arrieta brothers operating in state state of Durango.

New operations on Benton mill near Silver City prove stimulus to local business.

Automobile turns over on Box Canon road near Highcroft. Three people injured.

After all this forest situation maybe 2.75 per cord beef would really be interesting.

The trouble about catching the profiteers is the fact that we want to catch the other fellow.

Forestry department distributes copies of the game law throughout the state and Arizona.

U.S. Agents Watching For Slacker Bergdoll

PHOENIX, Ariz., June 3.—Agents of the Department of Justice and state, county and city officers in Texas, New Mexico and Arizona are under instructions to maintain a close watch for Grover Cleveland Bergdoll, millionaire draft evader, reported making his way by automobile toward the Mexican border with the intention, officials believed, of escaping into Mexico.

A man believed to be Bergdoll, accompanied by a man resembling him and a chauffeur, was reported in a message yesterday by federal authorities at San Antonio, to be heading toward Arizona. The three were riding in a dark gray or green motor car and the companion and chauffeur were described as dark, evidently mixed race, sharp featured and of foreign appearance.

The third member of the party, who was supposed to be Bergdoll, was a little over five feet in height, weighed about 175 pounds, and had dimples and had a scar on his face and throat, according to the description.

Bergdoll, after conviction by a court-martial as a draft evader, had begun to serve sentence at Governors Island, New York. In order to attend to personal affairs, he was allowed to return to his home at Philadelphia under guard of non-commissioned officers of the Army. On May 21 last he escaped from the house after leaving his guard on the pike of answering a telephone ring. Search for him has been continuous in the two weeks since his disappearance.

Officials in the Southwest sprang to vigilance yesterday when San Antonio federal agents received word from Louisville, Ky., that the same party described had passed there, heading into the Southwest. Information did not reach the Kentucky authorities until too late to intercept the car. One of the three was said to have been identified from photographs of Bergdoll.

At Albuquerque, N. M., officials took action to have transcontinental roads passing through New Mexico watched for the appearance of the suspected party.
