FRANK CLARK GETS BUSY.

And Introduces Many Important Bills in Congress.

Washington, Dec. 15.—Representative Frank Clark, of Florida, has begun work in earnest in an effort to push through to final passage several bills of great importance to Florida which he has introduced. One of the most important of these is a bill to provide for the erection of a sub-treasury building and the establishment of a sub-treasury in Jacksonville. The bill provides that the site shall not cost more than one hundred thousand dollars; that a sum not to exceed twenty thousand dollars be appropriated for the employment of a skilled architect to prepare the designs, and that provision shall be made in the building for offices for the use of such officials of the government as are now occupying rented quarters in the city of Jacksonville; and, further, that the entire cost of building and site shall not exceed one million dollars.

Other bills introduced by Mr. Clark at this session of congress are:

To establish a fish hatchery and biological station in the second congressional district.

To establish a fish-hatching and fish-culture station on the St. Johns river.

To provide for the erection of a public building in the city of Palatka.

To require the secretary of agriculture to make monthly reports as to the sea island cotton, pineapple and orange crops.

To extend the provisions of the existing bounty-land laws to the officers and enlisted men and officers and men of the boat companies of the Florida Seminole Indian war.

To extend to the veterans of the several Seminole Indian wars and to the widows of such veterans the benefits of the act of congress of February 6, 1907.

To grant pensions to the soldiers of the different Seminole Indian wars and their widows.

To provide for and levy an import duty on Egyptian and other long-staple cotton imported into the United States from foreign countries.

To prohibit the receipt of money in payment of special taxes as dealers in intoxicating liquors by internal revenue officials of the United States except in certain cases and to provide punishments for its violation.

For the relief of the State of Florida, providing for the return of cotton taxes, collected by the United States in 1863, 1864, 1865, 1866, 1867 and 1868.

Granting pension to Adolphus N. Pacelty.

Petition of division No. 458, Order of Railway Conductors, for amendment of Hepburn rate bill.

BIG TURPENTINE DEAL.

Messrs. Conoly, Groover & Davis Sell Florida Interests.

A big turpentine deal involving several thousand dollars, took place last week when Messrs. Conoly, Groover & Davis sold their turpentine interest in about twelve thousand acres of timber, below Perry, Fla., to the Blue Creek Company, a corporation in the same line of business near there.

The principals in the deal would not discuss the price obtained, but it is understood from outside parties that it was between $20,000 and $30,000 for the turpentine rights alone, the sellers retaining the land and timber, the latter being very valuable for sawmill purposes. It is reported that the deal realized Messrs. Conoly, Groover & Davis a large profit.

Messrs. Conoly & Groover still own 8,000 acres of turpentine timber near Tallahassee, which is said to be very valuable.—Quitman Free Press.

Hexamethylenetetramine.

The above is the name of a German chemical, which is one of the many valuable ingredients of Foley's Kidney Remedy. Hexamethylenetetramine is recognized by medical text books and authorities as a uric acid solvent and antiseptic for the urine. Take Foley's Kidney Remedy as soon as you note any irregularities and avoid a serious malady. Florida Book and Drug Co.

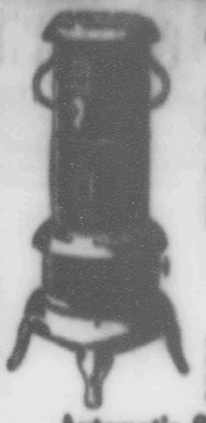
An Accidental Killing.

William R. Crosby, employed at Lakeland in the Coast Line yards, was instantly killed a few days ago by the accidental discharge of a gun while he was out hunting. He and a companion, Chas. Battle, were in a carriage, with a boy on the front seat as driver. The gun was between Crosby and Battle, the muzzle pointing upwards, and in some manner it was discharged, the contents lodging in Crosby's neck, severing the jugular vein. He formerly lived at High Springs.

Mrs. S. Joyce, Claremont, N. H., writes: "About a year ago I bought two bottles of Foley's Kidney Remedy. It cured me of a severe case of kidney trouble of several years standing. It certainly is a grand, good medicine, and I heartily recommend it." Florida Book and Drug Co.

Little Things Annoy or Please Us



Little things annoy us—the little curl of smoke that, if left alone, would soon smudge the furnishings and make work for the house-wife. There are no annoying little things in the

PERFECTION Oil Heater

(Equipped with Smokeless Device)

They've been banished by hard thought and tireless work. In their stead there are little things that please—that make for comfort and satisfaction. The little self-locking
