$628,195,359 IS VALUE OF CROP.

Fleecy Staples Brings Enormous Sum to Southern Farmers.

New Orleans, Sept. 11.—Secretary Hester's annual report was issued in full today. He puts the cotton crop for 1904-05 at 13,565,885 bales, an increase of 2,234,511 over that of 1903-04.

He says that compared with last year in round figures, Texas, including Indian Territory, has increased 1,000,000, and the group known as other cotton states, consisting of Louisiana, Arkansas, Mississippi, Tennessee, Missouri, Oklahoma, Utah, and Kansas has increased 1,106,000, and the group of Atlantic states, Alabama, Georgia, Florida, North Carolina, South Carolina, Kentucky and Virginia, has gained 1,741,000.

He puts the average commercial value of this crop at $46.31 per bale, against $40.25 last year, and the total value of the crop at $628,195,359, as against $617,501,548 last year and $480,770,000 the year before.

Referring to values he gives details of prices showing that taking the cotton sold as a whole the highest figure for middling was 11 3-16 cents per pound at the opening of the season in September and the lowest 6½ cents on the 29th of December, but says that the crop as a whole averaged strict middling and that the average value per pound was 8 98-100 cents compared with 12 13-100 last year.

Men Past Sixty in Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostrate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostrate gland and kidney trouble for years, and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." To Change River's Course.

Chicago, Sept. 11.—A dispatch to the Tribune from Los Angeles, Cali., says that in a vote of 14 to 1 the electors of Los Angeles yesterday endorsed the proposition that the city turn the course of Owens river and bring its waters here from the Sierra Nevada 240 miles distant. A bond issue of $[illegible] is provided for. The complete cost is estimated at $23,000,000, and the time required for construction from four to five years. It is proposed to furnish water for the irrigation of 150,000 to 200,000 acres of land in Los Angeles county as well as to meet the demand of the city for domestic purposes.

The Original.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merited popularity of Foley's Honey and Tar many imitations are offered for sale. These worthless imitations are in similar sounding names. Refuse them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

Standard Oil Acquires Plant.

San Francisco, Sept. 11.—The Chronicle says that there is no longer any doubt that the Standard Oil interests have acquired the San Francisco Gas and Electric company. The price paid, according to information received here from New York, is $25 and $65 in gas company bonds for each share of the gas company's stock. The purchasers have deposited $500,000 with the Union Trust company of this city as a guarantee that they will carry out their part of the contract.

Oil Well Machinery Destroyed.

Beaumont, Tex., Sept. 11.—Private advices from Batson say that the machinery of about 3,600 oil wells has been destroyed. Despite the chill, a renewal of the wanton and incendiarism is apprehended. The tens of thousands of hungry unemployed people in the banks are constantly increasing and it's an additional lamentation.

Discovered by Worms.

The cry, not from pain, but hunger, although fed abundantly, trouble arises from food is not assimilated but is discovered by worms. A few doses of Cream Vermifuge will rid them to cease crying and be quiet at once, very much to the comfort and joy of the mother. Sold by W. M. Johnson.

PALATIAL TRAIN FOR BANKERS.

Every Convenience Will Be Given the Financial Men on the Trip.

Chicago, Sept. 11.—What will be probably the most palatial train ever to leave Chicago will be the Bankers' Special, which will go over the Big Four October 7. It will carry 500 prominent financial men of the west, delegated to the convention of the American Bankers' association at Washington, Oct. 9.

The train will consist of ten of the finest Pullman cars—four open sixteen section sleepers, two compartment sleepers, a buffet library, an observation car and two of the Big Four's new dining cars.

In addition to the porters there will be negro maids and barbers, also salt water baths, a ticker service for receiving market reports and probably a wireless telegraph apparatus. At Indianapolis two cars of the Indiana bankers will join the party.

Abscess.

Abscesses, with few exceptions, are indicative of constipation or debility. W. H. Harrison, Cleveland, Miss., writes, Aug. 15, 1902: "I want to say a word of praise for Ballard's Snow Liniment. I stepped on a nail, which caused the cords in my leg to contract and an abscess to rise in my knee, and the doctor told me that I would have a stiff leg, so one day I went to J. F. Lord's drug store (who is now in Denver, Colo.) He recommended a bottle of Snow Liniment; I got a 50c size, and it cured my leg. It is the best liniment in the world." Sold by W. M. Johnson.

Jumped from Auto Under Engine.

Anniston, Ala., Sept. 11.—J. F. Hilton, a pioneer citizen of Edwardsville, Cleburne county, met a horrible death while out driving in a friend's automobile. The accident occurred on the Southern railroad, near Edwardsville. The autoists were attempting to cross the track and jumped from the vehicle as a freight train struck the car. The unfortunate man jumped just in front of the train and was mangled. He was the father of O. A. Hilton, a prominent statesman of this city. The deceased was 70 years of age.

Montgomery, Ala., Sept. 11.—Most of the planters of this section have signed the following agreement: "We the land owners and farmers of Montgomery county, will call a meeting, to be held in the city of Montgomery within four days at which meeting we will obligate each land owner and farmer to take the cotton that is offered for sale by our tenants at ten cents and credit the amount and hold said cotton to prevent it from being sold at less than ten cents in this market."

Are You Engaged?

Engaged people should remember that, after marriage, many quarrels can be avoided by keeping their digestions in good condition with Electric Bitters. S. A. Brown of Bennettsville, S. C., says: "For years my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once and finally made her entirely well. She is now strong and healthy." Sold at all drug stores and guaranteed, at 50c a bottle.
