ROBINSON AND CHUBB WILL HOLD OFFICE

Col. Chubb concludes his telegram with the announcement that the names of Walter G. Robinson and Henry S. Chubb for register and receiver of the United States land office at Gainesville, respectively, would be sent by the President to the Senate for confirmation at once.

Cols. Robinson and Chubb and Colonel Coombs of Apalachicola are the recognized leaders of the Republican party in Florida and wield a great and strong influence with the department at Washington, as has been demonstrated on several occasions. The officials of the land office are men of honesty, fairness and integrity, and the people of the State, regardless of political affiliation, are perfectly satisfied with their management of the affairs of the office, and will be glad to hear of their appointment. We have had hundreds of recommendations from leading Democrats of the State.

SUN ADVERTISING PAYS.

Merris-Peifer Company Were Rushed at Wednesday's Sale

Another demonstration that The Sun pays those who use it, comes to profitable advertising and merchants are learning this every day.

In Monday's Weekly and Tuesday's Daily Sun this enterprising firm of dry goods and ready-to-wear clothiers announcing a big ten-day sale, beginning at 9 o'clock Tuesday morning. The result was that the advertisement, coupled with the bargains offered, brought hundreds to the store, a large crowd actually waiting for a half-hour before the doors were thrown open. The force of salesmen was not sufficient to wait upon the trade, but this was immediately arranged to insure same, with the result that there will be many new faces among the salesmen this morning.

The firm is advertising for a couple additional clerks to complete the force, and for the remainder of the sale customers will have no trouble in

Tortured to Paralysis

Testimony of the Aged Father of Rev. O. Moore, pastor of the Baptist church at Hamersville, N. Y., will interest many. He writes: "I was tortured to a paralytic by a persistent cough resulting from the grip. I had to sleep sitting up in bed. I tried many remedies without avail. Then I took Dr. King's New Discovery for Consumption, Coughs and Colds, which entirely cured my cough and saved me from consumption." A grand cure for diseases of throat and lungs. Guaranteed by all druggists; price 50c and $1.00. Trial bottles free.

NEWS OF CITY AND COUNTY CONDENSED

The regular weekly meeting of Gainesville Lodge No. 900, B. P. O. E. will be held on Monday night, the seventh, beginning at 8 o'clock. There will be work, and a full attendance is desired.

L. B. Fletcher of Waldo, who is employed as baker for Bennett's Bakery, was in the city for a few hours yesterday. Mr. Fletcher has his trade down to a fine point, and is regarded as one of the most competent all-round bakers in the State.

T. W. Shands has returned from West Florida, where he has been looking after the interests of the Crescent Manufacturing Company, naval stores operators, near Marrabelle. Mr. Shands is president of the new company, which has just been organized. He has great confidence in its future as the timber in that section is very fine.

Friends of Mrs. A. M. Pournell of this city, who is at present at the home of her son in Waycross, Ga., will regret to learn that her condition has not changed, and that she may be expected any hour. Mrs. P. M. Pournell and children, as well as other relatives, left now for Waycross, and it is hoped that her illness is not as serious as reported, and that she will soon recover.

HIGH SPRINGS NOTES.

Religious Meetings Closed—Municipal Election—Other News.

High Springs, Dec. 13.—Rev. M. H. Outland, assisted by Rev. Coleman, has just closed a very successful revival at the Methodist church.

The municipal election was quietly polled on here last Tuesday. There was but one ticket out, therefore everything passed off quietly. The new administration promises to make it warm for the blind tigers.

A little Christmas thus early in High Springs is yet. Every indication points to a dull time save the question of booze.

Owing to his failing health Mr. Setzer, mogul of The Hornet, has not promised his paper another issue. He contemplates going in Februrary for Hot Springs, Ark., the hope of having his health restored.

Rev. Dr. Allen, the newly called Baptist pastor, has resigned the pastorate of this church. The discord has not been made public.

The Rudiments of Beauty.

The first requisite of beauty is a clear skin. Dr. King's Laxative Fruit Syrup clears a sallow, blotched complexion, stimulates the liver and bowels, and the eyes become bright and clear. You owe it to your friends to take it. Orino Laxative Fruit Syrup does not nauseate or gripe and is the pleasant to take. Before substituted J. W. McCollum & Company.

Seaboard Parlor Cars.

The Seaboard Air Line will put on fast parlor cars between Waldo and Tampa on [illegible] Gainesville.

LETTER FROM MR. HOLLEY.

Sends Congratulations to The Sun and Greeting to Gainesville Friends

Augusta, Ga., Dec. 10, 1905.

Editor Gainesville Sun: Allow me to congratulate you on the great success of your Industrial Edition. It was a gem and shows well the progress and push of the proprietors of The Sun. Gainesville is growing. From every copy of The Sun I see that some new improvements are being made or contemplated. Many of the pictures in The Industrial Edition are familiar and call up pleasant memories of the past.

We are getting on nicely in our new field of labor. Everything here is on the up-grade. Our church is working as it never did in its history. Since we came to this place we have put on foot a move by which we will be able to build and pay for our new church in short order. We have about five hundred members, and a great number of them are giving the tenth of their income to the expenses of the church and to the new building. This will bring into the church about three thousand dollars over and above the expenses of the church. With the amount that we can raise elsewhere we will build in the next year, or at latest within eighteen months.

Augusta, too, is on a boom, more than $42,000 having been subscribed for the Greater Augusta, and a chamber of commerce is being organized. Almost everybody in the city is into the move. New industries are coming this way. Recently a sixth mill has been established. Other new cotton mills are in contemplation of erection. We now have two large tourist hotels—the Hampton Terrace and the Bon Air—both of which are filled during the tourist season. Plans are on foot for another hotel to cost about $300,000. Never in the history of this city has the future looked so bright. Recently the city floated about a half million dollars worth of city bonds with which to retire bonds at a higher rate. The entire amount was taken by citizens of the city.

The latest that we have is that the city electric railroad company has sold out to a company in Columbia, S. C., and that some of the people of Columbia are to have an electric road from here to that city. Already there is an electric road from here to Aiken. This road is to be extended to Columbia.

If your people are not learning progress fast enough come this way.

Thanking you for sending a copy of The Industrial Edition, I am

Yours respectfully,

J. B. HOLLEY.

Grip Quickly Knocked Out.

Some weeks ago during the severe winter weather both my wife and myself contracted severe colds which speedily developed into the worst kind of la grippe with all its miserable symptoms, says Mr. J. S. Egleston of Maple Landing, Iowa. Knees and joints aching, muscles sore, head stopped up, eyes and nose running, with alternate spells of chills and fever. We began using Chamberlain's Cough Remedy, aiding the same with a dose of Chamberlain's Stomach and Liver Tablets, and it did not take us long to completely knock out the grip." These tablets promote the digestion of the bowels, liver and kidneys which are liable to become deranged by the grip. For sale by all druggists.
