INTERSTATE FAIR OCT. 28 TO NOV. 2

EXPOSITION AT PENSACOLA THIS YEAR WILL SURPASS ALL FORMER YEARS.

The Pensacola Interstate Fair, which is to be held this year from October 28th to November 2nd, both inclusive, will far surpass any former fairs ever conducted in Pensacola under the auspices of the Interstate Fair Association. Beginning this year on a solid financial basis, with money in the treasury after paying all expenses and indebtedness last year and after making permanent investments on the grounds, the Fair Association early this spring took up the work of preparing for this year's fair with the determination to make the big agricultural and industrial exposition this fall an event that will set the pace for the future. The fair this year will be held again at Kupfrian park. To accommodate the growing demands of the Poultry Department the entire building used for the Agricultural Department has been set aside for poultry exhibits thi year. The Agricultural Department will be under a large tent this year, and it is likely that it will be necessary to use two tents for this department, as there will be more than twice as many county exhibits as formerly, besides the community exhibits Many of the communities which had exhibits last year have applied for space equal to that used last year for county exhibits and when all of the communities have made their applications it is thought it will require more than one big tent to accommodate them and the county exhibits.

As the great Mardi Gras festival is held in Pensacola each year the city is thoroughly imbued with the carnival spirit. This spirit is manifested each year at the Interstate Fair in a manner almost as pronounced as during the great carnival celebration Last year it was suggested that the decorations which are used during Mardi Gras be put on during the week of the fair. As a result of the suggestion all of the colors were brought out and during the fair Pensacola business houses and the main streets were in festive attire. Pensacola will decorate for the fair this year and all during the week the city will be a gorgeous mass of flying colors.

If you have young children you have perhaps noticed that disorders of the stomach are their most common ailment. To correct this you will find Chamberlain's Stomach and Liver Tablets excellent, They are easy and pleasant to take and mild and gentle in effect. For sale by all dealers.

COMMUNITY EXHIBITS

A Feature of the Pensacola Interstate Fair That is Growing in Popularity.

A feature of the agricultural exhibit of the Pensacola Interstate Fair peculiar to this fair is the community exhibits feature, which was originated by L. W. Hardy, now field agent for the Pensacola Commercial Association and who is employed in getting together the county exhibit for Escambia county.

This feature was inaugurated last year and was quite a revelation to even those who had exploited the advantages of farming in Escambia county and who thought they knew what could be done here. In fact, any of the community exhibits, of which there were three at last year's fair, would have done credit to any county as a county exhibit.

This year it is thought that there will be several more communities represented and that the premiums offered for the best exhibits of this kind will be closely contested for.

One community which had already secured sixty feet in which to display its exhibit now wants forty feet more, which shows something of the proportions of these exhibits.

Always an "If."

Life is governed by "ifs" at every stage.

Unpardonable Fault.

A man should pardon everybody's fault rather than his own.—Cato.

A LOG ON THE TRACK

of the rast express means serious trouble head if not removed, so does loss of appetite It means lack of vitality, loss of strength and nerve weakness. If appetite fails take Electric Bitters quickly to overcome the cause by toning up the stomach and curing the indigestion. M. Hesseheimer, Lincoln, Neb. had been sick over three years, but six bottles of Electric Bitters put him right again. They have helped thousands They give pure blood, strong nerves, good digestion. Only 50c at S E McGeachy.

Indigestion

causes heartburn, sour stomach, nervousness, nausea, impure blood, and more trouble than many different kinds of diseases. The food you eat ferments in your stomach, and the poisons it forms are absorbed into your whole system, causing many distressing symptoms. At the first sign of indigestion, try

E62

Thedford's Black-Draught

the old, reliable, vegetable liver powder, to quickly cleanse your system from these undesirable poisons.

Mrs. Riley Laramore, of Goodwater, Mo., says: "I suffered for years from dyspepsia and heartburn. Thedford's Black-Draught, in small doses, cured my heartburn in a few days, and now I can eat without distress." Try it.

Insist on Thedford's

INDIVIDUAL EXHIBITS

This is One of the Principal Features of the Agricultural Department of the Pensacola Fair.

Besides the county and community exhibits one of the principal features of the agricultural department of the Pensacola Interstate Fair is that of individual exhibits, there being a greater number of premiums offered in this department than in any other. This year there are about twice as many premiums offered as last, so that now there is a premium for the best specimen of almost everything that can be grown on a farm or in a garden.

Interest in this department is always keen and the result is that some of the finest specimens to be found anywhere are included in the various articles entered in this department.

The judging in all of these departments is done by expert agricultural men ,including college men and men connected with the agricultural interests of the state.

Sick headache is caused by a disordered stomach. Take Chamberlain's Tablets and correct that and the headaches will disappear. For sale by all dealers.

COUNTY EXHIBITS

Each County Anxious to Excel the Others By Its Individual Exhibit.

It is already known that there will be at least half a dozen county exhibits at the Pensacola Interstate Fair and there is every prospect that there will be more, as each of the West Florida counties seems to be eager to get a chance to prove by exhibits that it is the best agricultural county in the best agricultural section of one of the best agricultural states in the South.

Escambia county has employed a man and is paying him a steady salary to go around over the county gathering together the articles to make up the exhibit of this county and similar means are being employed in other counties which are to have exhibits here.

FORTUNES IN FACES.

There's often much truth in the saying 'her face is her fortune,' but its never said where pimples, skin eruptions, blotches or blemishes disfigure it. Impure blood is back of them, and shows the need of Dr. Kings New Life Pills. They promote health and beauty. 25c at S E McGeachy.
