Mr. and Mrs. Elwood Arrive.

Mr. and Mrs. I. L. Elwood of DeKalb, Ill., arrived here on Tuesday on Mr. Elwood's launch, Bug, which had been sent to Jacksonville to meet them.

Mr. Elwood is the multi-millionaire inventor and founder of the barbed wire industry, who has a beautiful winter home on Madison street in this city, and at the foot of the same street, in a commodious boat house, is kept the two Elwood launches, the "Doozie" and the "Bug."

Mr. Elwood came expressly for a few days fishing On Wednesday in company with Capt. H. Y. Snow, he went to Seabreeze, where he will enjoy the sea bass fishing for a couple days. They will then proceed to Cocoa, from which place they will cross the narrow strip of country to the headwaters of the St. Johns river, where they will be met by the launch Bug.

The Bug was dispatched to the Cocoa landing Wednesday morning. Mr. Elwood and his guest, Capt. Snow, will fish and hunt up the river a few days before returning to Palatka.

Mrs. Elwood remains in Palatka during her husband's fishing excursion. During their stay here Mr and Mrs. Elwood are the guests of Mr. and Mrs. S. J. Kennerly.

A Beautiful Display.

The annual fall opening of Miss Kate Lucas' millinery parlors occurred Wednesday and Thursday of the present week. During all the hours of these days the parlors, which had been beautifully and artistically decorated for the occasion, were thronged with ladies.

Miss Lucas, with her assistants, the Misses Ballard, Livingston and Rogero, acting as a reception committee, were on hand to welcome the guests and show them the beauties of the new fall and winter styles.

During the evening, with the illuminations on, the parlors appeared even more beautiful than by day.

Miss Lucas' millinery establishment is one of the commercial prides of Palatka, and there are few establishments in this country, outside the large cities, that can compare with it in completeness and variety of stock display.

Truck Farming Near Palatka.

Prof. W. S. Johnson, editor of the American Agriculturalist, has an article in a recent number of that journal which describes the methods of lettuce, celery and cucumber growing which obtain on his and other farms in the vicinity of this city.

It will be remembered that Prof. Johnson is the lessee of the Robt. James farm a little north-west of the union depot, of which G. K. Landers is the superintendent in charge.

The value of Mr. Johnson's article consists in the fact that he is an expert trucker, knows a good thing in farming when he sees it, and having possessed himself of a Palatka truck farm, is proceeding to tell the world through the medium of his widely circulated journal, what a big thing there is in store for other truckers who come to Palatka.

Why, bless you, even the Times-Union of Jacksonville, has reproduced Prof. Johnson's article. Other papers will do the same thing, and Palatka will get some good advertising "free, gratis, for nothing."

And, best of all, our trucking lands are capable of making good anything Prof. Johnson or others say in their favor.

Frank Clark Next Week.

Hon. Frank Clark, democratic candidate for congress from this, the second congressional district, has been obliged to cancel his engagement to speak in Palatka next Saturday night, owing to the pressure of his legal engagements. But—

The Hon. Frank Clark will speak here some night next week, and it behooves every democrat in the county who can possibly do so to come out and here this eloquent advocte—this matchless orator. His speech will be an oratorical, a literary, as well as a political treat.

Be sure you arrange to hear Frank Clark.

An Odd Globe.

A great globe ornamented with the map of the earth carved in stone decorates the estate of an eccentric Englishman at Swanage. It stands overlooking the sea and is visible for quite a distance. One may walk about it and study it in detail. The plain surfaces, such as the oceans, lakes and deserts, are decorated with Scriptural texts, which are supposed to apply especially to the locality they occupy.

CAUSE OF LOCKJAW.

Lockjaw, or tetanus, is caused by a bacillus or germ which exists plentifully in street dirt. It is inactive so long as exposed to the air, but when carried beneath the skin, as in the wounds caused by percussion caps or by rusty nails, and when the air is excluded the germ is roused to activity and produces the most virulent poison known. These germs may be destroyed and all danger of lockjaw avoided by applying Chamberlain's Pain Balm freely as soon as the injury is received. Pain Balm is an antiseptic and causes such injuries to heal without maturation and in one-third the time required by the usual treatment. It is for sale by Ackerman & Stewart.

GOINGS ON IN FLORIDA

Candidate Broward is talking every day with little sign of getting winded.

Ten thousand boxes of oranges and grape fruit were shipped from Lee county during the first week in October.

Five men connected with the U. S. Navy yard at Pensacola were drowned by the capsizing of a sailboat in the harbor last Saturday.

Mrs. V. H. Gwinn wife of the Superintendent of the state insane asylum at Chattahoochee, is dead. Her death occurred in Virginia.

A 40-acre farm at Hastings has just been sold to E. E Durkee of Saratoga, N. Y., for $5,000 Mr. Durkee will, like all his neighbors in that prosperous place, raise potatoes.

John Price, present sheriff of Duval county, and who, defeated for renomination in the May primary, had decided to run as an independent candidate, has changed his mind and will not run.

W. K. Haile has been elected King of the Carnival at Jacksonville by a large majority. The carnival will commence on Monday the 24 inst. and continue until the 29th, the following Saturday.

Sheriff Perry of St. Augustine has made application to the governor of Alabama for the $500 reward for capturing the murderer and safe-blower, Frank Duncan. And as Perry alone made the arrest he ought to have the money.

A disastrous fire at Chaires station on Saturday burned 50 bales of cotton, J. H. Patterson's cotton gin and grist mill, the railroad section house, and Geo. W. Patterson's stables. It was the biggest fire in history of place and the loss is heavy.

The one great frolic of the year to all Floridians will be the great Jacksonville carnival which will be on from Oct. 24 to 29 inclusive. Every one in the state should go. The railroads will sell round trip tickets for the week at one fare plus 25 cents.

Garrett V. Chamberlin a popular young deputy sheriff of Alachua county was assassinated by an unknown negro while driving with his wife last Friday near his home at Tacoma. He was buried at Micanopy on Saturday. A few days before a strange negro was shooting on Mr. Chamberlin's property and was ordered off. The negro was insolent and threatened with an oath to get even. That is the only clue to the assassin.

The state democratic executive committee has issued a 3,000 word statement defending its action in placing Jemmit Wolfe on the democratic state ticket as an independent candidate for Superintendent of Public Instruction. The committee has certified Wolfe nomination to the secretary of state and that official has ordered his name printed as a regular nominee on the ticket. Democrats will now proceed to rebuke independentism by voting for Holloway, the regular party nominee, or not at all.

J. G. North, teacher of the public school at Hastings, has been fined $10 and costs, amounting to $25 in all for whipping a pupil, Gus Stevens by name, until there was black and blue marks on his back. The teacher offered no testimony beyond his own statement in rebuttal of the evidence given by the boy and his family. If the teacher violated any of the rules of the board, he should be dismissed, if he did not, and if he was justified in administering merited punishment to an unruly pupil he should be sustained by the board.

Prof. C H. Shriner of the Jasper normal school has missed his calling. Instead of teaching the young idea how to shoot toodles he should be writing poetry and sich like things. He is a very bird as a warbler. Listen to his latest, composed to be sung on the occasion of candidate Broward's recent visit to Jasper. Lack of space forbids us giving more than the first verse and the chorus. To some, who have no appreciation of poetical genius, one verse will be enough. Here it is:

'Twas in Cuba, far over the wave,
Where brave men dared the tyrant defy,
Asking aid from the land of the free,
Found a freeman who dared to reply.
Chorus—
Then hurrah, boys, hurrah!
For Three Friends as she skims o'er the wave,
Bearing tidings of joy—
Aiding Cubans their country to save.

A. C. L. Excursion to Carnival.

To the great Carnival at Jacksonville, Fla. Oct. 24-29, inclusive, the Atlantic Coast Line will sell round trip tickets at one first class fare plus 25 cents; tickets to be sold October 24-28th inclusive and for trains arriving Jacksonville before noon October 29th. The carnival this year will be given on a grander scale than ever. Principal features will be the grand floral parade and coronation of the King and Queen of the Carnival on October 24th. Military parade and exhibition drills by Troop H. Seventh U. S. Cavelry, the crack company of the U. S. Army, band concerts, Chariot Races and ariel acrobatic performances twice daily in the Stadium The "PIKE" will contain a gorgeous array of attractions which have been selected with great care and rank among the best that ever came into the south. Don't miss this opportunity to visit the metropolis of the state and see the great show. Ticket Agents Atlantic Coast Line can tell you about it."

Georgia State Fair.

Dont forget the great Georgia State Fair to be held at Macon, Ga. October 19-29, 1904. Atlantic Coast Line offers low excursion rates. One fare plus 25 cents plus 50 cents admission for the round trip. Half rates for children over five and under 12 years of age. Rate of one cent per mile distance traveled will apply on military and brass bands, 20 or more in uniform. No pains have been spared in making this one of the greatest State Fairs ever given by the State of Georgia. Tickets will be sold October 17-27th inclusive good to return to and including November 1st. 1904
