Methodists Buy Parsonage.

The congregation of the St. James Methodist Episcopal church South has purchased the fine two-story residence now in course of construction on Lemon street by F. J. Cunningham, of D. J. Coughlin.

Mr. Coughlin, being a bachelor, had no immediate need of the house, and as the Methodist people were in the market for a home for their pastor, and this new house suited them, the trade was made. The price paid for the house and grounds was $1,250.00.

Contractor Cunningham has put a double force of men at work on the house and expects to have it completed and ready for occupancy by March 1st.

For Lame Back

An aching back is instantly relieved by an application of Sloan's Liniment.

This liniment takes the place of massage and is better than sticky plasters. It penetrates—without rubbing—through the skin and muscular tissue right to the bone, quickens the blood, relieves congestion, and gives permanent as well as temporary relief.

Here's the Proof.

Mr. James C. Lee, 2 108 Rt. St., S.E. Washington, D.C., writes: "Thirty years ago I fell from a scaffold and seriously injured my back. I suffered terribly at times. from the small of my back all around my waistband was just as if I had been bound with a rope. I used every plaster I could get with no relief. Sloan's Liniment took the pain right out, and I can now do as much labor work as any man in the shop, thanks to

Sloan's Liniment

Mr. J. P. Evans, of Ft. Ann, Ga., says: "After being afflicted for three years with rheumatism, I used Sloan's Liniment, and was cured quick and well, and am glad to say I haven't been troubled with rheumatism since. My leg was badly swollen from my hip to my knee. One-half a bottle took the pain and swelling out."

Sloan's Liniment has no equal as a remedy for Rheumatism, Neuralgia or any pain or stiffness in the muscles or joints.

Prices, 25c., 50c. and $1.00

Good Man Leaves County.

J. M. Kelly the well-known turpentine operator at Hollister, and one of the most popular of the younger business men of the county, has made arrangements to leave the county and go to Valdosta, Ga., where he expects to engage extensively in the manufacture of cigars.

Mr. Kelly has sold most of his property in the Hollister section, where for a number of years he was engaged extensively in naval stores operations, and with his family expected to leave for Georgia this week. His friends in all parts of the county will wish him success in his new field and venture.

The Valdosta Times of recent date refers to Mr. Kelly's purchase of business interests and expected coming to that city as follows:

"Mr. Syrel Sellers last Saturday sold an interest in his cigar factory to Mr. J. M. Kelly, who has been residing near Palatka for some time, but who will remove to this city and become actively interested in the cigar business. Mr. Sellers has done remarkably well with his enterprise and he is now a good many thousand behind on orders. It is said that he has turned out the best cigars for the money that is sold in this section of the state, the result being that he is not having any trouble in getting orders.

"He and Mr. Kelly expect to largely increase the capacity of their factory and we predict that in less than a year's time it will have one of the largest concerns in the city."

Basket Ball To-Night.

BRIDGE TOLLS ESTABLISHED

For the New St. Johns River Bridge at Palatka.

One of the most important transactions of the board of county commissioners at its meeting yesterday was the adoption of a schedule of tolls for the new county bridge spanning the St. Johns river at Palatka, and which will be opened to traffic on the 22d inst.

The action will come as a surprise to a great many people in all parts of the county.

The Palatka News has not looked up the law, but it was under the impression that the county commissioners did not have the power to establish a system of tolls over a county bridge without authorization by a special act of the legislature. One or two lawyers who were seen stated that they had not looked into the matter carefully and preferred not to hazard an opinion off-hand.

The following are the toll rates agreed upon:

One pedestrian or bicycle, 5c.

Twelve commutation tickets, 25c; 50 commutation tickets, $1.00; 100 commutation tickets, $1.75.

Horse and rider, 3 tickets; 1 horse, wagon and driver, 4 tickets; 2 horses, wagon and driver, 6 tickets; each additional horse, 2 tickets; each additional person, 1 ticket; automobile and driver, 5 tickets; each additional person, 1 ticket. Merchants using the bridge to deliver merchandise will be issued coupon books of 150 coupons for $6.00; 300 coupons, $10.00; 600 coupons, $15.00. Fishing on the bridge, 1 toll. Annual automobile tickets, $10.00, with driver free; annual for liverymen and doctors, with one driver, $20.00. Work oxen, same as horses. Stock, cattle, 1 to 5 head, one fare each; six or more head, one-half fare each.

By the toll system those who use the bridge will pay the expense of keeping it in condition, and the rate of toll of those who use it much will be but nominal.

The Baptist Revival.

Evangelistic services begun in the First Baptist church last Sunday morning, conducted by Rev. R. D. Garland, of Richmond, Va., have been going on throughout the week with increased interest. Bible readings are given every day from three to four o'clock p. m. and regular preaching services, beginning at 7:30 p. m. Mr. Garland is a plain, practical preacher, and presents christianity from a business man's standpoint. The promoters of these revival meetings feel that so far they have not received the support and co-operation from the christian people in general that they feel they have the right to expect. And in addition to this, an unusual number of outside attractions going on in the city this week has detracted a great deal from the interest in the meetings. But notwithstanding all these drawbacks those who have attended express themselves as being highly pleased with the services. And we believe that such preaching as we are now having in the First Baptist church will tell mightily on the spiritual interests of our city.

Among the ministers attending the meeting this week are Dr. A. G. Wardlaw, pastor of the Presbyterian church, this city; Rev. W. A. Clonts, of Jacksonville; Rev. J. T. Edmondson, pastor, Temple Baptist church, Atlanta; and Rev. J. E. Black, of Edgar.

The meetings will continue through the coming week.—Com.

New Goods Being Unpacked.

Miss Kate L. Lucas has returned from a two weeks purchasing trip to New York and following close upon her return come the goods. For the next week the clerks in this store will have all they can do unpacking.

During her absence Miss Lucas engaged the services of Miss Lillian Gholdson, who is expected to arrive in Palatka next week and assume her place as head trimmer. Miss Gholdson is an artistic milliner and Miss Lucas feels sure she will please her most exacting customers.

Easter comes early this year, hence the necessity for early preparation for the event.

Fire Destroys Ball Park Fence.

Fire which gave every evidence of having been of incendiary origin got into the high board fence which surrounds the grounds of the Palatka base ball park last Tuesday afternoon and before it could be put out had practically destroyed the fence.

Benj. I. Gay, Chief Varnes and Policeman Livingston were on hand to fight the flames and with a stream of water from one hose were enabled to prevent the spread to the grand stand and to eventually subdue the flames.

The Lyman Twins.

One of the largest and most pleasing musical comedy attractions of the season will be seen at the Howell theatre Saturday, February 19th, when the famous comedians, the Lyman Twin Brothers, appear with their excellent company in the season's big success, "The Prize Winners." This wonderful twin-star comedy contains an abundance of big features, pleasing novelties, charming specialties, with a dainty chorus of pretty girls, funny comedians, and a beautiful display of electrical effects never before seen with this class of attraction. This new success was written expressly for these young stars, like all others in which they have appeared with wonderful success, but from the way "The Prize Winners" is meeting with approval from both press and public, they have outdone all previous attempts in this production, carrying a large company and all necessary scenic equipment complete.

Those witnessing the performance of these clever young comedians and their remarkable company will be given a treat seldom given the theatre-going public.

Will Be a Candidate.

W. C. Alvers has made his announcement as a candidate for county commissioner from district No. 1, to succeed himself. His district is composed of all the precincts in the county on the Fruitland peninsula. Mr. Alvers was elected to the board two years ago and is now serving his first term. He is a man who wants to know the whys and wherefores of all matters that come before the board, and because of some kicking he has done he has earned the soubriquet of the "old mule," a name that he seems to glory in. Mr. Alvers has lived on the peninsula many years and is well known to all the people. He has given close attention to the affairs of the county since his induction into office and is regarded as a faithful and intelligent official.

Card of Thanks.

The committee in charge wish to thank most cordially all those who took part in or in any way assisted in the production of "Alice in Wonderland," especially Mr. Howell and the Athletic association for the free use of the Howell theatre and Armory for rehearsals and Mr. Leroy Brown, the accompanist.

THE GREATEST CARE

In handling will often time not prevent accidents. In the Repairing of anything the repaired part should not be the weak spot ever after.

Of Guns, Rifles Etc., this is most particularly true. Generally a "mended" gun is not worth as much as before. We do not "mend" anything. We replace the broken parts by new ones. No matter how small the closest attention is given by us to every job.
