It would be a good plan to place the names and numbers of streets at every street corner, and also number the business houses and residences. If streets and numbers would appear in the business advertisements of the home papers it would lend a metropolitan air which would create a good impression among outside parties. There is more in this than you would at first imagine,

Thousands Sent Into Exile

Every year a large number of poor sufferers whose lungs are sore and racked with coughs are urged to go to another clime. But this is costly and not always sure. Don't leave home when Dr. King's New Discovery for Consumption will cure you at home. It's the most infallible medicine for Coughs, Colds, and all Throat and Lung diseases on earth. The first dose brings relief. Astounding cures result from persistent use. Trial bottle free at J. M. Jones' all druggist.

Tetley's Teas.

In buying Tetley's Teas always notice bottom line of package, as there are three kinds: Mixed, Oolong, Indian and Ceylon, and three qualities of each kind. Notice directions on side of package, for brewing. Put up in air tight lead packets to retain flavor and strength, one pound, half pound and quarter pound packets. Tetley's teas are blended and packed in London, England, are absolutely pure and full weight. We recommend this tea to our trade, we carry all grades in stock.
