LIVE STATE NEWS

Things That Are Happening In Florida as Told by Our Exchanges.

Notwithstanding the result of the recent cow election in Bartow, the city council at its last meeting passed an ordinnace prohibiting cattle from running at large in the territory bounded easterly by the railroad track, southerly by Pearl street, on the west by railroad track and on the north by the boulevard. This ordinance is to take effect thirty days from its passage and receiving the signature of the mayor.

H. A. Verrier, of Indiana, has just made a proposition to the town council of Ft. Myers for a right of way through that town for a car and interurban railway system. It is proposed to build the line commencing at or near the Gulf of Mexico, in the vicinity of Punta Rassa, and then along the Caloosahatchee river to Ft. Thompson, passing through Ft. Myers. Mr. Verrier states that he is anxious to begin work this fall and have the line completed within a period of two years.

After three years of freedom, living in Jacksonville most of the time, Eugene Winningham was arrested on August 9, as a deserter from the United States army. The young man had just finished apprenticeship as a blacksmith.

Adam Jemison, a veteran colored hack driver, was found dead in his hack in the St. Augustine transfer stables, caused from heart failure.

Spectacle peddlers have found a paradise in Santa Rosa county and as a result many people are made almost blind. If you value your eyesight, cut out the peddler business.—Santa Rosa Star.

C. W. Taylor and Mr. Guyton, of Galveston, Texas, were in Miami the latter part of last week contracting for the lease of some land between Eighteenth street and the river, to the rear of the Hufstetler boat works, where they will erect two tanks each containing a capacity of 250,000 gallons each which will be used for crude oil for fuel purposes.—Miami Metropolis.

J. S. Carr, one of the biggest cattle men in this section of the state, is in the city today attending to the transfer of about $5,000 worth of cattle to Messrs. Jesse Bumby of this section and Joe Ward of the Boggy Creek region. This is said to be one of the best bunches of cattle sold in this region for a long time, the fat cattle being in exceptionally fine condition, while the feeders are all looking well. The cattle industry has grown to be a big thing in Florida, and where it was thought almost impossible to raise beef cattle only a few years ago, vast herds are to be found, all in splendid condition.—Orlando reporter-Star.

The following news paragraph in The Key West Citizen tells of a most remarkable case of restoration of hearing: "Phil Pritchard, who has been very deaf for the past three years, is the happiest man in Key West. While working in the printing office of T. T. Thomas, he suddenly heard the press of the Citizen running and he stated that it was the prettiest music he ever heard. His deafness was caused by being hit behind the ear in a boxing bout with Ed Wagner.

A gentleman recently went from Wauchula to Sanford to look at land. He found they were asking $225 an acre for land four and a half miles from the railroad. Ridiculous! Maybe so, but it will not be many years before it will be impossible to buy good fertile land in Florida for that price. If land in the north that will not average producing more than $25 per acre is worth $200 per acre, what would be a fair price for an acre of Florida land that will produce from $100 to $1,000 per acre per annum?—Wauchula Advocate.

Capt. Harley Cawthon and his squad of sharpshooters from Company "K" returned Friday night from St. Augustine bringing with them the magnificent Taliaferro trophy, splendid silver cup given each year for the best rifle team from both regiments of state troops, and each member wearing the bronze medal of the winning team and attesting to an individual score of at least sixty. In addition to piloting his team to victory in the big contest Capt. Cawthon wears also the marksman medal for the highest score at the 600-yard range, 46 out of a possible 50, and not only won this year but made the highest score ever made on that range at 600 yard line.—DeFuniak Breeze.

Tom Baker started an alligator farm out at Winnemissett, but sells the saurians out as fast as he captures them. Parties had to have what he had on hand and now he has men out capturing a sufficient number on hand all the time.—DeLand Record.

Pensacola contemplates spending $10,000 in advertising her advantages and resources. A like amount was spent for the same purpose by Tampa last year and good results were obtained.

Representatives of several large cigar factories of Tampa, whose employees are now on a strike, are enroute to different parts of the state to secure temporary locations for their factories during the progress of the strike, or until conditions are more settled in Tampa.

Key West, Aug. 10.—Driven from his ship by the attacks of mosquito hordes at a lumber camp in the Everglades Saturday, Capt. Graham Lower, of the schooner Emerald, made a forty-six hour journey to this port without food or water and eighteen hours were spent in desperately clinging to the bottom of a little "dinkey," in which the eventful trip was made. The "dinkey" was overturned by a sudden squall and on several occasions Capt. Lower was hurled from the vessel by the waves. He managed to reach shallow water, however, righted the little vessel and completed the sixty mile trip early today. An expedition will be sent after the crew of the vessel, six negroes, who refused to leave when the mosquitoes drove the captain away.

A Tallahassee special says: Albert W. Gilchrist, governor of Florida, has probably taken a deeper interest in educational matters affecting the state than any of his predecessors. In this respect the governor has announced the appointment of a committee composed of the foremost educators of the state to revise and codify the school laws of Florida. This step is far reaching in its significance, and it is expected that the result of the committee's labors will be of inestimable benefit to the cause of education.

Palatka, Aug. 12—Unless there is some interference by the governor, and the chances are there will not be, as he has already turned down a petition for commutation of death sentence to life imprisonment, Lawrence Dargan, a negro, will expiate his crime on the gallows in the Putnam county jail yard next Friday between the hours of 11 and 12 a.m. Dragan was convicted at the spring term of the circuit court of one of the most atrocious murders ever committed in this county the latter part of last year. He waylaid his wife, who was riding along the road with some other negroes, pulled her out of the wagon, clubbed her to death and cut her throat with a butcher's knife after she was dead.

Pounding on the rocks and fast filling with water, the Spanish tramp steamer Valmesada, which foundered Friday near Fowey Rocks light, Key West, will be a total loss according to reports brought here by the revenue cutter Forward which returned today from the scene of the wreck.

The worst wind, rain, hail and thunder storm in years struck Perry this (Thursday) afternoon at one o'clock, and it is feared that great damage has been done to crops throughout the county, to say nothing of the large quantity of timber that must have been blown down. In Perry fences were blown down, limbs torn from trees and the streets flooded with water. The roof was blown completely off Turner's dry goods store and partially off Mickleson's and Caswell's and their loss from damaged goods will probably be considerable.

The Florida manager for the Sprague Mercantile Co. has gone to Chicago to organize a company with a capital stock of some $500,000 to operate a chain of cold storage plants in this state. The idea of this company will be to make the meat attain the quality of Western products and bring equally as good prices.

As a change from tarpon fishing it is said shark shooting from the ocean piers is the latest diversion of the angling sportsmen at Daytona. When a big fellow is hooked, and this is quite often when bass fishing from the pier, he is given a dose of lead and gives no more trouble, and no sympathy is wasted on him, for many a poor fisherman has had a splendid 30-pounder nipped off the line or bitten in two by these voracious wretches just before it could be hauled out of the water.

It is noticeable that many fine oak trees at various points traversed by the electric light wires are showing unmistakable signs of loss of vitality and most of the affected ones will eventually die. Such has been the experience of many northern towns fifteen or twenty years after they had installed electric lighting systems, and we are no exception to the rule.—Ex.

On complaint of J. H. Pratt, master of the sponge schooner Panormites of Tarpon Springs, who charged his crew with mutiny, Deputy Collector of Customs J. S. Walker, has arrested and bonded for appearance before United States Commissioner H. L. Crane the eight men in question. They will have a hearing in the next few days. It appears from the allegations of the master of the vessel that the men did mutiny, attack and confine him on board the vessel in question. Masters of sponge schooners are frequently engaged by the crew, all of whom sail on shares, and it is nothing new for his authority to be questioned. They engage the master, however, to comply with the law, but as his authority is supported by this same law, it is but natural that he will look to it when his crew go away, as is alleged the crew in this instance did.

Staging a Trial.

"Now, your conduct during the trial may have considerable effect on the jury."

"Ah, quite so!" responded the ultra swell defendant. "And should I appear interested or just mildly bored?"—Kansas City Journal.

Life on Panama Canal

has had one frightful drawback—malaria trouble—that has brought suffering and death to thousands. The germs cause chills, fever and ague, biliousness, jaundice, lassitude, weakness and general debility. But Electric Bitters never fail to destroy them and cure malaria troubles. "Three bottles completely cured me of a very severe attack of malaria," writes Wm. A. Fretwell, of Lucama, N. C., "and I've had good health ever since." Cure Stomach, Liver and Kidney Troubles, and prevent Typhoid. 50c. Guaranteed by all druggists.

A Change at Least.

A change of tenors had been made in the church choir. Eight-year-old Jessie, returning from the morning service, was anxious to tell the news.

"Oh, mother," she exclaimed, "we have a new terror in the choir!"—Woman's Home Companion.

Application for Tax Deed.

Notice is hereby given that M. C. Hull, purchaser of Tax Certificate No. 124, dated the 1st day of June, A. D. 1908, has filed said certificate in my office, and has made application for tax deed to issue in accordance with law. Said certificate embraces the following described property situated in Bradford county, Florida, to-wit:

One acre in sw cor of nw¼ of sw¼ of sec 34 tp 6 s, range 22 e.

The said land being assessed at the date of the issuance of such certificate in the name of Unknown. Unless said certificate shall be redeemed according to law, tax deed will issue thereon on the

5TH DAY OF SEPTEMBER, A. D. 1910.

Witness my official signature and seal this the 29th day of July, A. D. 1910.

(SEAL) W. T. WEEKS,
Clk Cit Ct, Bradford Co., Fla.
By W. E. WAINRIGHT, D. C.

Notice of Tax Equalization.

Notice is hereby given that the Board of Aldermen and the Tax Assessor of the Town of Starke, Florida, will be in session at the city hall on Monday, September 5, at 7:30 o'clock p. m., and continue from day to day, for the purpose of hearing complaints and receiving testimony as to the value of any property, real and personal, as fixed by the Tax Assessor of said town, and for perfecting, revising and equalizing the assessment of said Town of Starke for the year 1910, as required by law.

E. S. MATTHEWS,
Chairman Board of Aldermen.

Attest:
C. A. FUTCH, Clerk.

HEAVEN ON EARTH.

For my part, I do not think we have any right whatever to think of a heaven for others, much less of a heaven for ourselves in the world to come, until we are wholly determined to make this world a heaven for our fellow men and are hoping, believing, loving and working for that and for its realization not in a thousand years or a million years, but in a nearer and a nearer future.—Stopford A. Brooke.

Ancient Britons' Sweet Tooth.

Mention of the German custom of eating a compote of wild strawberries with roast pork reminds us that our ancestors in England had a decidedly sweeter tooth than we have. In Tudor times it was the general practice to pour honey over the meat, and, indeed, honey or sugar was used in so many dishes (to say nothing of being mingled with the wine) that it is on record that the teeth of most people were black in consequence. Most of our ancestors' dishes would be too rich for us today, for surely even the most accomplished diner out would shrink from oysters stewed in wine, pigeons stuffed with gooseberries, grapes boiled in butter and mutton stuffed with oysters.—London Chronicle.

The Hookah In India.

The hookah is smoked as a refreshment and sign of fellowship by the natives of India and not merely as a luxury. When a group of natives are seated together and, as is the custom, the hookah is passed around to each in turn, it is considered very bad manners for any one to decline to have a few puffs. If the hookah is thus refused in a friend's house or while one is the guest of another it is regarded as an insult. If for any reason a native is put out of caste the fact is strictly marked by his former caste fellow's refusal to smoke with him, and any one who eats, drinks or smokes with an outcast is himself outcasted.—

Method In His Tipping.

Bank Director—I am surprised, sir, to learn that you drop into our bank every day and whisper tips to our cashier. Don't you know the information must be a great temptation to him to use the bank funds to speculate with?

Wealthy Broker—Yes.

"And yet you are a heavy stockholder in our bank."

"Just so."

"Then, in the name of common sense, what's your motive?"

"Well, the fact is, I don't know whether your cashier is honest or not, but if he isn't honest and if he does use the bank funds to speculate with I want him to keep on the right side of the market. See?"—New York

If you sit in a draft when you are heated and get a stiff neck or lame back, you will be looking for something that will ease the pain. Fix your mind on BALLARD'S SNOW LINIMENT and don't be talked out of it because it is the best pain-relieving liniment you can get anywhere. Price 25c, 50c and $1.00 per bottle. Sold by Mitchell's Drug Store, Starke, Fla.

Stale Candy.

Stale candy can generally be worked over by reboiling. In the case of acid candies, such as lemon drops, the candy is boiled, the acid is withdrawn by the use of lime or chalk, and the sirup may then be used in the manufacture of that or any other species of candy.

When you yawn a good deal in the daytime, feel dull, achey, and want to stretch frequently, it is an unmistakable symptom of malaria, and unless you do something at once you are booked for a spell of chills. HERBINE is a chill medicine that will prevent or cure the disease. It drives out the impurities on which the malarial germ thrives, and strengthens the liver, and cleanses the bowels. Price 50c. Sold by Mitchell's Drug Store, Starke, Fla.

Brilliant Idea.

Fire Brigade Chief (to member arriving late)—What do you mean by turning up when the fire is finished?

Member—I live three miles away from here, sir.

Chief—Well, you'd better move and live nearer here.—Bon Vivant.

The Best Hour of Life

is when you do some great deed or discover some wonderful fact. This hour came to J. R. Pitt, of Rocky Mount, N. C., when he was suffering intensely, as he says, "from the worst cold I ever had, I then proved to my great satisfaction what a wonderful Cold and Cough cure Dr. King's New Discovery is. For, after taking one bottle, I was entirely cured. You can't say anything too good of a medicine like that." It's the surest and best remedy for diseased lungs, Hemorrhages, LaGrippe, Asthma, Hay Fever—any Throat or Lung Trouble. 50c, $1.00. Trial bottle free. Guaranteed by all druggists.

The Color of Air.

Pure air is blue in tint because, according to Newton, the molecules of the air have the thickness necessary to reflect blue rays. When the atmosphere is blended with perceptible vapors the diffused light is mixed with a large proportion of white.

When the digestion is all right, the action of the bowels regular, there is a natural craving and relish for food. When this is lacking you may know that you need a dose of Chamberlain's Stomach and Liver Tablets. They strengthen the digestive organs, improve the appetite and regulate the bowels. Sold by all dealers.

A Decorative Miss.

"They do not seem to have got any further with these decorations than suspending a few lights from the ceiling."

"Yes; it struck me, too, that it was a case of hanging fire."—Baltimore American.

If you feel "blue," "no account," lazy, you need a good cleaning out. HERBINE is the right thing for that purpose. It stimulates the liver, tones up the stomach and purifies the bowels. Price 50c. Sold by Mitchell's Drug Store, Starke, Fla.

Mustard Seed.

All mustard seeds contain a ferment, myrosine, and a glucoside called sinalbine. This ferment acts upon the sinalbine in the presence of water, producing the essence of mustard in which is found the characteristic excitant.

Be sure and take a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy with you when starting on your trip this summer. It cannot be obtained on board the trains or steamers. Changes of water and climate often cause sudden attacks of diarrhoea, and it is best to be prepared. Sold by all dealers.

Mexican Houses.

The main walls of many houses in Mexico are from three to six feet thick to withstand earthquake shocks.

Staggers Skeptics.

That a clean, nice, fragrant compound like Bucklen's Arnica Salve will instantly relieve a bad burn, cut, scald, wound or piles, staggers skeptics. But great cures prove it's a wonderful healer of the worst sores, ulcers, boils, felons, eczema, skin eruptions, as also chapped hands, sprains and corns. Try it. 25c, at all druggists.

Matched.

"I married my first husband for money and my second for love."

"Then you are very happy now, I suppose."

"Alas, no! You see, my first husband married me for love and my second for money."—Fliegende Blatter.

In buying a cough medicine, don't be afraid to get Chamberlain's Cough Remedy. There is no danger from it, and relief is sure to follow. Especially recommended for coughs, colds and whooping cough. Sold by all dealers.

West Point Graduates.

It will doubtless surprise most Americans to learn that out of the small total of 4,121 graduates during the first century of the existence of the Military academy, from 1802 to 1902, 2,731 entered civil life at some period of their career.—National Magazine.

One Way of Telling.

Curley—You see that fellow loafing over there? He used to go to the same college that I did. I wonder if he remembers me. Burleigh—Ask him for the loan of $5. Curley—What for? Burleigh—If he remembers you, you won't get it.—Judge.

For the stomach and bowel disorders of babies McGEE'S BABY ELIXIR is a remedy of genuine merit. It acts quickly, is pure, wholesome and pleasant to take. Price 25c and 50c per bottle. Sold by Mitchell's Drug Store, Starke, Fla.

Microbes.

Two thousand million microbes are sometimes injected into a person's blood to cure disease.

Dysentery is a dangerous disease, but can be cured. Chamberlain's Colic, Cholera and Diarrhoea Remedy has been successfully used in nine epidemics of dysentery. It has never been known to fail. It is equally valuable for children and adults, and when reduced with water and sweetened it is pleasant to take. Sold by all dealers.

Baby Army Officers.

It used to be the custom in England to buy commissions in the army for infants, and then they would be promoted as vacancies occurred. In this way a boy would have high rank when he was old enough to become a real soldier.

If your child is pale and sickly, picks at the nose, starts in the sleep and grinds the teeth while sleeping, it is a sure sign of worms. A remedy for these parasites will be found in WHITE'S CREAM VERMIFUGE. It not only clears out the worms, but it restores health and cheerfulness. Price 25c per bottle. Sold by Mitchell's Drug Store, Starke, Fla.

A Foolish Weakness.

One of the most foolish weaknesses to which men become addicted is stubbornness.—Chicago Record-Herald.

Struck a Rich Mine.

S. W. Bends, of Coal City, Ala., says he struck a perfect mine of health in Dr. King's New Life Pills, for they cured him of Liver and Kidney Trouble after 12 years of suffering. They are the best pills on earth for Constipation, Malaria, Headache, Dyspepsia, Debility. 25c, at all druggists.

An Incorrigible.

"If there ever was a terrible child in this world," remarked the worried mother, "he's one."

"What's his particular fault?"

"Do what I will, I can't break him of the habit of telling the truth right out when we have company."

If your liver is sluggish and out of tone, and you feel dull, bilious, constipated, take a dose of Chamberlain's Stomach and Liver Tablets tonight before retiring and you will feel all right in the morning. Sold by all dealers.

The Gazette Van Gent.

The oldest newspaper in Belgium is the Gazette Van Gent, which received the privilege of printing the Gendtsche Post-Tydinghen on Nov. 17, 1666, and which has existed almost continuously since the first number was printed on Jan. 1, 1667.

Notice of Final Discharge.

Notice is hereby given to all concerned that six months after date hereof I will present my final returns as Executor of the estate of William Underhill, late of Bradford county, Florida, deceased, and apply to the County Judge of Bradford county, Florida, for my final discharge.

W. H. UNDERHILL,
Executor of the Estate of William Underhill, deceased.

June 17, 1910.—6m

Mixed.

Ella—There are nearly fifty distinct diseases of the eye. Stella—The idea! Ella—Yes, the eye, dear.—Exchange.

Sheriff's Sale.

NOTICE is hereby given that I, J. N. Langford, Sheriff of Bradford county, Florida, under and by virtue of a certain writ of execution issued out of and under the seal of the Circuit Court of Bradford county, Florida, against A. B. Shaw and in favor of The Seward Trunk and Bag Co., a corporation, dated the 1st day of June, 1910, will offer for sale and sell to the highest and best bidder therefor for cash, at the court house door in the town of Starke, on Monday, the

5TH DAY OF SEPTEMBER, 1910,

the same being a legal sales day of said court, within the legal hours of sale, the following described real estate and all the right, title and interest of the said A. B. Shaw therein, situated in Bradford county, Florida, to-wit: S½ of ne¼ and se¼ of nw¼, and e½ of sw¼ and sw¼ of se¼ of section 4, township 7 south, range 20 east, 240 acres; or so much thereof as will be necessary to fully satisfy said execution and costs.

J. N. LANGFORD,
Sheriff Bradford Co., Fla.

J. R. FUTCH,
Plaintiffs' Attorney.

Notice.

Notice is hereby given that on Thursday, the 23d day of August, A. D. 1910, the registered voters in the following proposed corporate limits shall assemble at the school house in the Town of Raiford, Florida, and say by their votes whether there shall be a Municipal Government established in the following territorial limits, to-wit:

S½ of s½ of section 7; s½ of sw¼ of section 8; w½ of section 17; all of section 18; n½ of n½ of section 19; n½ of nw½ of section 20, all in township 5 south, range 21 east.

Also to select at the same time and place a corporate name and seal for the municipality which they propose to form, also at the same time and place and in like manner to choose a Mayor, two Aldermen, a Town Clerk and a Marshal, their term of office to expire at the first general election held after said territorial limits are incorporated, or as soon thereafter as their successor is qualified and at the same time and place and in the same manner, choose three Aldermen, whose term of office shall expire at the second general election held after the said corporation is established, or as soon thereafter as their successors have qualified.

The above notice and territorial limits for the proposed Corporation being drafted by the following committee appointed for that purpose at a mass meeting held on the 12th day of July, A. D. 1910.

J. G. RITCH,
W. M. WHITTEN,
J. H. RITCH,
T. B. HANDLEY,
B. I. TAYLOR,
Committee.

A Paying Investment.

Picking to pieces a pair of corsets which she had worn for over a twelvemonth, a London woman was surprised to find 16 sovereigns, wrapped in tissue paper, neatly stitched up in them. She is said to have given twopence for the corsets at a sale.

P. P. P.

Makes Marvelous Cures in Blood Poison, Rheumatism and Scrofula.

P. P. P. purifies the blood, builds up the weak and debilitated, gives strength to weakened nerves, expels disease, giving the patient health and happiness, where sickness, gloomy feelings and lassitude first prevailed.

In blood poison, mercurial poison, malaria, dyspepsia, and in all blood and skin diseases, like blotches, pimples, old chronic ulcers, tetter, scald head, we say without fear of contradiction that P. P. P. is the best blood purifier in the world.

Ladies whose systems are poisoned and whose blood is in an impure condition due to menstrual irregularities, are peculiarly benefitted by the wonderful tonic and blood cleansing properties of P. P. P., Prickly Ash, Poke Root and Potassium.

F. V. LIPPMAN, SAVANNAH, GA.
