ENTERED AT THE POST OFFICE AS SECOND CLASS MATTER.

THE TRAIN ROBBERS.

Further Particulars Concerning Their Capture.

The Stein's Pass train robbers were brought to Tucson yesterday morning by U. S. Marshal Griffith's posse. The account of the pursuit and capture as told by one of Marshal Griffith's posse to the Star is as follows: "I was accompanied by Marshal Forsker of New Mexico, and our posse consisted of four men from New Mexico and four men from Arizona. We took the trail at Stein's Pass and followed it without a stop for about two days, and for a distance of about seventy-five miles. We found them about 8 o'clock Monday morning in a cabin on a ranch the name of the owner of which I do not remember. The cabin was way up in the mountains and in an almost inaccessible locality, and about twenty or twenty-five miles from the Mexican line. The robbers, who were taken completely by surprise, made no resistance whatever, and from all appearances they did not intend to go any further, and had been living before in the cabin where they were found. They are all cowboys and known by the authorities of this Territory, having worked in different localities. We brought them to Tucson because their arrest was made in Arizona, but they will be taken to New Mexico for trial; I don't know how soon, but within a short time. They are all grown men except one, who is about twenty-six or twenty-seven years of age. They had traveled without a stopping until they arrived at the cabin where they were captured. But one of the five is wounded, and his is but a wound in the leg, which is not at all serious. They said nothing when arrested concerning the robbery, and refused to discuss it on the way to this place, and to the best of my knowledge they have not made any statement of any kind concerning their crime since their arrest."

Workmen at the railroad yards are busily engaged repairing the car and caboose which were damaged in the collision which occurred not long ago at Wilcox. The caboose is mangled beyond recognition, and appears as if its repairing would cost more than a brand new one. All of the outside boarding must be replaced by new material, and the trucks will require considerable repairing.—Star.

Messrs. O. P. Hardy and Chas. Sanders two mining men arrived this morning to look at some promising copper claims near here. Both gentlemen are heavily interested in mining in Nevada and may become interested in this section. The gentlemen went to the mountains today to make some examinations and will return tomorrow.

R. W. Wood has sold his orchard interests in California, realizing $5000 on the deal, and proposes to establish himself in business in Los Angeles. Mr. Woods is a bachelor and his many friends in Tombstone and Arizona wish him unbounded success.

J. V. Vickers and family returned home this morning from Denver where they have spent the past several months on a visit. The many friends of the family here are glad to again welcome them back.

Lew Aubrey formerly of Tombstone has one of the largest news offices in Los Angeles. He also has a branch in San Diego and is prosperous.

R. G. Brady of Tucson has bought for May delivery 3,000 head of cattle for account of James Phillips of south Dakota.

This Is Your Opportunity.

On receipt of ten cents, coin or stamps, a generous sample will be mailed of the most popular Catarrh and Hay Fever Cure (Ely's Cream Balm) sufficient to demonstrate the great merits of the remedy.

ELY BROTHERS,
56 Warren St., New York City.

Rev. John Reid, Jr., of Great Falls, Mont., recommended Ely's Cream Balm to me. I can emphasize his statement, "It is a positive cure for catarrh if used as directed."—Rev. Francis W. Poole, Pastor Central Pres. Church, Helena, Mont.

Ely's Cream Balm is the acknowledged cure for catarrh and contains no mercury nor any injurious drug. Price, 50 cents.

HUACHUCA ITEMS.

News-Notes From Our Correspondent at the Fort

FT. HUACHUCA, Dec. 15, 1887.

James H. Rice intends to return to Bisbee in a short time. He has leased his ranch to Geo. R. McCarty.

Joe Lee, a son of V. H. Lee, met with a serious accident a few days ago by falling off a burro and breaking his arm.

On account of the late arrivals of trains at Huachuca station, a lodging house and restaurant would pay at that point.

Colin Cameron of the San Rafael Valley ranch, has leased his Cochise ranch to John A. McCarty for the coming year. We hope the lease and lessee will make a success.

Don Bliss, foreman at Elgin station, says there is a large amount of traffic over the Guaymas division at present, principally composed of Mexican oranges, and some of them bound to Canada.

Mr. Lesh, teacher of the Barbacomari school, reports the district in a prosperous condition and having a regular attendance of eighteen scholars. This speaks well for a district only formed last year.

Isaac Landers, wife and baby were visitors here during the week. He says things on the Barbacomari are prosperous. Stockmen are independent and do not care about making contracts for the spring sales for about sixty days yet.

Joseph Campbell has sold his entire herd of cattle, horses and ranch to the Hon. Colin Cameron at a goodly sum. The way things look at present the most of the small cattlemen are going to sell out, and the vast herds will be with herd of the few.

Ask your Druggist for a generous 10 CENT TRIAL SIZE.

Ely's Cream Balm

CATARRH

ELY'S CREAM BALM CATARRH COLD IN HEAD WHATEVER ELY BROS.

A NEW INDUSTRY.

Aromatic Oil From Mesquite Beans.

The problem of how to utilize the vast quantities of mesquite beans that grow on the prairies of the southwest has, it is believed, been solved. Numerous experiments at converting the bean into a marketable commodity have been made in recent years, but have been productive of no permanent results. A. J. Conley, manager of the Luling cotton oil mill, believes he has solved the problem. He had gathered a ton of mesquite beans and treated them in the same manner as cotton seed. From the ton of beans he secured 16½ gallons of clear, amber colored oil, very rich and with a very pleasant, aromatic smell. The cake is dark brown, quite oily, and is eaten greedily by stock. It is a well-known fact that stock fatten rapidly on the beans, and that the year when the crop is a heavy one is always a prosperous one for stockmen. This year the beans are very plentiful, thousands of tons of them falling from the trees and rotting. If they could be saved in the shape of oil cake, there would be almost enough to carry stock through the winter.—Texas Stockman.

Mr. Hasslinger, the new special agent of the General Land Office, may be stationed at Tucson permanently. He is an old newspaper man.

Salt Rheum

Suffered for Years With Terrible Humor on the Hands—Flesh would Crack Open—Stinging, Burning and Itching.

"I suffered for three years with salt rheum and was unsuccessfully treated by a local physician. The humor was in my hands and I was obliged to keep a covering on them most of the time, changing the covering several times a day. Nothing seemed to do me any good. The stinging, burning and itching were very severe and it seemed at times as though I should become insane. If I beat my fingers the flesh would crack open and bleed. I began taking Hood's Sarsaparilla and after I had used six bottles I was entirely cured." MRS. C. E. WOOD, DeLamar, Idaho.

Hood's Sarsaparilla Is the One True Blood Purifier. All druggists. $1; six for $5. Get Hood's.

Hood's Pills are the only pills to take with Hood's Sarsaparilla.
