THE EXCELLENCE OF SYRUP OF FIGS is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the CALIFORNIA FIG SYRUP CO. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP CO. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALIFORNIA FIG SYRUP CO. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate. In order to get its beneficial effects, please remember the name of the Company—

A marriage license was issued by Probate Judge Bradley today to Robt. Todd of Carr's canyon to wed Eliza Sampson of Bisbee.

The Grand Lodge of Masonry including the Blue Lodge, Chapter and Knights Templar will hold their annual session at Globe next week.

All persons desiring to enter the civil service examination on December 3 must file their applications in complete form before November 23.

Governor Murphy yesterday issued a proclamation calling attention to the presidential proclamation setting aside Thursday, November 24, as a day of general thanksgiving.

Capt. M. R. Moore, the new Register of the U. S. Land office, arrived yesterday in Tucson and will assume his office. Capt. Moore is from Arizona, where he has been a resident for the last four years. He was a member of the 18th legislature.

COLORADO'S STAND

Her Loyalty to Silver an Inspiration.

Upon receiving the news that Colorado had cast 60,000 majority for the free coinage of silver and gold, 16 to 1, Henry M. Teller said:

"The result is what we anticipated. We have felt confident from the very first that the friends of silver had not changed their views within the last year or within the last two years and that they would arise to the occasion and again place themselves on record as favoring bimetallism and humanity.

"The result in Colorado will be a great help to the cause of silver everywhere. It will be an inspiration to the friends of the white metal the world over and they have a right to rejoice.

"Colorado, the Queen of the West, the banner silver state of the nation, the most glorious commonwealth on earth, has not proven recreant. She has demonstrated in a most substantial manner that her people are loyal and that they are fully alive to the necessity for vigorous action."

A member of company B. of the Tucson contingent of Col. McCord's regiment, arrived at Prescott on Monday night from Lexington, Ky. He had been discharged on account of illness. He said that a very large proportion of the regiment is anxious to be mustered out.

A shortage amounting to $2,700 has been discovered in the accounts of Sheriff Mel Greenleaf of Yuma county. The deficiency is said to result from a misappropriation of money received for personal taxes. Greenleaf has filled the office of sheriff of Yuma county for several years and was known as an efficient official. Action has been taken against his bondsmen to recover the amount.

Thirty-five inmates of the insane asylum were given a chance to see the circus yesterday through the generosity of the gentlemanly agent of the show, Mr. J. W. Kelly, who furnished the tickets free. There were not thirty-five more orderly persons in the great tent than the patients, who marched two by two, manifesting the greatest interest in the menagerie and the keenest delight at the circus.—Gazette.

Copper is attracting the attention of mining investors more than any other class of mining property. There is an unusual number of inquiries for substantial copper mines, for which cash will be paid if they suit the purchasers. Arizona is just now developing some of the most promising properties in the west some of which are now producing, and are backed by large quantities of good ore of easy reduction.

Old fashions in dress may be revived, but no old fashioned medicine can replace Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by Tombstone Drug Store.

General Debility and Loss of Flesh

Scott's Emulsion has been the standard remedy for nearly a quarter of a century. Physicians readily admit that they obtain results from it that they cannot get from any other flesh-forming food.

There are many other preparations on the market that pretend to do what

SCOTT'S EMULSION

does, but they fail to perform it. The pure Norwegian Cod-liver Oil made into a delightful cream, skillfully blended with the Hypophosphites of Lime and Soda, which are such valuable tonics, makes this preparation an ideal one and checks the wasting tendency, and the patient almost immediately commences to put on flesh and gain a strength which surprises them.

Be sure you get SCOTT'S Emulsion. See that the man and fish are on the wrapper

50c. and $1.00, all druggists.

SCOTT & BOWNE, Chemists, New York.

Most fascinating invention of the age. Always ready to entertain. It requires no skill to operate it and reproduce the music of bands, orchestras, vocalists or instrumental soloists. There is nothing like it for an evening's entertainment. Unlike so called talking machines it reproduces only records of cut and dried subjects, specially prepared in a laboratory, but the Graphophone is not limited to such performances. On the Graphophone you can easily make and instantly reproduce records of the voice or any sound. Thus it constantly awakens new interest and its charm is ever fresh. The reproductions are clear and brilliant.

Graphophones are sold for $10 and up

Manufactured under the patents of Bell, Tainter, Edison and Macdonald. Our establishment is headquarters of the world for Talking Machines and Talking Machine Supplies. Write for catalogue.
