PEARCE PERSONALS

Forest Ranger Jones of the Cochise Station, was a visitor in the camp this morning on his way to the county seat where he goes on business.

Mrs D Huddy of Pearce left yesterday for Bisbee, where she will visit with her daughter, Mrs Harry Wooten, wife of the well known Bisbee plumber.

William Delbridge, the Bisbee candidate for Treasurer was a visitor here Friday and Saturday and while here met many voters and made lots of friends.

Dry farmers in the country tributary to Pearce report that the promise for the crops the present season is most satisfactory. The bean yield is expected to be unusually heavy. The beans have been growing about a month already and have done first-class. It is predicted that the growth the remainder of the season will be quite as phenomenal. Corn is also doing well. The good condition of the crops is attributed to the numerous rains, which if not so heavy, havedone the crops much good and have continued since the early part of June.

The Pearce baceball nine will go Douglas on Sunday where they will play with the ninth cavalry team The Douglas team was defeated several weeks ago by the Pearce team and the local team hope to put one over the soldiers on Sunday.

The development work now being done on Joe Bignon's group of claims, near this camp includes an incline shaft which has been put down to a depth of 350 feet, following the ore body. At the one hundred foot level a crosscut was run south a distance of 105 fee which ent inviting ground and was almost continually in ore.

Chief Accountant C Brown of Renaud's store, and family, left recently for the east on a vacation trip with relatives in the east.

Dr J Pestal and family departed last week for Chicago on a two months vacation. During the absence of Dr Pestal Mr T Lawson will care for the Doctor's practice.

Professor T H Carr, who was principal of the Pearce schools during the last term will have charge of the San Simon schools the coming season.

Charlie Renaud returned last week to his home in Pearce after spending a pleasant vacation in California.

E H Matney and son, of Pearde, were in Courtland Saturday on a business mission

John Gleeson, the mining man of Gleeson, brought a load of mining timbers last week from Courtland.

GLEESON GLEANINGS

It is rumored about town that plans are under way for another "feed" at Barney's on next Tuesday night, similar to the well-remembered one of last Saturday night. The system used in "rigging up" these popular affairs is quite clever. A meeting is first held and funds subscribed for the necessities, and Constable Gibson "takes to the woods" in search of game, and so far he has not failed, although a faint recollection still remains that on one occasion the guests innocently partook of the Tenderloins of a coyote. But to make a long story short, the game is turned over to Barney, who is "chief cook." and who prepares it in such a manner that its "originality" cannot be detected.

Watermelon peddlers are daily visitors in Gleeson and are finding a ready sale for their fruit, which cannot be surpassed in flavor.

According to several farmers who have been in Gleeson purchasing supplies, that the hay crop this year will be a dandy, and already some of the ranchers are cutting hay for the winter months.

Gleeson and vicinity received a beneficial shower today that is a message of joy to the farmers and cattcemen

C M Renaud visited here today on business with his branch store, He came over in his Studebaker.

The Tejon properties have not been working for a considerable time, and it is not expected that operations will resume for a while. Drifting has been completed.

Jack Clifford hauled a load of furniture to the county seat yesterday.

John Hass, for several months a resident of Gleeson has moved to the county seat where he will make his future home.

Dewey Campbell made a trip to the county seat today on his bicycle.

Superintendent L I Theirs went to Tombstone yesterday on a business visit, returning home in the afternoon.

William Biggs, candidate for the Democratic nomination to the office of State Senator from Cochise county passed through Gleeson enroute to Tombstone yesterday.

"Billy" Delbridge, Democratic candidate for nomination to the office of county treasurer, was in this camp for a few days electioneering.

County Recorder Owen E Murphy, candidate for re-election, C L Cummings, J Orrison and W P Thompson, were Gleeson visitors yesterday from Tombstone.

Bob Stone and wife, and son Willard. motored to the county seat today in Mr Stone's E M F. They will return home this evening.

News of the State in Condensed Form

Loses Mule

Geo. McDougal of Williams had the misfortune to lose one of his best mules, which was struck by lightning and killed at the ranch one day last week. The mule was standing about twelve feet from the house, when the lightning struck it, killing it without leaving a mark on it. Mr McDougal and family were in the house and they did not feel the shock at all. This is the second loss this season for Mr McDougal.

A Happy Ending

A happy ending to one of the prettiest romances that has touched Phoenix in many a day came Saturday, when Frank Bowman, better known as "Blind Frank," the Washington street news dealer, stepped from the Arizona Eastern train with a charming young woman hanging to his arm It was none other than Mrs Frank Bowman now, but formerly Miss Kate Burrows, of McLean, Texas, who is as blind as is Frank, himself. All alone Frank had made his way from Phoenix to McLean a short time ago, married her and brought her back to Phoenix to make his home happy.

Rather Costly Fire

Nogales, Sonora, had rather a costly fire at 3 o'clock Sunday afternoon. A new two-story building on the corner of Arizpe and Juarez streets, occupied by stores in the lower part and the upper part used as a rooming house, caught by some unknown means and destroyed all the upper portion. The American fire department hurried over the line and saved the lower portion. Great crowds gathered around the burning building and some looting was attempted, but was frustrated by the officials.

Will Observe Colombus Day

Columbus Day, October 12, will be observed with fitting ceremonies by the Tucson Knights of Columbus lodge, according to a decision reached at the meeting of the lodge held Thursday evening at the Lodge rooms in Moore hall Last year the lodge exhibited a series of motion pictures showing scenes in the life of the great discoverer, one of the exhibitions being made for school children at the Tucson Opera house. This year there will be something new and novel if the committee can find it for the children of Tucson.

Survey Irrigation Project

In spite of departmental indifference, Representative Carl Hayden believes it is possible to get through a bill calling for a survey of the proposed Colorado river Indian irrigation project. A bill already has been introduced, simultaneously in the house and senate, providing for a survey and appropriating $100,000 for it.

Governor Names Delegates

Neatly engraved certificates of appointment were filed out Saturday for Arizona's three state delegates to the National Irrigation Congress at Calgary, Canada. The delegates, who were named by Governor Hunt are: Hon. B A Fowler, twice president of the congress; John P Orme, president of the Water Users' association, and Dwight B Heard, for many years a member of the congress. The congress this year happens during the week of October 5 to 9. In addition to the three gentlemen named by the governor, the board of trade will also send some delegates.

Dog Kills Badger

A badger was killed last evening by Hi Corbett's Airdale terrier at Tucson. The dog scented the badger and struggled to get out of the machine. When he was put out he ran the badger down and made short work of him.

Found Dead In Jail

A Mexican laborer, 30 years of age, to be known until identification as John Doe, died without medical attendance on the concrete floor of the Tucson city jail some time Wednesday night. He was brought in drunk, searched, and left laying. A 4 o'clock in the morning the jailer found a stiff corpse, and a pool of blood.

Loses Three Fingers

A Mexican lad about 12 years of age whose name could not be obtained, was taken to St Mary's hospital at Tucson Friday evening about 10 o'clock with three fingers of his left hand shot off by the explosion of a 12 gauge shotgun cartridge.

Care for Babies

One of the most important features that will be carried on in connection with the Better Babies Contest at the Arizona State Fair, will be the instruction mothers will receive in regard to the feeding and care of babies and little children. The real point of the contest is to teach mothers to feed and take care of their children in a careful and scientific manner. Lectures will be given, literature distributed, and a complete equipment of everything that is necessary and needful for comfort and care, will be on exhibition.

Tourists Will Soon Return

Already the big trunk lines of the west are starting a campaign to handle the rich tourist trade that has been wont to fly to Europe at the first peep of Jack Frost. This year the thousands who have spent winters in the mild climates of the south of France and Italy, for many years, will turn to the only similar climates in the United States, southern California and Arizona.

Fined $50

After pleading guilty to the charge of employing Miguel Obregon, an alien, on the construction work of the agricultural building of the University of Arizona, Glenn O Wingett of the Wingett Construction company was fined $50 in the superior court Thursday afternoon by Judge Wm F Cooper of Tucson. Obregon recently came from Sonora and had never taken out first papers. Mr Wingett stated that he would be very careful in the future to have only workmen who could qualify under the statute.

Shoots Self In Foot

Fred Cannady 14 years old of Tucson, accidentally shot himself in the foot while camping at Ramsey's canyon. He is back in Tucson.

WEDNESDAY

Another Boost for Tombstone Climate

Superior Judge A C Lockwood returned home last evening, accompanied by his family from Los Angeles, San Diego and other coast points, where he has been for the past several weeks on an outing. The genial judge when asked today by a PROSPECTE representative relative to the climate ventured the following: "Yes sir," said His Honor, "they can say what they like about the wonderful California climate, but when it comes to a show down Tombstone has them all backed down. Why I even felt better this morning when I awoke and breathed in some of Tombstone's pure ozone." Speaking of matters generally the judge said that business people on the coast state that this year has been one of the lightest in the way of visitors from Arizona. The judge has already commenced with court work, and states that Saturday will be a big day, owing to so many matters having to come to his attention. Clerk James has had all matters that are to come to his attention, such as probate, etc., all arranged in a manner that they may have the judge's immediate attention, and was highly complimented by His Honor on his return. Both gentlemen are so busy now that politics has no place in their minds However as they have no opponents in the primaries, their nominations are assured.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F J. CHENEY & Co., Toledo, O.

We the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by his firm.

WALDING, KINNAN & MARVIN, Wholesale Druggists, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surface of the system Testimonials sent free. Price 75 cents per bottle. Sold by all druggists

MONDAY

Plenty of Reading Matter for Voters

A Phoenix dispatch says:—

The publicity pamphlets containing the measures to be submitted to the people of Arizona at the November election were received yesterday by Secretary of State Sidney P Osborn, and are being mailed today to the voters of the state The number of pamphlets printed for distribution is 70,000.

Arguments for and against the measures to be voted on are included in the new publication, which covers an all 115 closely printed pages. Nineteen measures in all are to be adopted or rejected when the proposed legislation comes up for passage on November 3.

"It looks now as though the state registration would reach 70,000," said Assistant Secretary of State McGinn yesterday. "Already the number of registrations has gone above the 55,000 mark, and there is plenty of time before the final closing of registration for at least 15,000 more.

TUESDAY

Gov. Hunt's Method of Campaigning

"Partial Record of First State Administration" is the title of a concisely prepared and neatly printed pamphlet of twelve pages that is being sent by Gov Hunt to all the voters in Arizona.

This pamphlet is the principal piece of campaign literature the Governor expects to issue. All his campaigning will be done in this fashion, as his official duties prevent him making a tour of the state.

Under different headings the pamphlet deals with the tax commission, land commission, prison, asylum for the insane, industrial school, pioneers' home, university, public schools, engineer's office and other state departments and institutions that have been criticized viciously. Facts and figures in profusion to show the utter falsity of the criticisms are given.

TUESDAY

Arizona "Drys" In Financial Straits

A Phoenix dispatch says:—

While Eugene W Chafin, prohibition candidate for senator, is nonchalantly plugging away in his own behalf, speaking here and there throughout the state, paying his bills as he goes, the headquarters of the Temperance Federation, the Rinehart organization which is in charge of the "dry" campaign is feeling keenly a financial stringency for which there appears to be no immediate relief.

Chafin thus far has ignored the pleas of the Rinehart people to "come through" so that they could continue their campaign and the enthusiasm of the most ardent "drys" seemingly does not extend to their pocketbooks. So far Rineharts cohorts have succeeded in organizing but five precincts in Phoenix. It is improbable that other needed organization work will be effected unless someone stands for a goodly "touch" or Rinehart and his co-workers agree to forego their rather generous salaries. It is doubtful if they will so agree; very doubtful.

Rinehart is also having a hard time explaning that he didn't mean what he said about his amendment being the most drastic one ever written; that he didn't mean to say that Catholics would be compelled to use grape-juice for sacramental purposes and that druggists could not bring alcohol into the state for medicinal purposes. In effect, he is now pleading that the amendment is much more elastic that he thought it was when he first drafted it. The protests of church people, noticeably the Catholics, and the druggists, it is needless to state, have had some effect on Rinehart's interpretation of his amendment, so he is mighty busy just now "taking water," a performance in he is quite proficient, probably because of long association with the water wagon.

TUESDAY

25 Men Wanted to Work On State Road

A Douglas dispatch says:—

J C Ryan, assistant state engineer, has arrived here to superintend some road work near this place. He stated that he wants about twenty-five men to go to work on the job They will be paid $3 a day. They must be citizens of the United States, as it is state work. Preference will be given to married men, who should apply at the work to J M Kimmel or John Scott.

Mr Ryan is to begin the construction of about two miles of road, connecting the state highway with G avenue, this city, at Sixteenth street. The new section of a long will obviate the necessity of crossing so many railroad tracks in passing in and out of the city, and will have other advantages over the present route.

MONDAY

And the "Stars" Failed to Shine

The Tombstone Stars met their "Waterloo" at the hands of the Regulars, and were defeated in two games yesterday afternoon. The Regulars have defeated the Stars three straight games, and if the Stars wish to retain the excellent record they have heretofore held, it would be advisable for them to make a better showing than they did yesterday. Following is the score by innings of the first game:

	1	2	3	4	5	6	7	8	9	R	H	E
Stars	0	1	0	2	1	0	0	0	0	4	7	12
Regulars	2	4	0	0	0	0	2	3	x	11	8	12

Two base hits, A Wheeler, Ciochetti and Giragi, all of Stars,

Three base hit, McPherson, of Regulars.

Struck out by McPherson 7, by Lombardi 2, by Hill 3. Bases on balls, off McPherson 2 off Hill 1. Hits off McPherson 7, off Lombardi 6 in two innings, off Hill 2 in 6 innings.

Stolen bases off Carpena 10, off Brandt 3.

The features of the game were the fielding of Williams and the excellent work of Sheriff Wheeler at shortstop, of the Regulars, and Hill's pitching for the Stars.

The second game resulted in a score of 9 to 8 in favor of the Regulars, in 11 innings.

MONDAY

Maytorena Recognized As Military Ruler

A Nogales dispatch says:—

Maytorena was recognized as supreme civil and military ruler in Sonora tonight, following an all day conference between Villa and Obregon, representatives of the warring factions in the state. Villa and Obregon will escort Maytorena to Hermosillo and install him in office.

MONDAY

Smuggled Cattle Deported to Mexico

A Phoenix dispatch says:—

Dr W F Severn, state veterinarian, returned Saturday from Miller canyon in the Huachuca mountains, where he has been giving attention to a herd of 150 head of cattle which were smuggled into the state from Mexico.

The cattle were crossed by Mexicans and sold to parties on the American side of the line, the owners failing to comply with the federal or Arizona state inspection laws.

The cattle were seized by United States customs authorities and will be returned into Mexico. Dr Severn reports that he found no infection in the herd, the cattle having originated in a clean district in Mexico, and consequently no damage has been done to the Arizona range. Strenuous efforts are being put forth to have the international line fenced its entire length, which will, in a large measure, prevent the smuggling of cattle into Arizona.

Court Cases Filed

SUPERIOR COURT

Suit No—

866. Eva Clark vs F Clark; divorce.

PROBATE PROCEEDINGS

Estate of—

M Coyne; decree settlement of account and distribution.

Ramona Sozo; order appointing appraisers.

W Breene; decree establishing notice to creditors.

Bumper Crops In Sulphur Spring Valley

(El Paso Times)

Heavy rains which continue in the Sulphur Springs valley section of Southern Arizona, insure the best crops ever known in the history of that section and the Sulphur Spring valley is becoming the home of a very considerable number of farmers. Valley ranchers are also beneficiaries of these conditions, as in addition to the fine range that affords such excellent grazing, the grass is so high that many of the ranchers are beginning to cut large quantities of native hay, which will be put away for use this winter and prove of material assistance in getting all classes of stock through the bad months.

WEDNESDAY

Commits Murder Then Shoots Self

Cold blooded murder of the most snakish kind, and a suicide immediately after the murder, yesterday evening at 9:30 o'clock cost the lives of E T Strickland and Tom Arnold, when Arnold entered a tent of the lower camp on the Tombstone road just over the divide and shot down Strickland, later shooting himself. Strickland was killed instantly. He was killed without an outcry or a chance to defend himself.

Arnold leaves a wife, two married daughters and five children who were dependant on him for a livelihood. He also has been in the district for several years and for the past year has been employed by the state as a guard at the road camp Lately he went to Bisbee, remained over his time of leave and was replaced. Since that time he has been drinking heavily. He has also in the past week made several threats to kill this or that person. He leaves a small farm half between the sites of the two road camps.
