How did you like the ride on the derailed street car this morning?

With good mineral adjacent to this place it is a pity it is not being developed.

The Center street organ wants three tickets in the field this fall. Reason: it makes a better field to sell in.

There will be a pupils' rehearsal at the conservatory of music next Friday night. Only those who take part will be admitted.

Whenever the business men of Las Vegas conclude to advertise and push the town, then it will commence to grow and boom.

Prof. Campbell, the new principal of the academy, wants to make all the improvements possible with the school. We hope he will succeed in his efforts.

It is impossible for one man to go fishing with a rod and line and catch 47 pounds of trout. A seine or dynamite must have been used for the purpose. Yet that is the amount a Mexican brought to the Springs yesterday. By and by the guests at the Montezuma will have nothing to do but ride burros or walk the piazza.

At the Catholic ladies' dime social at the K. of P. hall next Friday night, July 29, there will be for sale a fine lot of ready made articles, such as wrappers, stocking bags, clothes bags, dusting caps, children's fine white dresses and aprons, hand made lace, tidies and many beautiful and useful articles. There was a very happy gathering of young folks, members of Y. P. C. E. at Mrs. James Garrard's residence last night, in spite of the muddy roads after the rain. All kinds of amusements were indulged in; songs were sang and the evening passed away quite pleasantly. For innocent mirth and jolly good humor, a church social can not be excelled. No doubt the attendance would have been greater and the affair more of a financial success had the weather been fine.

Four years ago, when the city was being advertised extensively by a few parties, if a little encouragement had been given them, and a little assistance, there would have been a big influx in a short time. If taken hold of and properly worded now, a revival of building and selling real estate will soon take place.

The Albuquerque Democrat has a column and a half letter from H. B. Fergusson replying to Mr. Ashenfelter's articles while he had charge of the Deming Headlight. He makes it quite warm for Mr. A. and lets out some of the workings of his party that will be quite handy to use during the coming campaign.

BEATTY'S PIANOS AND ORGANS.

Hon. Daniel F. Beatty, the great Organ and Piano man of Washington, N. J., is busier than ever. In 1870 Mr. Beatty left home a penniless plow boy, and by his indomitable will he has worked his way up so as to sell so far nearly 100,000 of Beatty's Pianos and Organs since 1870. Nothing seems to dishearten him; obstacles laid in his way, that would have wrecked any ordinary man forever, he turns to an advertisement and comes out of it brighter than ever. His instruments are in use everywhere. We are informed that during the next ten years he intends to sell 200,000 more of his make; that means a business of $20,000,000 if we average them at $100 each. It is already the largest business of its kind in existence. Read his advertisement.

The world's greatest wonder is the Grand Cañon of the Colorado river, in Arizona. Yellowstone Park and Yosemite take second place; Niagara Falls is dwarfed, and the Adirondacks seem mere hills, compared with the stupendous chasms and heights of the Grand Cañon.

This hitherto inaccessible region has just been opened for tourists by stage line from Flagstaff, A. T., on the transcontinental highway of the A., T. & S. F. R. R. The round trip can be made comfortably, quickly and at reasonable expense.

Nearest agent of Santa Fe Route will quote excursion rates, on application. An illustrated pamphlet is in preparation, fully describing the many beauties and wonders of the Grand Cañon. Write to G. T. Nicholson, G. P. & T. A., A., T. & S. F. R. R., Topeka, Kas., or J. J. Byrne, Asst. Pass. Traffic Mgr., Chicago, for free copy, which will be mailed when ready for distribution
