A SWARM OF BEES.

A very extraordinary sight was witnessed yesterday afternoon when a swarm of bees was discovered on the street. Where they came from is a mystery, for there are no bees nearer than Drewsey so far as the writer knows. They came from the north and were captured in front of the Overland hotel by Bill Jones and Mr. Edwards. The bees were evidently attracted by Bill's loud talking for they swarmed down by the hotel like a cloud.

Just where they came from would be interesting, as there has been several attempts made to raise them here, but without success. Dr. Hibbard tried a few years ago and is of the opinion they can be successfully kept now since we have a larger acreage of alfalfa and more flowers.
