THE WATSON $40 SEWING MACHINE.

ABOUT the 20th day of August, 1856, I was employed by Messrs Watson, Wooster & Co., composed of Wm. C. Watson Morris Knight, and George H. Wooster, to manufacture Sewing Machines, which were known as the "Watson Ten Dollar Sewing Machine." That thereafter I received a notice from the counsel of O. B. Potter and N. Wheeler, enclosed in the annexed copy of letter, informing me that these Machines were an infringement upon Letters Patent which they own, and that suits would be instituted against me, unless I should otherwise settle with them. This notice I handed to Mr. Wooster, one of my employers.

I then made investigations to ascertain the facts, and found that said Machine, as I believed, was an infringement of said Patent, and I informed said Watson that such was my opinion.

Subsequently a suit was commenced against me by said Potter and Wheeler, and I thereupon again informed Mr. Watson, and requested him to take charge of the defence of the same, and he refused to do so, and I then told him that I would have nothing more to do with it, and I then ceased to make the Machines, and the injunction, a copy of which is hereto annexed, was issued and served upon me. JOEL CHASE.

Dated New York, February 11th, 1857.

In presence of Silas B. Adams.

I do hereby certify that the above statement, subscribed by me, is correct and true. JOEL CHASE.

UNITED STATES OF AMERICA,
CIRCUIT COURT OF THE UNITED STATES
SECOND CIRCUIT FOR THE SOUTHERN DISTRICT OF NEW YORK.

IN EQUITY.

The President of the United States of America to Joel Chase *his Attorneys, Servants, Agents, and Workmen, and each and every of them,*

GREETING:—

Whereas it hath been represented to us in our Circuit Court of the United States, for the Southern District of New York, sitting at a Court of Equity, on the part of Orlando B. Potter and Nathaniel Wheeler, complainants, that they, the said Orlando B. Potter and Nathaniel Wheeler have lately exhibited their bill of complaint against you, the said Joel Chase, the defendant, to be relieved touching matters therein contained, by which bill it is among other things, set forth, that you, the said defendant, are violating and threatening to violate certain exclusive rights and privileges vested in said complainants, for constructing, making, selling, and vending to others to be used, certain improvements in sewing Machines, and that the actings and doings of you the said defendant, are contrary to equity and good conscience; we, therefore, in consideration of the premises, do strictly enjoin and command you, the said Joel Chase, and your attorneys, Servants, and Workmen, and each and every one of them, under the penalty that may fall thereon, that you, the said defendant, do henceforth, altogether, absolutely and until the further order of this court, desist and refrain from directly or indirectly, constructing, making, vending, using, selling, or putting in circulation or operation by or in any manner counterfeiting or imitating the invention or improvement belonging to said complainants, and described, claimed, and set forth in certain Letters Patent of the United States, reissued on A. R. Wilson, and bearing date the 21st day of January, 1856, and now owned by the complainants, and from in any way or manner interfering with the rights of said complainants under said Patent, and from in any way or in any violating or infringing said Letters Patent, or any part thereof.

Witness the Hon. Roger B. Taney, Chief Justice of the Supreme Court of the United States, at the City of New York, in the 81st year of the Independence of the United States, the 27th day of September, in the year of our Lord one thousand eight hundred and fifty-six.

PATENT ELASTIC FIRE & WATER-PROOF CEMENT ROOFING.

THE undersigned are prepared to introduce into use in Tennessee the Patent Elastic Fire and Water-Proof Cement Roofing, and ask the attention of Architects, Builders, Railroad Companies, and the public to examine its superiority over other Roofing.

ARCHITECTS AND BUILDERS should not fail to examine this Roofing, as it is better and cheaper than any thing in use. The material forms a hard and smooth surface that will resist the action of the atmosphere in every climate. It is impervious to water, elastic and flexible. It contracts and expands with the changes of the atmosphere, and will neither vaporate, crack nor rot; and, as its name will imply, there is no pitch.

It is practically imperishable, and will perfectly resist any ordinary external exposure to fire, as is abundantly proved, and we will warrant it water-proof. We will engage to put our Roofing on over ordinary good heathing, old shingles, tar and gravel, tin, zinc, copper, or iron roofs—it making no difference how steep or flat they may be—for seven dollars per one hundred square feet; it being far cheaper than any Roof of the old style, and we are sure it will give better satisfaction.

It will also be found to be the best thing ever invented to cover or mend old leaky tin, tar and gravel roofs, or around chimneys, scuttles, dormer windows, and gutters, where the tin is rusted through. This Cement can be put on to last as long as stone, and form a perfect adhesion to any object to which it is applied. Tin Roofs can be painted over (and painted roofs need no oil) at two dollars and fifty cents per hundred square feet, which is cheaper and much better than paint. This Roofing will be found to be the best thing for covering large decks where they are exposed to fire—such as Steam Mills, Saw Mills, Factories, Railroad Cars, Bridges Depots, Station Houses, Steamboat Decks, and, in fact, every kind of Roof where there is an external exposure from fire, as the Roof is perfect, without a joint or seam, and there is no chance for fire to communicate, and any light sparks can burn out without igniting.

☞ Insurance Offices at Cincinnati, and other places where Child & Co.'s Cement has been used, insure buildings with such Roofs covered with this Cement, at the same rates as for those covered with Iron, Copper or Tin.

☞ The Cement will be furnished to those at a distance with directions for laying.

☞ Orders sent to the undersigned, through the Post-office, will be promptly attended to

J. T. NATHURST,
No. 24, Spruce Street.

TESTIMONIALS AND REFERENCES.

OFFICE BUCKEYE STATE INSURANCE COMPANY, INCINNATI, Dec. 16, 1856.

TO ALL WHOM IT MAY CONCERN:—This is to certify that I have examined specimens of roofs of W. E. Childs & Co.'s "Elastic Fire and Water Proof Cement Roofing," and believe it to be eminently superior to any other kind of Roofing in use. I was an eye witness to a severe trial of one of these Roofs from a large volume of flame from an joining building, which struck directly upon the roof and cornice or nearly half an hour. It stood the trial beyond all expectation, and saved the building. N. H. BARKELEY,
President Buckeye State Insurance Co.

CINCINNATI AGENCY ROYAL INSURANCE COMPANY, February 6, 1857.

"I have examined W. E. Childs & Co.'s "Elastic Fire and Water Proof Cement Roofing," and as far as I can judge, consider it a great invention, and am willing to insure buildings thus protected upon the same terms as I insure those covered by metal. JNO. S. LAW,
Agent Royal Ins. Co., London and Liverpool.

OFFICE OF THE CIN., HAM AND DAYTON RAILROAD.

Childs & Co.'s Patent Cement Roofing is now used here, on our best class of buildings. We are covering our freight Cars with it, and our Master Mechanic reports very favorable to it. S. S. L'HOMME-DIEU, Pres.

From J. B. Bennett, General Agent of Ætna Ins. Co. for the Southern and Western States.

CINCINNATI, Jan. 7, 1857.

Having made considerable inquiry as to the merits of the "Patent Elastic Cement Roofing," introduced into this city by Childs & Co., I find it to be highly recommended in this city by many excellent judges, that it is meeting with very ready and general introduction; that its superiority over the tar composition Roofing is decided and freely admitted and finally, I expect to adopt it for my next roof, which will be next summer—having intended to use tin, but waiving the virtue of the "Patent Elastic Roofing" as a substitute. Yours, truly, J. B. BENNETT.

OFFICE OF THE OHIO AND MISSISSIPPI RAILROAD CO., CINCINNATI, Jan. 1, 1857.

DEAR SIR:—In answer to your inquiry, in reference to our opinion as to the practical use of your patent in the covering of any, we can only say that from our observation, we entertain a very favorable one,—so much so, that we intend testing it thoroughly on roofs of buildings, ours, &c.; after which we will with pleasure give you our decided opinion as to its utility. Yours, truly, E. LIPPINCOTT,
Supply Agent Ohio & Miss. R. R.

AYER'S CHERRY PECTORAL,

[FOR THE RAPID CURE OF
Colds, Coughs and Hoarseness.

BRIDGFIELD MASS., 20th Dec., 1855.

Dr. J. C. Ayer: I do not hesitate to say the best remedy I have ever found for Cough, Hoarseness, Influenza, and the concomitant symptoms of a cold, is your Cherry Pectoral. It constant use in my practice and in my family for the last ten years has shown it to possess superior virtues for the treatment of these complaints.

EBEN KNIGHT, M. D.

A. R. MOTTLEY, Esq., of Utica, N. Y., writes: "I have used your Pectoral myself and in my family ever since you invented it, and believe it the best medicine for its purpose ever put out. With a bad cold I should sooner pay its only five dollars for a bottle than do without it, or take any other remedy."

Croup, Hooping Cough, Influenza.

SPRINGFIELD, MASS., Feb 7, 1856.

BROTHER AYER: We will cheerfully certify your PECTORAL is the best remedy we possess for the cure of *Whooping Cough, Croup,* and the chest disease of children. We of your fraternity in the South appreciate your skill, and commend your medicine to our people.

HIRAM CONKLIN, M. D.

AMOS LEE, Esq., Monterey, Va., writes, 31 Jan., 1856: "I had a tedious disease, which confined me in doors six weeks; took many medicines without relief; finally tried your PECTORAL by the advice of our clergyman. The first dose relieved the soreness in my throat so long; less than one half the bottle made me completely well. Your medicines are the cheapest as well as the best we can buy, and we esteem you, Doctor, and your remedies, as the poor man's friend."

Asthma or Fhthisic, and Bronchitis.

WEST MANCHESTER, Pa., Feb. 4, 1856.

SIR: Your CHERRY PECTORAL is performing marvelous cures in this section. I have relieved several from a burning symptoms of consumption, and is now curing a man who has labored under an affection of the lungs for the last forty years. HENRY L. PARKS, Merchant.

A. A. RAMSEY, M. D., of Lemon, Monroe county, Iowa, writes, Sept. 6, 1855: "During my practice of nine years I have found nothing equal to your CHERRY PECTORAL for giving ease and relief to consumptive patients, or curing such as are curable."

We could give volumes of evidences, but the most convincing proof of the virtues of this remedy is found in its effects upon trial.

Consumption.

Probably no one remedy has ever been known which cured so many and such dangerous cases as this. Scarcely a man adult can reach but even to those the CHERRY PECTORAL afford relief and comfort.

SUT A HOUSE, NEW YORK CITY, March 5, 1856.

DOCTOR AYER: Lowell: I feel it a duty and a pleasure to inform you what your CHERRY PECTORAL has done for my wife. She had been long suffering under the dangerous symptoms of consumption, from which no old we could procure gave her much relief. She was usually taking, at Dr. Strong, of this City, by your advice we have gone for it, and recommend it for your medicine. We bless his kindness, as we do your skill, for she has recovered from that day.
