PATENT
ELASTIC FIRE & WATER-PROOF CEMENT ROOFING.

THE undersigned are prepared to introduce into Nashville, Tennessee, W. L. CHILDS & CO'S PATENT ELASTIC FIRE AND WATER-PROOF CEMENT ROOFING, and ask the attention of Architects, Builders, Railroad Companies, and the public to examine its superiority over other Roofing.

ARCHITECTS AND BUILDERS should not fail to examine this Roofing, as it is better and cheaper than anything in use. The material forms a hard and smooth surface that will resist the action of the Atmosphere in every climate. It is impervious to water, elastic, and flexible. It contracts and expands with the changes of the atmosphere, and will neither evaporate, crack nor rot, and, as to its durability, there is no question.

It is practically imperishable, and will perfectly resist any ordinary external exposure to fire, and is absolutely proof against wind and water-proof. We will engage to put on the Roofing on over ordinary good heating, sheathing, tar and gravel tin, zinc, copper, or iron roofs—it making no difference how old or flat they may be—for seven dollars per one hundred square feet; it being far cheaper than any Roof of the old style, and we are sure it will give better satisfaction.

It will also be found to be the best old or ever invented to cover or mend old leaky tin, tar and gravel roofs, or around chimnies, scuttles, dormar windows, and gutters, where the tin is rust through. This Cement can be put on to last as long as it comes, and form a perfect and even tie, subject to which it is applied. Tin Roofs can be painted over (and warranted not to leak) at two dollars and fifty cents per hundred square feet, which is cheaper and much better than painting. This Roofing will be found to be a good thing for covering large roofs where they are exposed to fire—such as Steam Mills, Saw Mills, Factories, Railroad Cars, Bridges, Depots, Station Houses, Steamboat Decks, and, in fact, every kind of Roof where there is an external exposure from fire. As the Roofing is perfect, without a joint in it, it presents no chance for fire to communicate, and any light materials will burn out on it without injury.

☞ Insurance Offices at Cincinnati, and other places where Child & Co.'s Cement has been used, insure buildings with roofs covered with this Cement, at the same rate as for those covered with Iron, Copper or Tin.

☞ The Cement will be furnished to those at a distance with directions for using.

☞ Orders sent to the undersigned, through the Post-office, will be promptly attended to

J. T. NATHURST,
No. 24, Spruce Street.

TESTIMONIALS AND REFERENCES.

OFFICE ROCKEYE FATE INSURANCE COMPANY,
INCINNATI, Oc. 16, 1856.

TO ALL WHOM IT MAY CONCERN. This is to certify that I have excellent experience and high opinion of Childs & Co.'s "Elastic Fire and Water Proof Cement Roofing," and believe it to be decidedly superior to any other kind of Roofing in use. I was an eye witness of a severe trial of one of these roofs from a large volume of flame from an joining building, which struck directly upon the roof and continue for nearly half an hour. It stood the trial beyond all expectation, and saved the building. J. M. PARKER,
President Rockeye Shoe Insurance Co.

CINCINNATI AGENCY ROYAL INSURANCE COMPANY,
CINCINNATI, Februry 6, 1857.

I have examined W. E. Childs & Co.'s "Elastic Fire and Water Proof Cement Roofing," and so far as I can judge, consider it a great invention, and am willing to insure buildings thus protected upon the same terms as I insure those covered by metal. JNO. S. LAW,
Agent Royal Ins. Co., London and Liverpool.

OFFICE OF THE CIN., DAM AND DAYTON RAILROAD.

Childs & Co.'s Patent Cement Roofing is now used here on our best class of buildings. We are roofing our Freight Cars with it, and our Master Mechanic reports very favorable to it. S. S. L'HOMMEDIEU, Pres.

From J. B. Bennett, General Agent of Ætna Ins. Co. for the Southern and Western States.
CINCINNATI, Jan. 7, 1857.

Having made considerable inquiry as to the merits of the "Patent Elastic Cement Roofing," introduced into this city by Childs & Co., I find it to be highly recommended in the city by many excellent judges; but it is meeting with very ready and general introduction, that its superiority over tin for common Roofing is decided and freely admitted; and finally, I expect to adopt it for my next roof, which will be next summer—having intended to use tin, but will try the virtue of the "Patent Elastic Roofing" as a substitute.
Yours, truly, J. B. BENNETT.

OFFICE OF THE OHIO AND MISSISSIPPI RAILROAD CO.,
CINCINNATI, Jan. 1, 1857.

DEAR SIR:—In answer to your inquiry, in reference to our opinion as to the practical use of your Roofing for cars, we may say that from our observation, we entertain a very favorable one,—so much so, that we intend testing it thoroughly on one of buildings, car, &c.; after which we will with pleasure give you our decided opinion as to its utility. Yours, truly, E. LIPPENCOTT,
Supply Agent Ohio & Mi s. R. R.

☞ Since the above was written, the Ohio and Mississippi Railroad have contracted for covering their cars, depots and bridge between Cincinnati and Vincennes, with this Cement, considering it the best article they have used for the purpose.

AYER'S CHERRY PECTORAL,
FOR THE RAPID CURE OF
Colds, Coughs and Hoarseness.

BERNFIELD MASS., 20th Dec., 1855.

DR. J. C. AYER—I do not hesitate to say the best remedy I have ever found for Cough, Hoarseness, Influenza, and the concomitant symptoms of a cold, is your Cherry Pectoral. Its constant use in my practice and my family for the last ten years has shown it to possess uniform virtues for the treatment of these complaints.
REUBEN KNIGHT, M. D.

A. D. MORTLEY, Esq., of Utica, N. Y., writes: "I have used your PECTORAL in my family more than ever since you invented it, and believe it the best medicine for the purpose ever patented. With a bad cold I should sooner pay your five dollar for a bottle than do without it, or take any other remedy."

Croup, Hooping Cough, Influenza.

SPRINGFIELD, MASS., Feb. 7, 1856.

BROTHER AYER: I will cheerfully certify your PECTORAL is the most effective remedy we possess for the cure of *Whooping Cough, Croup* and the chest diseases of childhood, which are very prevalent at this season. Only those who have children can appreciate your skill, and commend our medicine to a grateful.
HIRAM CONKLIN, M. D.

AM. HILL, Esq., Monterey, Va., writes, 31 Jan., 1856: "I had a terrible hoarseness, so as to confine me in doors six weeks, when your PECTORAL afforded relief, which I tried from a friend, at the advice of our clergyman. The first bottle removed the soreness in my throat and lungs; two more broke the hoarseness, and I rather think saved my life. I recommend Dr. Clarmont to the afflicted."—*Courier des Etats Unis, South Zeitung, Democrat, Day Book, Mercury, Atlas, Police Gazette, &c.*

Asthma or Phthisic, and Bronchitis.

WEST MANCHESTER, PA., Feb. 4, 1856.

SIR: YOUR CHERRY PECTORAL is performing marvellous cures in this section. I have heard several from a number of cases of consumption, and I know of one who was bedridden and in affection of the lungs for the last forty years.
HENRY L. PARKS, Merchant.

A. A. HUMPHREY, M. D., of Iowa, Monroe county, Iowa, writes, Sept. 6, 1855: "I have given your PECTORAL for many years in my family, and have found it to be an extraordinary good article. I find it invaluable in my practice, and I believe it to be a safe and sure remedy for all pulmonary complaints, or curable cases are curable."

Such proofs of the virtues of this remedy is found in its effects upon trial.

Consumption.

Probably no one remedy has ever been known which cured so many and such dangerous cases as this. Some months since, a much loved child was given up by the physicians, and its life despaired of. Its parents then tried AYER'S CHERRY PECTORAL, and it recovered from the effects of the disease, and is now in good health.
AYER & HOLMES, NEW YORK CITY, March 5, 1856.

DOCTOR AYER, DEAR SIR: I feel it a duty and a pleasure to inform you what your CHERRY PECTORAL has done for my wife. She had been long and severely afflicted with a severe cough, and was considered by her friends and myself to be in the first stage of consumption, from which no relief could procure gave her much relief. She was steadily taking, and Dr. Strong, of the city, where we have consulted advice, recommends a trial of your medicine. We bless his kindness, as we do your skill, for she has recovered from that day. She is now as strong as she used to be, but is free from her cough, and calls for relief well.
Yours with gratitude and regard,
OLIVER SHELBY,
of Shelbyville.

Consumptives, do not despair till you have tried AYER'S CHERRY PECTORAL. It is in the power of the best medical chemists in the world, and has cured a world of hopeless cases. Its virtues are known to the public.—*Philadelphia Ledger.*
