PERUVIAN SYRUP:
OR, PROTECTED
Solution of Protoxide of Iron,
Having successfully passed the ordeal to which new discoveries in the Materia Medica are subjected, must now be received as an established Medicine.
ITS EFFICACY IN CURING
DYSPEPSIA,
Affections of the Liver, Dropsy, Neuralgia, Bronchitis and Consumptive Tendencies, Disordered state of the Blood, Boils, Scurvy, the prostrating effects of Lead or Mercury, General Debility, and all Diseases which require a
TONIC AND ALTERATIVE MEDICINE
IS BEYOND QUESTION.
THE proofs of its efficacy are so numerous, so well authenticated, and of such peculiar character that sufferers cannot reasonably hesitate to receive the proffered aid. The Peruvian Syrup does not profess to be a panacea, but its range is extensive, because many diseases, apparently unlike, are intimately related, and proceeding from one cause, may be cured by one remedy. The class of diseases for which the syrup provides a cure, is precisely that which has so often baffled the highest order of medical skill. The facts are tangible, the witnesses are accessible, and the safety and efficacy of the Syrup incontrovertible.
Those who may wish for an opinion from disinterested persons respecting the character of the Syrup, cannot fail to be satisfied with the following, among numerous testimonials in the hands of the Agents. The signatures are those of gentlemen well known in the community, and of the highest respectability.
CARD.
"The undersigned having experienced the beneficial effects of the "Peruvian Syrup" do not hesitate to recommend it to the attention of the public.
From our own experience, as well as from the testimony of others, whose intelligence and integrity are altogether unquestionable, we have no doubt of its efficacy in cases of Incipient Diseases of the Lungs and Bronchial Passages, Dyspepsia, Liver Complaint, Dropsy, Neuralgia, &c. Indeed its effects would be incredible, but from the high character of those who have witnessed them, and have volunteered their testimony as we do ourselves, to its remedial power.

THOMAS A. DEXTER, PETER HARVEY,
S. R. KENDALL, M.D. JAMES C. DUNN,
SAMUEL MAY, REV. T. WHITTEMORE.
CERTIFICATE OF DR. HAYES.
It is well known that the medicinal effects of Protoxide of Iron is lost by even a brief exposure to air, and that to maintain a solution of Protoxide of Iron, without further oxidation, has been deemed impossible.
In the Peruvian Syrup this desirable point is attained by COMBINATION IN A WAY HEREBE UNKNOWN; and this solution may replace all the proto-carbonates, nitrates and tartrates of the Materia Medica.

R. GREENE, M.D.. . . . . Principal.
L. HUTCHINS, M.D.. . . . . Associate.
THIS institution was established for the successful treatment of CANCERS, SCROFULA, Humors of the Blood, and all CHRONIC DISEASES, upon the Natural or Indian System of practice. It has been in successful operation for several years, and the fruits of its practice are found in cases cured in almost every town and village in the New England States, and many from other parts of the country.
DR. GREENE, the Principal of this Institution has, for the last fifteen years, had constantly under treatment several hundred cases of Cancers, most of which had been aggravated and extended, either from being cut out, without cleansing the blood or extracting the roots, or by the application of caustics, or other improper treatment, until the patients were nearly exhausted, before they applied to him for relief.
PERSONS HAVING CANCERS SHOULD AVAIL THEMSELVES OF DR. GREENE'S PERSONAL ATTENTION.
Most Diseases such as Scrofula, Humors of the Blood, Diseases of the Throat and Lungs, Dyspepsia, Liver Complaint, Dropsy, Rheumatism, Heart Complaint, Female Complaints and the great variety of forms in which the human body is afflicted, are successfully treated with medicines which can be sent to any part of the world, with full directions; as a very correct opinion of such cases can be formed upon transmitting correct answers to the questions which may be found in the "Indian Arcana"—a copy of which can be sent free when requested.
The Institution has just issued another edition of DR. GREENE'S Work on "INDIANOPATHY," or Science of Indian Medicine, which may be had at the principal Periodical Depots, for 12 cents, or by mail on the receipt of four postage stamps.

PACKARD'S GREAT REGENERATOR
AND
REPRODUCER OF THE HUMAN HAIR.
More than two million Bottles have been sold!
And the universal response is,
IT IS ALL IT IS RECOMMENDED.
All that use it advertise its merits, and not only buy more, but but induce their friends to buy it.

FOR GRAY HAIR.—It does not dye the hair, but by its operations on the roots of the hair, it revives the secretive coloring fluid, and causes it again to flow through the hair, giving to it the same color, and in the same manner as in youth. No matter how long the hair has been gray, or how white it has become, it will fully restore it.
IS YOUR HAIR FALLING OFF?—It will at once remove the cause, and not only make your hair fast in the head, but thicken it up much thicker and as healthy as ever.
BALD HEADS.—It will grow hair on bald heads if the roots are alive.
HUMOR IN THE SCALP.—It removes all humors of whatever name or nature from the scalp. The very worst cases of *Scrofula, Eruption, Scurf,* and Scorbutic heat are at once *cured.*
DANDRUFF is not only removed but the cause of it is removed so that it will not return again. Thus allaying all unpleasant itching.
It is a perfect Invigorator and Tonic for the hair, and is warranted to restore the hair quicker and better for less than one-third of the price of any other article in the market. It is put in large 12 oz. bottles, and sold for fifty cents. It is free from all poison. For a hair dressing it is surpassed by none. Call on the agent and get a circular, or (what will be better for you) buy a bottle. Sold by L. N. THORN, Apothecary opposite the Post Office.
