After the business session a banquet was served at the Memorial building by the Ladies' Circle No. 1 of the Presbyterian auxiliary. The next meeting will be held in Greenwood during the third week of June.

RAIN STORM DAMAGES TRUCK IN MISSISSIPPI

CRYSTAL SPRINGS, Miss., March 29. (Spl.)—A terrific windstorm broke over this community Thursday morning about 7:30 o'clock and for a while it looked as though the community was going to be visited by a cyclone. Two heavy clouds seemed to met just south of town followed by terrific wind and blinding sheets of rain. Fences were blown down and in many vegetable farms the cold frame covers protecting tomato plants from the weather were literally whipped from their moorings and scattered all over the fields. Plants were soaked with rain and some were beaten into the ground but it is not thought that any serious damage has resulted from the storm.

VOTE TO COMPLETE HIGHWAY IN ALCORN

CORINTH, Miss., March 29. (Spl.)—Returns from the elections in the western portion of the county show the overwhelming establishment of two more road districts which completes the Mosely Shoals highway entirely across Alcorn county with the exception of only a few miles adjoining Tishomingo. This will be done, but the delay is only for the purpose of allowing Tishomingo to select one of two routes before there is any expenditure by this county in making the connection.

The county is just in receipt of three government trucks of the four-wheel drive pattern to be used in the construction of the roads in the county during the coming summer. There is every indication now that before another winter comes there will be a road entirely across the county east and west and north and south in full conformity to the government requirements.

Already there are plans being formulated to meet these roads in the various sections with feeders when they are constructed, and within the next 24 months Alcorn county promises to be a network of good roads.

Buys Pickaninny For $5 And Shoat And Then Loses Him

SENATOBIA, Miss., March 29. (Spl.)—The price of negro boys has greatly slumped since the "before the war prices" in this part of the country. Before the war it is said that a good healthy pickaninny brought around $2,000 today Mr. Smith interposed the plea in a trial over the possession of a negro boy that he had purchased the boy from his mother last fall for $5 and a shoat. The "little coon" is 11 years old and just the right size to be handy with the hoe. The mother died soon after the sale, and the grandmother brought writ of habeas corpus proceedings for the boy. The court held that while he would take judicial knowledge of a negro's fondness for shoat meat, that owing to the prevailing high prices of everything, he would be forced to hold that $5 and a shoat was too little to pay for a 11-year-old negro boy, and the judgment put the grandmother into possession of the boy.

Mr. Smith was very much disturbed over the ruling of the court and threatened an appeal to a higher tribunal where he declared one's rights acquired in a purchase would be amply protected.

ANOTHER NURSE GIVES STRONG ENDORSEMENT TO MERITS OF TANLAC

"After Taking It With Such Wonderful Results I Cannot But Recommend It," Says Mrs. Land.

WAS TOLD NOTHING COULD BENEFIT HER

Became So Weak She Could Hardly Walk Upstairs—Feels Splendid and Eats Anything Now.

One of the strongest evidences of the superior merits of Tanlac is the very large number of practical nurses who have told in no uncertain terms of the benefits they have derived from its use.

One of the latest to testify is Mrs. Fannie Land, 211 East Russell street, Columbus, Ohio. Mrs. Land has resided in Columbus for 30 years, has followed nursing here for a number of years and her statement, coming as it does from one of such wide experience in relieving suffering, will be of interest to all who are seeking relief. Following is her statement:

"After using Tanlac with such wonderful results myself I could not do otherwise than recommend it. I have a mind to say I believe it will help anyone, especially those suffering from indigestion and the many distressing feelings resulting from it, if they will only give it a fair trial.

"One thing I do know is that Tanlac has relieved me of a case of indigestion that had gotten me to where I was hardly able to go. I was told that I would have to give up nursing, but I am more able to work now than I have been in years.

At the time I began taking Tanlac I had not been able to eat hardly anything in three or four years without having trouble with gas forming on my stomach. There was such a pressure on my heart at times that I could scarcely breathe. I couldn't walk upstairs without stopping two or three times to get my breath. Many a night I was so suffocated that I couldn't sleep at all and would toss and roll until I was completely exhausted. I always felt as tired in the mornings as on retiring at night, if not more so. My appetite was entirely gone and everything disagreed with me so I actually dreaded to eat anything. Several times, while in the picture show, I have been so overcome with the gas on my stomach that I simply dropped right over and had to be carried home. I was so weakened I couldn't even use a broom or do any of my house cleaning.

"It may seem strange that in my profession I could find no relief, but all my efforts failed and my suffering became so great that I felt like I couldn't stand it any longer. One day I read a testimonial for Tanlac that described my case so well that it seemed almost like me and right then I made up my mind to try Tanlac. I had been told that nothing more could be done for me and was left under the horrifying impression that I must just continue to suffer. But Tanlac helped me right from the start and has proved to be just what I needed. I am just about through with my third bottle now and have had only one slight attack of indigestion since I began taking it and that was before I had even finished half the first bottle. I am now eating just anything I want at any time, sleep like a child every night, and am looking and feeling better than I have since my trouble started. I had lost seven or eight pounds in weight and while I have not weighed I can tell from the way my clothes fit that I have gained all that back and several pounds besides. All the thanks, praise and gratitude for my wonderful improvement belongs to Tanlac and I wish to recommend it in the highest terms."

Tanlac is sold in Memphis by Warnock Drug Co. and by Weiss' Pharmacy, in Eads by Connell Mercantile Co. and in Bartlett by R. J. Hood. Adv.
