THE CORN CORNER.

CHICAGO, September 19.—The market was excited to-day upon the arrival here of Rufus Hatch, R. H. Parks, and the Honore Bros., who are believed to have formed a powerful syndicate with the late S. A. Richer in bulling September corn. It seems a gigantic corner was formed three months ago, but the death of Richer broke the market and temporarily demoralized the clique, who would have lost half a million dollars if their deals were now closed. They have borrowed a huge amount of capital and enlisted David Dows & Co. in the deal and bought about 4,000,000 bushels. If the market is manipulated September corn will touch 75c within a week, causing great losses to the trade generally. Richer, the well known corn king, died three weeks since, bearing contracts for the purchase of a million bushels of September corn. The estate is now in the hands of administrators. Calvin Wheeler, president of the Union National bank, will demand delivery of actual corn, and there will not be half that amount in the city on the last day of the month. The shorts will squirm to cover this, driving prices up to 75c.
