NEW YORK, October 3.

MONEY.

Money—Loaned at from 6@9 per cent per annum; closed at 6@7 per cent.

Prime Mercantile Paper—7@9 per cent per annum.

Sterling Exchange—Steady; bankers' bills, $4.81; demand, $4.85.

Governments were unchanged, except for extended 5's, which advanced ½ per cent.

Share speculation continues to be the center of interest, and, while stocks have been active and feverish they have been less so than yesterday. During the first hour the tendency of prices was downward, then an upward reaction began which continued up to 1 o'clock, when there was a decline of ½@¾ per cent, which was followed by an advance of ½@2½ per cent. A portion of this advance was soon lost again. The market in the last hour was strong and the indications are that the speculators who lead the decline have secured what stock they want and are now ready, or nearly so, for the advance in prices. These are the indications, whether misleading or not remains to be seen. Gould stocks, Villard stocks, Erie and Denver were all notably strong in the last hour, and the highest prices of the day were paid.

The annual meeting of the New York clearing house association was held to-day. The following officers were elected for the year: President, F. D. Lappan; secretary, H. H. Nance; manager, W. A. Camp. The manager's report showed transactions for the year, $18,147,846,406; average per day, $156,882,375; total amount of gold coin used in settlement of balances since resumption (three years and nine months), $971,067,000.
