FINANCE AND COMMERCE.

FINANCIAL.

Special Dispatch to The Bee.

NEW YORK, January 5.

Money—3@6 per cent, closed at 6 per cent.

Prime Mercantile Paper—6@8 per cent.

Sterling Exchange—Bankers' bills steady at $4.80½; demand, $4 84½

Dry goods imports for the week, $2,346,000.

Governments were weak and ⅛@¼ per cent lower.

In the stock market the day has shown a decided improvement over any day this week, not only in prices, but in the general tone of the market. Whatever may be the experience to-morrow or next week, it is quite certain, says The Post, that a great many persons, including several well known bankers who have heretofore refrained from expressing any opinion at all, now express more confidence in the upward movement of prices. There is reason to believe that some expedients are being resorted to by some parties to produce the desired effect and that in many respects the situation, as far as ease in money both here and in Europe, and also the condition of railroad earnings are concerned, is favorable.

In the last hour business fell off ¼@1¼ per cent from the highest prices of the day, but the closing prices were generally higher than at the close yesterday. The volume of business, too, has been from 20 to 25 per cent larger than yesterday. The most active stocks in the last hour were Denver, Delaware, Lackawanna & Western, Erie, St. Paul, Northern Pacific and Texas & Pacific.

Mr. Gould denies he has any intention of making the Mobile & Ohio any part of the Wabash system.

In connection with the decline of 3 per cent in Metropolitan Elevated railroad bonds this morning there is authority for the statement that there was a movement yesterday in the directory of the Manhattan company to restore the Metropolitan line to the stockholders of that company and demand a settlement of accounts. It is claimed by the Manhattan directors the Metropolitan earnings have been overestimated and that it would be a benefit to the Manhattan to, restore the property to its own stockholders.

It was rumored yesterday that the Lake Shore directors were considering a proposition to issue $6,000,000 bonds to pay for the "Nickel-Plate" road. This was at first denied, but repeated again to-day.

The Reading story of placing $5,000,000 in 7 per cent bonds at par gains some credence among Mr. Gowen's friends. A good deal of interest is felt in developments at the annual meeting on Monday.
