THE SPECULATIVE MARKETS.

Wheat Asserts Itself but Weakens at the Close on the Reaction in Stocks.

CORN UNSETTLED BY THE DODGE REPORT.

Oats Follow the Course of Other Cereals—But Little Independent Action in Provisions—The Day in Wall Street.

CHICAGO, Nov. 11.—[Special Telegram to THE BEE.]—The wheat market was active enough and strong enough most of the session to make shorts feel very uneasy and cause smaller fellows to run to cover. There was no bull news of any importance—simply an improved feeling in financial centers, a healthful recovery in wall street stocks and the belief that the market must have a good reaction after the recent depression of about 5c. The reaction came sooner than even bulls expected. Coming as it did, without any special help from the outside either in orders or news, demonstrates the natural strength of the market. The action up to 1 o'clock was as follows: December opened around 97½c, sold at 97¼c to 98⅛c to 97⅞c to 98⅛c to 97⅞c to 98⅜c to 98c; May sold at $1.04¼ to $1.03⅞ to $1.04⅜ to $1.04⅛ to $1.05¼ to $1.05¼. On the advance the premium of May was reduced, as December sold 1⅛c over the close last night while May sold 1⅛c over yesterday's closing price. As already intimated the recovery in stocks at New York was perhaps the best help in wheat, as the stock market for three days past has been dragging prices down by causing liquidation and encouraging short selling by bears. Liverpool cables were simply steady early. Wheat on ocean passage increased 1,800,000 bushels for the week. Atlantic ports cleared no wheat and but moderate quantities of flour. The receipts here today were the largest of the season at 322 cars, with only 158 cars for Wednesday. Leading sellers early were Pardridge, Brosseau and such scalpers as thought the advance would not hold. Early buying was led by Wagner, S. V. White & Co., Dunham & Co., Klein and Hutchinson, who picked up all he could get on weak spots. Mitchell was also in his element boosting the market. Wheat weakened before the close with the late reaction in stocks at New York. There was also a good deal of realizing on wheat taken on the advance. December dropped back to 98⅜c with 98⅛c at the close, or about ½c over last night; May closed at $1.05, or ⅛c up for the day; November was quoted at 95¾@97¾c, closing at 97c.

Corn was unsettled early on the Washington crop figures. In a general way the average of 19.9 bushels per acre was considered bearish. Instead of a demoralized market, however, the opening was but ⅛c under last night, and after selling a slight fraction lower there was a strong market developed which carried the price of May at noon a point ¼c better than the close Monday. At 1 o'clock a reaction of ⅛c from top prices left the market but a trifle lower than last night. The action in May was 53⅜c to 53½c to 54c to 53¾c to 54⅜c to 54⅛c. Hutchinson led the buying, shorts following; Pardridge and scalpers sold. Corn closed with May but ⅛c under last night at 54⅛c. November sold up to 52c and closed at 51¾c; December, 51¼@52c, closing at 51½c. At the close considerable dissatisfaction was expressed over the Dodge "puzzle." Privileges on May corn sold at 53⅝@53¾c for puts and 54⅛@54⅜c for calls.

The oats trade followed the other grain markets both up and down, and closing prices were identical with those of yesterday. November and December oats each sold at 42½c to 43⅛c to 43⅛c to close; May, 45⅝c to 46⅛c to 46⅜c to close.

The provision market had little independent action today. First prices were slightly lower. When everything else made a good advance early there was excellent buying of lard headed by Geddes, and prices of all products were bid up. January pork sold at $11.85 @11.97½; May, $12.65@12.77½; lard, $6.37½@6.42½ for January, and $6.82½@6.92½ for May; ribs, $5.75@5.82½ for January and $6.25@6.32½ for May. Offerings on this advance were sufficient to put prices back to the closing figures of yesterday—January pork, $11.87½; lard, $6.40; ribs, $5.77½, and other months in proportion.

CHICAGO LIVE STOCK.

CHICAGO, Nov. 11.—[Special Telegram to THE BEE.]—CATTLE—Business moved along about like yesterday. What buyers classify as prime steers were scarce and sold at strong prices; medium and other grades slow, plentiful and weak. The market is flooded with common native butcher stock, a large per cent of which is selling at $1.00@1.25, a range of values that must break any shipper that follows that branch of business. Best cows and heifers sell for $1.50@2.00, and extra at $2.25@2.50. Light and thin stockers continue to sell at extremely low prices. Top prices, $4.90@5.30 for prime and extra native steers; others, $4.00@4.75; Texans, $2.15@2.65; rangers, $3.00@3.60; native butchers' stock $1.00@2.50.

HOGS—The bulk of the sales of prime heavy and butcher weights, especially early sales, showed an advance of a strong 5c, but mixed, assorted light and pigs showed little or no change. Rough and common, $3.60@3.80; mixed, $3.85@4.00; prime heavy and butcher weights, $4.00@4.15; light, $3.75@3.85; pigs under 100 lbs, average, $2.60@3.00; over 100 lbs and up to 160 lbs, sold largely at $3.25@3.50.

FINANCIAL.

NEW YORK, Nov. 11.—[Special Telegram to THE BEE.]—STOCKS—The change in sentiment and prices from Monday till Tuesday was as marked as the change from Saturday till Monday and in the opposite direction. Again London was a great factor in the stock market. Mr. Gould's expressions late yesterday and his action today had much to do with restoring confidence. The jump in London prices was followed with advances from 1 to 2¾, St. Paul, Sugar and Louisville showing the greatest gains. There was some hesitation for a short time when a perfect flood of stocks was poured out upon the market and prices were quickly going downward at a most rapid rate. Villard stocks seemed to bear the brunt of the attack, North American especially was subjected to a severe twist and from 27½ at the opening it dropped suddenly to 21¼. Northern Pacific preferred followed with a loss of 3 per cent; Richmond & West Point preferred and Illinois Central, each 2¾; Chicago Gas, 2¼; Rock Island, 2⅛; St. Paul, Lackawanna and Western Union, each 2 per cent, and the rest of the list from 1 to 2 generally. The appointment of receivers for the Sugar Trust acted as a stimulant to that stock, and it was advanced from 55 to 57¾ in the face of the weakness in the regular list, and was maintained at about 56 for the remainder of the hour. The low prices brought in more buying, however, and the force that opened the market up began again to show its influence, and a smart rally took place. The strongest stock on the list was Union Pacific, which failed to go below the opening figure and with the rally advanced to 48 against 44 at the opening. The rest of the list generally regained the early losses, and in almost everything but the Villards fractional advances were scored. Illinois Central rising to 92 against 90 at the opening and 88 at the lowest. The upward tendency was continued during the hour to 12 o'clock and the gains compared with last night were very flattering. Sugar was up 5 points to 57. Louisville nearly 4 points to 72¾. Northern Pacific preferred to 67, Atchison 1⅛ to 29¼, Burlington nearly 2 to 85¼, Northwestern 2⅛ to 106, Rock Island to 69, St. Paul 3½ to 48, Missouri Pacific 2 to 64¾, Lackawanna 1⅛ to 136, and Reading 1⅛ to 30. Money was bid to 20 per cent, but a more settled situation abroad helped to hold the market. The total sales of stocks on the New York stock exchange today were 670,300 shares.

The stock market was very ragged and shaky late in the day. There were ugly rumors regarding both stock houses and banks. Trouble of some sort seemed almost certain. Indications pointed to Villard stocks and against Northern Pacific shares the trade turned the attack. Common stock sold down to 17¼ and preferred from 67 to 55. North American touched 16¾, or a break of 10 points, and closed at 18. There was depression all through the list, but Grangers, Vanderbilts and many other standard stocks closed with slight net gains. There has been a great strain all day and a crash of some sort is not unlooked for. Total sales, 670,300 shares.
