AFFAIRS AT SOUTH OMAHA

Piti Babich Shot Down by Assassin in Front of Pool Hall.

NO TRACE OF THE MURDERER

Crime Takes Place in Part of the City Where There Has Been Scant Police Protection.

Piti Babich, Austrian laborer, was shot and killed last night in front of the pool hall said to be owned by Nick Dardos at Twenty-eighth and R streets. Mike Zagich, another Austrian, is suspected by the police and a dragnet has been spread for his arrest. The killing is another outburst of a feud that has made Twenty-eighth and R streets a veritable murder hole within the last few months. Babich was tried and acquitted of the murder of Stanley Varonich, also an Austrian, two months ago. At the time there was a strong suspicion on the part of the police that Babich was being made the "fall guy" for men who hated him. It is said that he was warned to leave town, but he persisted in remaining. Some days ago he was arrested for breaking a window.

Last night about 9 o'clock he was in the pool hall when someone called him out to the front door steps. Officer Joe Potach was standing some blocks away and saw the flash of the assassin's revolver. The man, however, after firing four shots into Babich fled, and until a late hour had evaded capture. The bullets penetrated the brain of Babich and death was instantaneous. Deputy Coroner B. J. Larkin took charge of the body.

For months past law-abiding citizens in the southwest section of the city have besought the Police board to establish a police beat in the section where the murder occurred. Practically all the murders and violent crimes that have recently occurred in South Omaha were perpetrated in the foreign settlement, where there is no adequate police protection.

Must Re-Let Contracts.

As a sequel to the decision handed down by the state supreme court yesterday about $154,900 worth of paving contracts will have to be relet and readvertised. The court yesterday decided against the contentions of the city and found that the union labor clause inserted into the city charter by the legislators of 1911 was unconstitutional. Assistant City Attorney S. L. Winters carried the case to the supreme court on appeal from a decision handed down by former District Judge Howard Kennedy, who issued an injunction sought by A. A. Wright against the letting of contracts under the union labor clause.

As a matter of fact the union labor clause never meant anything to the union labor of South Omaha, although it did result in higher charges to the city for paving. The clause was intended to restrict public improvement work to union labor. Prices of paving and grading were based upon this rate, but instead of going to union labor it was divided between the contractors and cheap labor.

The decision was welcomed yesterday because of the long interruption of public work in South Omaha. The case has been hanging fire for nearly two years. The decision affects contracts, most of which were held by the National Construction company. The following paving districts will be affected:

Paving of G street from Twenty-fifth to Twenty-sixth street.

U street from Thirtieth to Thirty-sixth street.

Alley from N to O street, between Twenty-fourth and Twenty-fifth.

Alley from N to M streets between Twenty-fourth and Twenty-fifth street.

Thirty-third street from boulevard to north line of L street.

Twenty-second street from Q to R street.

T street from Thirty-sixth to Forty-fourth street.

B street from Twenty-third to alley east.

S street from Thirty-sixth to Forty-fourth street.

Seventeenth street from N street to Missouri avenue.

Alley from J to K street between Twenty-second and Twenty-third street.

Baptist Church Wins.

The South Omaha Baptists defeated the First Presbyterians of South Omaha last night by the score of 34 to 14. The game was featured by excessive fouling on both sides. Although the Presbyterians were all six-footers, they were unable to hold their smaller opponents. Groves, Johnson and Joos played the best game for the Baptists. Joos made eighteen points for his side. Whipple and Burke were the stars for the Presbyterians. Lineup:

BAPTISTS.		PRESBYTERIANS.	
Groves	L.F.	L.F.	Wells
Joos (C)	R.F.	R.F. (C)	Whipple
Johnson	C.	C.	Burke
Jackson	L.G.	L.G.	Chase
Bratton	R.G.	R.G.	Van Sant

Substitutes: Bowker for Chase, Smith for Van Sant. Field goals: Whipple, 2; Burke, Joos, 7; Johnson. Fouls: Whipple, 7; Groves, 4; Joos, 4. Point awarded Presbyterians. Referee: Leach. Timekeeper: Conaway. Scorer: Staley. Time of halves, twenty minutes.

The camp passed resolutions strongly opposing any raise in the rates of the members at this time and at any time without the consent of a majority of the members, and urging the scaling of the certificates of all new members and the election of head officers who have confidence in the majority of the membership and do justice equally to old as well as new members.

TAX BLANKS MAILED TO JOHN D. AT TARRYTOWN

CLEVELAND, O., Feb. 14.—Harry Weis, internal revenue collector for northern Ohio, today mailed to John D. Rockefeller at Tarrytown, N. Y., tax blanks for the listing of the oil king's income for federal taxation under the income tax law. Weiss said he would proceed to collect about $2,250,000 income tax from Rockefeller unless he pays the money to the revenue collector in the Tarrytown district.

"It has not been decided whether Rockefeller's legal home is in Ohio or New York so I've sent him blanks to be on the safe side," Weiss said today.

EYE GLASSES MUST GO

Says a New York Physician

Here Is His Free Prescription:

"Many who wear glasses could dispense with them. Only ordinary care is necessary. The eyes of old and young should be properly bathed night and morning. This is more important than cleansing teeth," says he and then he goes on to say: "The following treatment is worthy of fullest confidence. It is scientific, immediately effective and positively harmless to the weakest of eyes. Go to any drug store, get a tube of Optona tablets, dissolve one in a two ounce bottle of pure water and bathe the eyes two to four times daily. What is generally known as eye strain will soon be banished while the muscles and nerves are permitted to perform their normal functions. It helps diseased eyes and it keeps good eyes healthy; it is absolutely harmless in every way; does not smart or burn, has a wonderful effect on granulated lids and is especially recommended for dull, bleary or glassy eyes. It helps all eyes and should be in every home for use in emergency.'

The following extracts are from letters received from users of this prescription:

"I used Optona one week for a cold in my eyes; it did me a great deal of good."

"My eyes have been failing for years. I am sure Optona is doing them good and shall continue its use."

"Have only been using Optona a short time. My eyes are improving wonderfully."

"I find Optona very satisfactory and recommend it wherever I find an opportunity. I find it very soothing."

"I've been benefited by Optona and intend to follow the treatment."

"Have been using Optona for about three months and it has greatly improved my sight."

"My eyes have been sore for several years; were red and inflamed. Used everything recommended and gained no relief. I had my eyes examined and wore glasses for six months. I read of Optona and thought I would give it a trial. Am glad to be able to state I got satisfactory relief. Have only used about half a box of Optona and have not worn my glasses since. I feel my eyes do not require them."

Many others have made similar reports. If your eyes bother you, have the above prescription filled; it may do wonders for you. Do not become a victim of neglect. You perhaps value your eyes more than any other organ, therefore its your duty to protect them. This free prescription has given relief to thousands. —Advertisement.

MELLOR REPLIES TO EDITORS

Secretary of State Board Defends Use of Passes to the Fair.

DOUBTS IF EDITORS APPROVE

Believes Resolution Does Not Reflect Sentiment of One-Tenth of Newspaper Men of Nebraska on This Subject.

(From a Staff Correspondent.)

LINCOLN, Feb. 14.—(Special.)—W. R. Mellor, secretary of the State Board of Agriculture, has written a letter to C. C. Johns, secretary of the Nebraska Press association, outlining his views upon action taken by the executive committee of the association declaring against acceptance of free admissions to the state fair in return for advertising the annual exposition. Mr. Mellor says in part:

Your letter of the 11th received with enclosure of resolutions passed by the executive committee of the Nebraska Press association.

We think such resolution were inspired by parties whose sordid desire for money overshadows their good judgment as they are manifestly unjust and not in accordance with fact.

The Nebraska State Board of Agriculture paid $1,344 to the country press for display advertising during the month of August last year, besides an additional amount to the city press. Readers were sent to the country press with a request that that the printing of same would be appreciated by the management and that such items would not be paid for other than by tickets to the state fair. The loyal boosters for Nebraska's advancement gave space for such items, and we resent the imputation that by receiving tickets for such advertising that they received "passes." We admit the payment was meager, but it was that much more recompense than received by the press from any other state institution, some of which also occupy valuable space without ever paying one cent for same.

The men in charge of the Nebraska state fair are doing their work at a personal loss of both time and money. The state fair business yields no personal profit to any man. Those who occupy positions of responsibility are men of sound fortunes, most of them accumulated in agriculture, who are interested in Nebraska's well being. It is also a remarkable fact that most of our critics are men who do not relish the weeks of hard work in the heat of midsummer that is necessary to build a fair. We invite the scrutiny of all of our efforts, and are constantly watching to make the fair bigger and better.

As your executive committee is probably aware, we make our contracts with the editor each year. It is our aim to give them the most liberal contracts in our power. For fifty-five years the State Board of Agriculture and the country editors have worked for the advancement of the state and its interests. We expect to increase our cash expenditures with the editors as the fair grows and prospers.

Let me assure you that the State Board of Agriculture has never considered the press ticket as a "pass" or a "burning question of scandalous proportion," which idea is merely the vaporing of the diseased imagination, coining the phrase from personal motives, and such a misstatement should not have been allowed to pass your executive board. I am sure this resolution does not reflect the opinion of one-tenth of the newspaper men of Nebraska, with whom we have been constant in our efforts to serve, and by our words and actions we have shown that we conscientiously appreciate what they are trying to do for our institutions and for Nebraska, the best state of the Union.

Lajoie Quarantined.

CLEVELAND, O., Feb. 14.—Napoleon LaJoie, Cleveland-American league second baseman, will not be able to go south with the rest of the Naps on the spring training trip, February 28, by reason of his home being under quarantine. His wife has diphtheria. Antitoxin was administered to Lajoie today. Mrs. LaJoie's condition is serious.

MOTORBOAT ICE SCOUTS TO PROTECT VESSELS

LONDON, Feb. 14.—Motorboat ice scouts are the feature of the latest scheme adopted by trans-Atlantic shipping companies as a means of circumventing ice perils during their voyage in the North Atlantic. The new Allan liners Alsatian and Calgarian are the first ships to be equipped in this way. Each of them is to carry on its next voyage two motor boats, each the size of a lifeboat, fitted with thirty horsepower motors and with wireless and submarine signalling apparatus.

The plan is to send these ice scouts ahead during foggy weather to report to the liners by wireless telegraphy the whereabouts of ice and other dangers.

The motor boats will also be available for towing life boats in the events of abandonment of a liner.
