CROP CONDITIONS IN THE SOUTHWEST.

REPUBLIC SPECIAL.

Washington, Oct. 10.—Southwestern local crop conditions are reported in to-day's region bulletin as follows:

Mississippi—Cotton generally deteriorated somewhat as a result of wet weather and injury wrought by worms, especially in the western portion, where young cotton has been stripped of foliage and young bolls; much sprouting in bolls in southwestern, and some rotting in central counties; nearly all open on uplands, but opening slowly on lowlands; picking hindered by rain for part of week, although well advanced in south. Sugar cane promising. Potatoes yielding well. Pasturage good.

Louisiana—Cotton at standstill; general rain early part of week and in some sections at close of week interrupted picking, heat continued and caused some sprouting in bolls; caterpillars are eating leaves and injuring bolls; much below average. Rain stimulated growth of sugarcane at sacrifice of sugar content. Fall planting and rice harvest retarded. Corn generally housed; hay damaged.

Texas—Mostly fair weather with cool nights, scattered showers early in week, some heavy, especially in west central portions, but fair latter part, picking and seeding progressing rapidly; cotton, where not damaged, fine condition of fiber; late cotton damaged, growth of late bolls helped slightly by showers; prospects for top crop less favorable on account of ravages of worms and boll weevils, latter becoming more numerous; bolls opening rapidly in central portions; injured by showers, but generally pushed under favorable conditions; open cotton damaged slightly by rain; rice and sugar cane good; other crops improved; fall sown rain fell, but badly needing rain elsewhere.

Arkansas—Warm, with general rains first of week, cotton shows no improvement, some shedding a serious fall; picking damage; top crop materially injured; open cotton shows loss in some localities than others; early crop about all gathered, yield generally poor; late corn doing fairly well, total failure some localities, but in other fields will be fair; some crops injured; very little fall plowing done; seeding fall grain not begun.

Tennessee—Little rain on 23 and 24; facilitated seeding of winter grains, which would progress favorably; early crops maturing well; late corn generally in fine condition; alternating warm, bright days and cool nights caused corn to open rapidly and about finished; early cotton fair to good; late, very good; yield and quality generally disappointing; tobacco, fine crop and curing; late forage crops injured.

Oklahoma and Indian Territory—Cotton opening fairly well, but pickings delayed somewhat by showers; yield and quality from fair to good; slight damage by rain and more damage by boll weevil; top will be short; some picking in some localities and is generally late; a little better crop in condition, as compared with preceding week.

As a table delicacy Jean Robineau's Olive Oil stands preeminent. Perfectly pure and a rich, delicate flavor. At all fancy grocers and druggists.

SLAYS WOMAN'S HUSBAND WHILE PROTECTING HER.

George G. Endicott Kills Jack Brewer With a Poker After Being Attacked With a Knife.

REPUBLIC SPECIAL.

Carrollton, Mo., Oct. 10.—While attempting to rescue his wife from her husband, George D. Endicott this morning was assaulted by Brewer with a knife and severely wounded.

Grabbing a poker, Endicott slew his assailant by brained him.

The Carrollton man separated Endicott from Brewer. The couple started the quarrel by upbraiding him for smoking cigarettes.

RHEUMATISM THE TERROR OF WINTER

Rheumatism is usually worse in Winter because of the cold and dampness and other changed conditions of the climate. The occasional twinges of the disease that are felt during the warmer weather are changed to piercing pains, the muscles become inflamed and swollen, the nerves get sore and excited, the bones ache, and Rheumatism, the terror of winter, takes possession of the system. Then the sufferer turns to the liniment bottle, the woolen clothes, the favorite plaster or some home remedy, in an effort to get relief. But Rheumatism is not a trouble that can be rubbed away or drawn out with a plaster; these things relieve the pain and reduce the inflammation, but do not reach the real cause of the trouble, and at the next exposure another attack comes on. Rheumatism is caused by a sour, acid condition of the blood. The refuse matter and bodily impurities which should be carried off through the channels of nature have been left in the system because of indigestion, weak Kidneys, torpid Liver and a general sluggish condition of the system. These impurities sour and form uric acid, which is absorbed by the blood and distributed to the different muscles, joints, nerves and bones, causing the painful symptoms of Rheumatism. S. S. S. goes to the root of the trouble and cures Rheumatism by cleansing the blood. It neutralizes the acids and filters them out of the circulation and sends a stream of pure, rich blood to all parts of the body. Then the pains cease, the inflammation subsides, the nerves are quieted, every symptom of the disease passes away, and the cure is permanent. S. S. S. is purely vegetable and does not injure the system as do those medicines containing Potash and other minerals. Book on Rheumatism and medical advice without charge.

COMPANY ROBBED OF $100,000 IN MONEY

Employe Who Received Package of Currency in Pittsburg Office Is Missing and Cannot Be Accounted For.

Pittsburg, Pa., Oct. 10.—The startling discovery was made late to-day that the Adams Express Company has been victimized to the extent of $100,000, supposably through the peculations of an employe.

The following official statement of the affair is given the Associated Press for publication:

"At 4:15 p. m. Monday, October 9, a bank of Pittsburg, Pa., delivered to the Adams Express Company in Pittsburg a package of currency containing $100,000. The package containing this large sum of money was consigned to a bank in Cincinnati. This package was received and receipted for by Edward George Cunliffe.

"Cunliffe left the office at the usual time last evening, and this morning, when he failed to report for duty, a hurried examination was made of his department, and it was learned that about $1,000 of funds intrusted to his care, were missing.

"General Agent Hiner of the Adams Express Company immediately called in detectives and placed the matter in their hands. Later developments brought to light the fact that in addition to the $1,000 missing, the bank package containing the $100,000 had not been receipted at the money forwarding office at Union Station, this city.

"Inquiries made at his residence, No. 214 Lucerne street, West End, Pittsburg, showed that Cunliffe arrived home at the customary time last evening, and, after exchanging his clothes, bade his family good-by, saying to his wife that he was going out for the evening, and nothing further than has been heard from him."

NEW INFORMATIONS AGAINST MEN HELD FOR TRAIN WRECK.

Prosecutor of Johnson County Would Reinstate Cases Against Conductor and Engineer.

Warrensburg, Mo., Oct. 10.—Prosecuting Attorney Ewell Cockrell has filed new informations against Conductor J. D. Horton and Engineer J. W. Preston, the two men held responsible by the Coroner's jury for the collision of a freight and passenger train three miles east of this city on the Missouri Pacific on October 10, 1904, just one year ago, when thirty passengers lost their lives.

Informations were filed against these men in the Circuit Court here at the time of the wreck, and through their attorneys a change of venue was taken to the Cass County Court.

When the case was called for trial a few days ago Harris-Wolf, they were dismissed and the men were brought here to answer to the new informations. Unless another change of venue should be granted.

GENERAL WESTON'S PLANS.

Will Arrive in St. Louis Between October 20 and 25.

Washington, Oct. 10.—Major General John F. Weston, who has been assigned to the command of the Department of Missouri, headquarters at St. Louis, said today that he expects to take command there between October 20 and 25. The order has been issued transferring him from the Commissary Department here and detaching him to the general staff. This is but a preliminary move to allow him time to close up his affairs here. On his way west he will stop officially at the University of Illinois, where he will inspect the cadets at the ceremony which will mark the installation of a new president of the university.

Jefferson City, Mo., Oct. 10.—Governor Folk to-day issued a requisition on the Governor of Kansas for the return of S. C. Meador of Moran, Kas., who is wanted in Pettis County for obtaining money under false pretenses.

Fingers Caught in Machine.

William Eberhardt, 14 years old, of No. 2209 Maiden lane, employed as a shoe worker at the Brown Shoe Company's plant, Eighteenth and Wash streets, had three fingers crushed while operating a lasting machine at that place. He was taken to the City Hospital. Eberhardt's left hand was caught between the belt and a small wheel.

G. H. BOEHMER HELD FOR MAN'S DEATH

Coroner's Jury Charges Local Merchant With Criminal Negligence, Following Inquest on Body of Peter Cummings.

At an inquest held yesterday at Granite City over the body of Peter Cummings, a saloonkeeper, who formerly resided near Horseshoe Lake, G. H. Boehmer of this city was held responsible for his death, charges being made that Mr. Boehmer's automobile had frightened Cummings's team and caused it to run away, Cummings receiving wounds which proval fatal.

According to the testimony, it was charged that Mr. Boehmer was returning in his automobile from a tour of the East, and that while near Horseshoe Lake the puffing of his machine frightened a team, which Cummings was driving, a runaway following.

Cummings, it was testified, was thrown out and sustained a broken leg and internal injuries, from which it was stated he died, after a short period. Witnesses telephoned to Venice and Madison to stop the machine and Policeman David Jones of that city and three other witnesses claimed that it was Mr. Boehmer's auto.

Coroner T. N. Streeper said that he had notified Mr. Boehmer to be present at the inquest, but that his order had been disregarded. He also said that Mr. Boehmer claimed to know nothing about the affair. Lester F. Tulley of Granite City was foreman of the jury and the verdict held Mr. Boehmer guilty of criminal negligence and responsible for the death.

When the verdict was returned, Coroner Streeper said that he had not yet issued a Coroner's warrant in the matter, but that he would make a personal investigation of the case for a few days to satisfy himself that all evidence had been brought in.

Mr. Boehmer is a well-known shoe dealer of this city, and resides at No. 3156 Raymond avenue. He said yesterday that, while he passed through Granite City in an auto upon his return from the tour, he saw no such horse and wagon. He added that the machine in which he rode, moreover, was driven by a member of a Michigan automobile firm, and that he could not have been held responsible for any accident, and one occurred.

NORTH SIDE FOR FREE BRIDGE.

Citizens' Association Indorses Bond Issue With This Rider.

The North St. Louis Citizens' Association held a meeting last night at North St. Louis Turner Hall to discuss the free bridge and bond-issue propositions. The following resolution was unanimously passed:

"Resolved, That this association favors the bond-issue ordinance; provided, however, that provisions be made therein for a free wagon and railroad bridge."

A special committee was appointed to represent the association in furthering its aims in these matters, consisting of Messrs. J. H. McCabe, C. C. Crone, J. H. Gundlach, Judge J. R. Kinealy, Farwell Walton and C. J. Hannebrink. This committee was instructed to co-operate with like committees from other associations.

Provisions were made for a monster mass meeting soon to be held for the purpose of creating enthusiasm in North St. Louis over the free-bridge movement.

BARRINGTON CASE IS ARGUED.

Decision From Supreme Court Expected Within Month.

REPUBLIC SPECIAL.

Jefferson City, Mo., Oct. 10.—The first case to be called in the Supreme Court here this morning was that against F. S. Barrington, who is under sentence to be hanged for the murder of James T. McCann of St. Louis.

Assistant Attorney General Kennish was assisted by Rowland Johnson, Prosecuting Attorney of St. Louis County.

Barrington was represented by Attorneys Shelley Grover and Wilfred Johnson. They set up twenty-one points in their brief, but argued only three, setting forth that Barrington should have been granted a change of venue, and that the names of the witnesses were not on the back of the indictment.

The arguments in the case were concluded at 3:30 in the afternoon. It will be about a month before a decision is rendered.

Credit Men to Meet.

It is expected that the meeting to-morrow evening of the St. Louis Credit Men's Association at the Mercantile Club will be the best in point of attendance in the history of the association. It is believed that many new members will be added to the association at this meeting.

A LETTER TO OUR READERS

13 COTTAGE ST., MELROSE, MASS.
DEAR SIR: JAN. 11th, 1904.

"Ever since I was in the army, I had more or less kidney trouble, and within the past year it became so severe and complicated that I suffered everything and was much alarmed—my strength and power was fast leaving me. I saw an advertisement of Swamp-Root and wrote asking for advice. I began the use of the medicine and noted a decided improvement after taking Swamp-Root only a short time.

I continued its use and am thankful to say that I am entirely cured and strong. In order to be very sure about this, I had a doctor examine some of my water to-day and he pronounced it all right and in splendid condition.

I know that your Swamp-Root is purely vegetable and does not contain any harmful drugs. Thanking you for my complete recovery and recommending Swamp-Root to all sufferers, I am."

Very truly yours,
I. C. RICHARDSON.

You may have a sample bottle of this wonderful remedy, Dr. Kilmer's Swamp-Root, sent absolutely free by mail, also a book telling all about Swamp-Root. If you are already convinced that Swamp-Root is what you need, you can purchase the regular fifty-cent and one-dollar size bottles at the drug stores everywhere. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

TO ASK CONGRESS TO PRINT REPORT OF LADY MANAGERS.

Mrs. Daniel Manning to Go to Washington to Induce Passage of Bill Authorizing Government to Bear Expense.

Washington, Oct. 10.—Mrs. Daniel Manning of New York, president of the Board of Lady Managers of the St. Louis World's Fair, has given notice that she is coming to Washington this winter to induce Congress to print the report of the body. This document contains 125,000 words, and if printed would make a bulky document.

Representative Charles B. Landis of Indiana, chairman of the House Committee on Printing, has been advised of Mrs. Manning's intention. He is opposed to the Government bearing the cost of the printing and the distribution of the report of the lady managers.

Mrs. Potter Palmer of Chicago came here in the winter of 1900 with the avowed intention of having a bill passed authorizing the printing of the report of the lady managers of the Chicago world's fair.

She remained in Washington two weeks, but was unsuccessful in her mission.

Veteran Soldier Is Robbed.

Thomas F. Carroll, 67 years old, a veteran soldier from Clinton, Ia., reported to the police last night that a negro highwayman robbed him at 5:30 p. m., at Market street and Commercial alley. He said the negro grabbed his purse, which contained $35 in money, a pension check for $24 and his pension papers. Carroll says the negro thrust his hand into his pocket, secured the purse, and ran away.

A "Hair-saver" that grows in popularity.

NEWBRO'S HERPICIDE

The ORIGINAL remedy that "kills the Dandruff Germ."

GOING! GOING!! GONE!!!

NOT A HAIR-GROWER.

Newbro's Herpicide will not grow hair—nature does this—but by destroying the microbic enemies of hair health the hair is bound to grow as nature intended; except in chronic baldness. It requires but a slight knowledge of scalp anatomy to know that the hair gets its nourishment direct from the hair-papilla. Therefore, the only rational treatment is to destroy the cause of the disease. Herpicide does this; it cures dandruff, stops falling hair and relieves itching. A delightful hair dressing. Gives extraordinary results. Try it.
