COMMERCIAL AND MONEY MATTERS.

For sales of Stocks, &c. see Fourth Page.

MONDAY, Jan. 29—P.M.

The non-arrival of gold by the Crescent City has caused considerable disappointment in the street, and caused a complete revulsion of feeling. The buoyancy which distinguished the market on Saturday has been lost, and all descriptions declined. It is true that there had been no arrival at Panama from the northward since the Falcon left, by which gold could have been received, but the bears argue that there should have been, if the amount collected is so large as has been stated, and are making the most of the disappointment.

In Exchanges there is little or nothing doing.—Sterling is 8⅞@9, and dull.

Freights continue active for California at 2 50@3 50 for bbls., 50@60c. per foot. To Liverpool 200 or 300 tons Heavy Freight, Lard, Hams, Pork, &c. were taken at 25s@27s 6d; 300 or 400 bales Cotton at 5-16d. and 12,000 bush Corn, in a British vessel, 6d per bush.

There is a fair demand for Money, in Bank, but no stringency. In the street the supply continues to be good at 6 per ct. on first-class collateral, and 7 per ct on A No. 1 paper.

Three new powerful engines were put on the Erie Railroad last week, and the whole motive power of the road has been put in perfect repair.

The temporary arrangement between the New-York and New-Haven Road and the Hartford and New-Haven Road goes into operation to-day. The connecting link between the two roads has been completed, and passengers are now ticketed through for $3. Coming this way passengers, upon their arrival at New-Haven, take the road or the boat, at their option. We trust this arrangement will lead to a thorough good understanding between the two Companies.

The Harlem Railroad now receives from 900 to 1,000 passengers daily from the New-Haven Company, for whom they receive 14 cents each, equal to $125 to $140 per day.

The amount of coal transported on the Reading Road last week was $11,020 tons. Total this year 32,129 tons.

The *Bulletin*, (Phila.) is figuring up a railroad connection between Philadelphia and Lake Erie shorter than that between New-York and the same point, and to be made somewhat at our expense, over which fact the *Bulletin* is rather disposed to chuckle. However we shall, we think, get some trade out of the Erie extension before the connection between Tamaqua and Blossburg is completed. The following is the schedule furnished by the *Bulletin*:

1. From Philadelphia, by Reading Railroad, to Port Clinton	78 miles.
2. From Port Clinton to Tamaqua	21

The bill to amend the charter of the Morris Canal in the New Jersey Legislature has been recommitted in order to insert a provision interdicting farther banking. In the House some 20 or 30 petitioners asked for an investigation of the affairs of the Camden Insurance Co. and a repeal of its charter, which they say has been purchased and perverted by some New-York speculators. The President, though required to be a citizen of this State, resides in Philadelphia, while its business office is in Wall-street, New-York, and large sums of money are said to be due and unpaid on their policies of insurance, the creditors being unable to reach them by the law out of the State. The subject was referred to the Committee on Corporations with power to send for persons, papers, &c.

☞ **Another Important Letter from Georgia—Read it.**—We are daily receiving testimony like the following from the North, South, East and West:

GENTLEMEN—I was afflicted with asthma for fourteen years, and had tried every remedy in the country; I had also been to several physicians and found no relief whatever. I was afflicted at times so severely, that the blood would gush from my nose, and my breathing was difficult. Indeed the disease had gained so much on me that I despaired of ever getting well, when I chanced to get a bottle of WISTAR'S Balsam of Wild Cherry, which effected a perfect cure, and I now consider myself perfectly sound. This can be proved by numbers of men in Franklin County and vicinity, and I think it my duty to let it be known.

THOMAS A. PATRICK.

Franklin County, Georgia, Nov. 18, 1848.

Be not deceived, remember that spurious imitations and other preparations of Wild Cherry abound throughout the land, but it is Dr. WISTAR'S that has performed so many thousand wonderful cures, therefore buy no other, buy the genuine original Balsam of Wild Cherry signed I. BUTTS on the wrapper.
