READING OF THE "DEATH WARRANT" TO JOHN W. WEBSTER.—About 10½ o'clock this forenoon, High Sheriff Eveleth, accompanied by Rev. Dr. Putnam and Deputy Jailor Andrews, visited the cell of John W. Webster, and after announcing to him the object of their visit, the Sheriff proceeded to read to him the warrant for his execution. The prisoner listened attentively, and at the conclusion of the reading said, "GOD'S WILL BE DONE—I AM RESIGNED TO MY FATE." The Sheriff and Jailor then retired, leaving Dr. Putnam with him in his cell. The time fixed by the warrant for the execution is between the hours of 8 and 11 o'clock. [Boston Journal, Monday.

POSTMASTER SENTENCED.—On Tuesday last, in the District Court at Boston, Joab C. Bartlett, late postmaster at Groot's Corner, Montague, plea l guilty to the indictment against him for stealing letters from the mail, and was sentenced to ten years' confinement in the jail in this town, (to which he was committed last Wednesday,) instead of the State Prison. The *Boston Traveller* says that Mr. Bartlett, "soon after his incarceration in Leverett st. Jail, sent for a friend of his younger days, his Sunday school teacher. To this true friend he related the situation into which he had been brought by his sin. This friend advised him to plead guilty and to throw himself upon the mercy of the Court. To this course he assented. The Court could not lessen his sentence, but in consequence of the state of his health and other circumstances, named his place of imprisonment as near his former place of residence as possible." [Greenfield Democrat.

BROWN UNIVERSITY.—We learn that the entire subscription to the fund of Brown University has reached $110,000, which is within $15,000 of the sum originally proposed. We learn, also, that the subscription having advanced so far, and with good assurance of further aid, the committee have reported to the President, that the success of the plan, so far as the money is concerned, may be regarded as assured, and that consequently it will be safe to go on with the new organization as rapidly as may deemed advisable. Of the sum raised, about $96,000 have come from this city. This liberality is credible to our citizens, and the sum so expended will prove an investment which they will never have cause to regret. A meeting of the corporation of the University will soon be called, when the entire plan will be decided upon, and we presume that it will be carried into effect as rapidly as so important a change can be made with prudence. The experiment will be made, therefore, under the most favorable auspices. We shall be disappointed if it do not prove greatly successful. [Providence Journ. 22d.

HON. DANIEL P. KING.—We are gratified (says the *Boston Journal* of Monday.) to be able to state that intelligence has been received from Hon. Daniel P. King this morning to the effect that he is better, and it is expected that he will recover. The disease with which he is suffering is the dysentery. It is hardly necessary for us to add that the report of the decease of Mr. King is unfounded. We trust that he will yet be spared for many years of continued usefulness.

LARGE AND VALUABLE CARGO.—The ship Chas. Crocker, Capt. Duncan, which cleared from Charleston on the 18th inst. for Liverpool, takes out one of the largest and most valuable cargoes ever sent from that port. It consists of 3,952 bales Upland, 354 Sea Island, and 16 round bales Georgia Cotton, total, 4,195 bales. Weight of the same, 1,581,058 pounds. Value, $230,355 85.

AN OPPORTUNITY
TO PROPRIETORS OF HOTELS, BOARDING-SCHOOLS AND BOARDING-HOUSES.

THE ADVERTISER, being proprietor of the Irving Institute property, at Tarrytown, occupied for twelve years past as a boarding-school, is desirous of retiring from the business, and would be glad to dispose of his property on reasonable terms; allowing, if desired two-thirds of the purchase money to remain on bond and mortgage. If not sold before October next, he would probably be willing to lease it for a term of years. It is admirably situated and adapted for a public house. The location is perhaps the most desirable that could be selected on the Hudson. Tarrytown is known to be one of the oldest and most agreeable towns in this section of the country, altogether salubrious and moral. It is distant but twenty-five miles from New-York, and is visited in forty-five minutes, several times a day, by cars of the Hudson River Railroad, and twice a day by steamboats. The site is less than half a mile from the depôt and the steamboat landing, and being elevated, the prospect is extensive and delightful, commanding a splendid view of the Valley of the Hudson for forty miles, from New York to the Highlands.

The edifice is a commodious brick building, 40 feet square, with wings 24 by 32 feet, and a large two-story rear building (also brick) 26 by 40 feet, the whole erected expressly for the Institute, and constructed with all the facilities for boarding house convenience. The premises embracing about four acres, at the junction of two principal streets, contain numerous shade and fruit trees, summer-houses, a large barn, carriage-house and gymnasium.

As any party interested in this advertisement will undoubtedly visit the place, a more particular description is unnecessary.

Application must be made to the subscriber on the premises. WM. P. LYON, Irving Institute, Tarrytown. je29 2awlm8tW

THE HUDSON MANUFACTURING COMPANY.
CAPITAL, 500,000 DOLLARS.

THIS COMPANY WAS CHARTERED BY THE State of New Jersey for the manufacture of

PATENT ZINC PAINT.

THE SUBSCRIBERS, Agents of the New-Jersey Exploring and Mining Company, have received from their extensive Works at Newark a supply of the Patent Zinc Brown and Franklinite Paints, which will be disposed of on reasonable terms.

These paints consist of various shades, from a deep, rich brown, up to a deep orange, and also black; and being composed of metallic oxides, their lasting properties and economy can be confidently recommended. This Company also prepares, from the same oxides, paints peculiarly valuable for the coating of iron and of tin, forming the best protection against oxidization now known.

These paints, when applied to wood, form, also, a valuable protection against fire.

A supply of the Company's beautiful White Oxide of Zinc, now so extensively used in Paris and other parts of Europe, as the most valuable substitute for white lead and other deleterious paints, is shortly expected. For sale by the subscribers, S. T. JONES & CO. jy1 tf 53 Beaver-st.

GREAT IMPROVEMENT IN DENTISTRY.—DR. NAPOLEON PRETERRE, Surgeon Dentist, lately from Paris, now at 333 Broadway, opposite the Theater, informs the public in general that persons who have had the misfortune of losing their teeth, can have them replaced, so as not to be distinguished from natural ones. His new sets of teeth, put in without pain, (with which one can grind the hardest aliments) are remarkable for their transparency and lightness; they serve, not only to perform mastication, and endow the voice with a distinct and easy articulation, but to bestow upon physiognomy that grace and regularity which are the most brilliant appendages of beauty. Gold used in all operations will be of the first quality. Terms very moderate. jy8 2meod*
