M., to build a sewer with the necessary receiving basins and culverts, in Twenty-ninth street, between Lexington and Third avenues, being in length about 300 feet. The plan of the sewer and specifications for the building of the same, and all other information relating thereto, can be obtained on application to the Contract Clerk, at this office.

NICHOLAS DEAN, President of the Croton Aqueduct Department.

New York, August 12, 1852. Croton Aqueduct Department.

CROTON AQUEDUCT DEPARTMENT.—TAPPING Pipes.—Sealed proposals will be received at the office of the Department, Rotunda, (Park,) until Thursday, September 9th, at 3 o'clock, P. M., to insert 5,000 taps in the street mains, with which to connect service pipes. Those taps must be inserted promptly, from day to day, as the same are required to be done by the Department, and while the mains are under pressure. All the tools necessary to perform the service must be furnished by the contractor, as also the conveyance to transport him from place to place. Sufficient bond, with satisfactory surety conditioned, for the strict fulfillment of the contract, will be required. Proposals must state a price for each tap inserted. The taps will be found by the Department. Blank forms of estimates, in accordance with the Corporation Ordinances, can be had on application at this office.

NICHOLAS DEAN, President.

JULIA DEAN,

Have you seen Julia Dean?
She is every inch a queen.
Only think how it would mar
All the beauty of the "star,"
Should her face, that all adore,
Be by bed-bugs bitten o'er.
Would you scape the blotches red
Where these insects would have fed?
And the keen and poisonous stings
Of those leeches upon wings,
Called mosquitoes, then away
To four twenty-four Broadway;
LYON'S Powder and his Pill
You can purchase there.
One all insect pests will kill,
And rats and mice the other will.
Destroy—no thousands swear.
