THOMAS REDMOND, (short term),
of Adams County.

For Congressman—4th District,
P. L. CABLE,
of Rock Island County.

[CONTINUED FROM YESTERDAY.]

It is double the entire expenditures of Van Buren's four years' extravagant administration, for which he was hurled from power.

It exceeds by $70,000,000 the expenditures of Polk's administration of the government, during which we prosecuted successfully the Mexican war.

The largest annual expenditure ever made by our government, exclusive of payments on the public debt, in any one year, in peace or war, before the advent to power of the republican party, was $72,291,119 70.

The average annual expenditure for each decade for 40 years preceding republican rule was:

1821 to 1831	$16,170,070
1831 to 1841	25,930,000
1841 to 1851	35,740,000
1851 to 1861	60,850,000

The third of these periods (from 1841 to 1851) embraces the time of the Mexican war, and yet the average annual expenditure for this decade, for all purposes, including civil list, pensions, Indians, navy and war departments, do not reach $36,000,000.

For faforation and purposes of comparison with the present wonderfully economical administration of President Grant, I will give here some tables, compiled from the official records, showing the actual expenditures of different democratic administrations:

EXPENDITURES OF JACKSON'S ADMINISTRATION FOR ALL PURPOSES, EXCLUSIVE ONLY PAYMENTS ON THE PUBLIC DEBT.

1829	$12,660,400 62
1830	13,229,533 23
1831	13,861,067 90
1832	15,516,388 71
1833	22,712,732 11
1834	18,459,417 23
1835	17,514,950 78
1836	30,868,164 01
Eight years	$145,792,677 24

EXPENDITURES OF VAN BUREN'S ADMINISTRATION.

1837	$37,248,214 24
1838	32,819,718 68
1839	26,498,948 72
1840	24,131,929 11
Four years	$120,721,801 75

EXPENDITURES OF POLK'S ADMINISTRATION, FOR ALL PURPOSES, INCLUDING ONLY PAYMENT ON THE PUBLIC DEBT.

1845-'6	$26,418,459 59
1846-'7	58,801,569 37
1847-'8	46,227,454 77
1848-'9	39,933,533 61
Four years	$165,381,017 24

EXPENDITURES OF THE WAR DEPARTMENT DURING POLK'S ADMINISTRATION, INCLUDING THE MEXICAN WAR.

1845-'6	$10,362,374 36
1846-'7	33,776,95 72
1847-'8	27,848,374 88
1848-'9	19,563,443 29
Total	$90,540,688 21

EXPENDITURES OF BUCHANAN'S ADMINISTRATION (EXCLUDING ONLY PAYMENTS OF THE PUBLIC DEBT.

1857-'8	$72,791,119 70
1858-'9	66,257,109 72
1859-'60	66,010,412 58
1860-'61	62,537,171 62
Four years	261,165,869 62

Buchanan's administration was confessedly an extravagant one, and he was justly condemned for his extravagance. But, as compared with the present times, his administration was economy itself.

The expenditures of the war department alone for the year ending 30th of June last (in a time of profound peace), as shown officially, and as stated in the address of the republican congressional committee, amount to $37,655,675 40. This is more than $20,000,000 in excess of the highest expenditures of the war department for any one year during the prosecution of the Mexican war. It is nearly $4,000,000 in excess of the entire expenditures of Polk's administration for all purposes,—army, navy civil list, Indians, pensions, post office department, &c., during any one year of the Mexican war. Grant's administration is certainly a marvel of economy! But I am willing to leave these figures to be studied and mastered by an intelligent and candid people.

It is certainly no matter of wonder that, with all these evidences of wasteful expenditures before him, the chairman of the committee on appropriations should, from his place in the house, have spoken of it more in sorrow than in anger. I read again from the speech of Mr. Dawes, of the 18th of January last:

"Mr. Dawes—I have a right to complain of the other end of the avenue, that with all its professions of economy and reduction of unnecessary force in the departments, with all the heralding by telegraph or otherwise of its purpose of reduction, there is not one of these departments that does not estimate to-day, in the book I have before me, for an increase of expenditure over the appropriations of last year, save only one, and that is the poor, unpopular attorney general. I hope it is not because of this remarkable trait in his character that it is contemplated at the other end of the capitol to relieve him from further public service, and to drive him into private life."

PUBLIC LANDS.

Perhaps no better evidence can be found of the utter demoralization and profligacy in the administration of our affairs than is seen in the wreckless, waste and corrupt squandering of our magnificent public domains. Before the accession to power of the republican party, grants of land to some of the Western states had been made to aid in public improvements. The grant to Illinois to aid in the construction of the Illinois railroad, amounted to about 2,500,000 acres. These generally resulted in promoting the public welfare. It was not until 1862 tha the trick was inaugurated of voting away whole empires to private corporations made up of rings of organized favorites of the party in power. In that year, at one fool swoop, 35,000,000 acres were granted to the Union Pacific Railroad company alone. I say nothing here of the imperial subsidy in government bonds granted to the same company. Not satisfied with this, in 1864 congress granted to an association of gentlemen, organized under the name of the Northern Pacific Railroad company, each alternate section of an empire 80 miles wide, and stretching clear across the continent, from Lake Superior to the Pacific ocean. The estimated number of acres contained in this grant is 47,000,000, equal to the entire area of the great states of Ohio and Indiana. Not content with this, an act was passed during the late session of congress, and approved by the president on the 21st day of May last increasing very largely this grant, and the franchises and privileges of this now imperial corporation. A number of other grants of this character have been made that I cannot now stop to enumerate. I hold in my hand "The Hand-Book of Politics" just published, by Mr McPherson the republican clerk of the house of representatives. On page 625 will be found a table showing the area of the land states, the amount of land granted to railroads, sold, and otherwise disposed of, and the amount remaining on hand in each." To this table is appended the following note:

"The amount remaining on hand is subject to a reduction of 163,496,626 acres, granted by congress to aid in the construction of railroad lines, and not yet selected and certified to them."

Can any mind here take in these enormous figures at one grasp?—163,000,000 acres awaiting selection by organized rings of plunderers under grants already made by congress? How much is this? We can only comprehend its magnitude by comparison. The State of Indiana contains but 21,000,000 acres, and Ohio the empire state of the west, contains but 25,000,000. There is a fraction over in each case, but I state it in round numbers for convenience. This land, then, now awaiting selection by the land grabbers, under acts of congress already passed (according to this republican authority,) if consolidated into one body, would make seven states of the size of Indiana, or six states of the size of Ohio, and in either case we would have land enough left to make several New England states.

But this is not all. Something like a cart load of bills are now pending in congress asking for additional land grants. They lie there awaiting the action of the people at the polls. Some of them have already passed the senate. If the men who have made these grants are indorsed by re-election, then farewell to the homesteads of the homeless and of unborn generations. The poor will be given over to oppression, and one half of our country to the heartless domination of monster corporations,

REPUBLICAN STATE CONVENTION.

Our friends of the republican party met here in convention on the 1st inst. Representing what has been for ten years or more the dominant party of our imperial state, their responsibilities were great, and, looking myself only to the interests of our great country, I will frankly admit that I hoped and expected a far different result from their deliberations. I hoped to see this great party, with so much power, for good or evil, take a new departure in the northwest, or at least in Illinois, and to hear them assert, with no hesitating or uncertain voice, the rights of the west, and to boldly proclaim that they will no longer be the mere tail to the kite of New England and the money lords who are rioting on the fruits of our labors, and annually robbing us of uncounted millions. I hoped to hear them proclaim that the great republican party of the west will no longer be mere cat's paws in the hands of the bondholders, bankers, manufacturers and land grabbers, who are seizing by wholesale upon the inheritance of the people. As an Illinoisan, proud of our noble state, I read the platform adopted here by that convention with feelings of pain and mortification. It is a shameless and humiliating evasion of all the vital questions that interest the great body of our people; a disgraceful abandonment of the rights of the entire west.

It is notorious, and has been time and again charged and proven by leading papers of the republican party:

That within the last ten years (the time of the republican party has had absolute control of the country) our state expenditures have quadrupled, and venality and corruption have run riot in our legislative halls to such an extent that they have become a disgrace and a stench in the nostrils of the civilized world;

That the federal congress is run and controlled largely by tariff, bondholding, and land grabbing rings, to the injury and threatened ruin of the country;

That under pretence of raising revenue for the purposes of the government, an outrageous tariff system has been built up that robs the people of the west of millions of dollars annually, to enrich the lordly manufacturers who are already rioting in wealth;

That under these systems, labor is made tributary to capital, and lordly aristocracies are being built up upon the ruins of a free people;

That the expenditures of the government are most wasteful and extravagant, and the hard earned substance of the people is wrongfully wrung from them to feed a hungry horde of useless office holders;

That our magnificent public domain, the rightful inheritance of the future homeless millions of our growing country is being shamelessly squandered by more than princely grants to organized rings of greedy speculators;

That in this way soulless corporations are built up, and endowed with franchises, wealth and power too great for the safety of a republican government;

That high public officials, by some magic process beyond the comprehension of the honest masses, have suddenly grown from poverty to princely wealth, and by aping the splendors of European aristocracy, are bringing reproach and shame upon republican institutions;

That the great office heretofore filled and honored by Washington, Jefferson and Jackson, has become little better than an office brokerage, and that the shameless manner in which the chief executive has conferred high office in return for princely largesses to himself, the attempt to pack the supreme court to secure a desired judicial decision, and the open, shameless effort to lobby through the senate the disgraceful San Domingo job, have brought shame and humiliation to an entire people;

DR. S. O. RICHARDSON'S
SHERRY WINE BITTERS
The celebrated New England Remedy for the cure of Jaundice, Fever and Ague, General Debility, and all diseases arising from a Disordered Stomach, Liver or Bowels.

Read the following from Dr. Leeper, for many years the most prominent physician and druggist of the place:

Navarre, Stark co., Ohio, June 21.
Some time since, I received a lot of Dr. Richardson's Sherry Wine Bitters to sell on commission. They are all sold, and your further supply of three dozen just received. I think I shall need more soon, as they are in good demand and highly praised by sufferers from indigestion, dyspepsia and liver complaint.

ALLEN'S LUNG BALSAM.
Those who are afflicted with a Cough or with Consumption, read the following letter, from a prominent merchant of Marine City, Michigan:

Marine City, Mich., July 28, 1870.
J. N. HARRIS & Co.—Dear Sirs: The Allen's Lung Balsam has arrived. I would not like to be without it, for it has saved my life. I took a bad cold, and a cough, and finally consumption was seated upon me. I was in a very bad state. I tried everything that was recommended, and spent a great deal of money and got no help. I had the Allen's Lung Balsam for sale, but I knew nothing of its merits. I did not like to take it without knowing more about it. I had not sold a bottle. When your agent called on me I told him I could not sell a medicine I knew nothing about. He urged me to try it myself. I did so, and to my grateful surprise the first bottle stopped my cough, and before the third bottle was taken my lungs were healed and well, and I can now speak knowingly to my friends and customers of the good qualities of Allen's Lung Balsam.
I remain, yours respectfully,
L. C. COTTRELL.
Allen's Lung Balsam contains no opium. It is safe for the most delicate to take.

SPECIAL NOTICES.

How to Cure Consumption.

THE PHILOSOPHY OF DR. SCHENCK'S GREAT MEDICINES—Will people never learn to know that a diseased liver and stomach necessarily disease the entire system? The plainest principles of common sense teach this, and yet there are thousands who ridicule the idea, and continue in a course which almost inevitably brings them prematurely to the grave. Living, as the majority of people do, at complete variance with the laws of nature, it must be apparent to all that, sooner or later, nature will revenge herself. Hence we find that persons who indulge to excess in the use of very rich or indigestible food or intoxicating drinks, invariably pay a heavy penalty in the end. The stomach becomes disordered, and refuses to act; the liver fails to perform its functions; dyspepsia and its attendant evils follow, and still the suffering individuals persist in clinging to the thoroughly exploded ideas of the past. Dr. Schenck's medicines are recommended to all such. They bring sure and certain relief wherever they are used as directed, and all that is necessary to establish their reputation with every ailing man or woman in the land is a fair and impartial trial of them. Let those who are skeptical on this point, and who have permitted interested persons to prejudice them against these now celebrated remedies for consumption, discard their prejudices, and be governed by the principles of reason and common sense. If the system is disordered, depend upon it, in nine cases out of ten, the seat of the disorder will be found it the stomach and liver. To cleanse and invigorate the stomach and to stimulate the liver to healthy action, use

SCHENCK'S MANDRAKE PILLS—The daily increasing demand for these pills is the best evidence of their value. Thousands upon thousands of boxes are sold daily. Why? Simply because they act promptly and efficiently.—Invalids who may not find it convenient to call on Dr. Schenck in person, are informed that full directions for use accompany each package of the

MANDRAKE PILLS, PULMONIC SYRUP AND SEAWEED TONIC.—These medicines will cure Consumption, unless the lungs are so far gone that the patient is entirely beyond the reach of medical relief.

It may be asked, by those who are not familiar with the virtues of these great remedies, "How do Dr. Schenck's medicines effect their wonderful cures of Consumption?"

The answer is a simple one. They begin their work of restoration by bringing the stomach, liver and bowels into an active, healthy condition. It is food that cures this formidable disease.—Schenck's Mandrake Pills act on the liver and stomach, promoting healthy secretion, and removing the bile and slime which have resulted from the inactive or torpid condition of these organs and of the system generally. This sluggish state of the body and the consequent accumulation of the unhealthy substances named, prevent the proper digestion of food, and as a natural consequence create disease, which results in prostration and finally in death.

Schenck's Pulmonic Syrup and Seaweed Tonic when taken regularly, mingle with the food, aid the digestive organs, make good, rich blood, and as a natural consequence, give flesh and strength to the patient. Let the faculty say what they may, this is the only true cure for Consumption. Experience has proved it beyond the shadow of a doubt, and thousands are to-day alive and well who a few years since were regarded as hopeless cases, but who were induced to try Dr. Schenck's remedies, and were restored to permanent health by their use.

One of the first steps the physician should take with a consumptive patient is to invigorate the system. Now, how is this to be done? Certainly not by giving medicines that exhaust and enervate—medicines that impair instead of improve the functions of the digestive organs. Dr. Schenck's medicines cleanse the stomach and bowels of all substances which are calculated to irritate or weaken them. They create an appetite—promote healthful digestion—make good blood, and as a consequence, they invigorate and strengthen the entire system, and more especially those parts which are diseased. If this cannot be done, then the case must be regarded as a hopeless one.

If the physician finds it impossible to make a PATIENT FEEL HUNGRY, if the diseased person cannot partake of good nourishing food and properly digest it, it is impossible that he can gain in flesh and strength; it is equally impossible to bring a patient to this condition so long as the liver is burdened with diseased bile, and the stomach laboured with unhealthy slime.

Almost the first request made to the physician by a consumptive patient is that he will prescribe medicines that will remove or allay the cough, night sweats and chills, which are the sure attendants on Consumption. But this should not be done, for the cough is only an effort of nature to relieve itself, and the night sweats and chills are caused by the diseased lungs. The remedies ordinarily prescribed do more harm than good. They impair the functions of the stomach, impede healthy digestion, and aggravate rather than cure the disease.

There is after all, nothing like facts with which to substantiate a position, and it is upon facts that Dr. Schenck relies. Nearly all who have taken his medicine in accordance with his directions have not only been cured of Consumption, but from the fact that these medicines act with wonderful power upon the digestive organs patients thus cured speedily gain flesh. Cleansing the system of all impurities, they lay the foundation for a solid, substantial structure. Restoring these organs to health, they create an appetite. The food is properly assimilated; the quantity of blood is not only increased but it is made rich and strong, and in the face of such condition of the system all disease must be banished.

Full directions accompany each of the medicines, so that it is not absolutely necessary that patients should see Dr. Schenck personally unless they desire to have their lungs examined. Advice given without charge, but for a thorough examination with the Respirometer the charge is five dollars.

Price of Pulmonic Syrup and Seaweed Tonic, each, $1 50 per bottle, or $7 50 a half dozen. Mandrake Pills 25 cents per box. For sale by all druggists in Rock Island. mch16-d&wly

ROSADALIS!

HUNTSVILLE, ALA., March 29, 1869.
Gentlemen:—For two years I was a sufferer with Inflammatory Rheumatism. During that time I took various remedies that professed to cure the disease, but with no success. About six months ago "Rosadalis" was recommended to me by my physician. I took it as prescribed and the result is very satisfactory. Besides my own I know many other cases in which the Rosadalis has proved successful.
Yours truly,
J. J. PITMAN,
Postmaster at Huntsville, Ala.

[*Extract from letter of 20th March, from A. F. Wheeler, Esq., Druggist, Lima, Ohio:*]
* * * * In conclusion I can say Rosalis is the best blood purifier we have, without doubt.

An old and experienced physician says, "much that he learned under the name of science has died out, and that simple homely experience has largely taken the place of that scholastic knowledge to which he and perhaps his instructor once attached a paramount importance." The fact is: that "simple homely experience," is the gist of his scholastic attainments, and a really successful medicine, compounded of vegetable products, like Dr. Walker's *Vegetable Vinegar Bitters*, proves the scientific research that has made it such.

Sickness, Pain and Death,

Legitimately result as penalties for violations of natural laws, from which none escape.

The faded cheek, the pale and wan features the dull eye, the clouded intellect, the deep heaving sigh, the feeble and emaciated frame, the dejected brow, the tottering gait, all indicate previous transgression of law. Knowing that "procrastination is the thief of time," all intelligent beings apply for some remedy as soon as circumstances permit; while those who do not act upon the principle that "delays are dangerous," generally linger, lose more time and pay more money.

Thousands of mothers and daughters, in all stations and conditions of life, are suffering, lingering and dying from the effects of some dreadful

Female Complaint,

That claims its victims throughout the length and breadth of our land.

Many females suffer in some way at each monthly period; some girls are in great peril at the commencement of menstruation, while other ones dread its decline at the "turn of life." Some times the menstrual flow is too much, or too little, or may be attended with pain; may be irregular or entirely checked, or changed in appearance, attended with other distressing symptoms. Leucorrhœa, or the "Whites," frequently drains the system, or ulceration of the womb may create pain and cause rapid prostration.

Falling of the womb is an exceedingly common complaint, giving much trouble and distress which, under ordinary treatment, is difficult to cure.

Hysterics, Green Sickness, Irritability of the Womb, and other serious and fatal complaints follow the female sex throughout life. Lives there a medical gentleman who has or can relieve the fair sex of the above troubles? Not many. Is there no combination of remedial agents that will come to her rescue? We answer, Yes.

English Female Bitters,

The only acknowledged Uterine Tonic and Female Regulator known, will cure all those complaints above mentioned in an incredibly short time. The Bitters at once arouses, strengthens and restores the womb to its natural condition, removing obstructions, relieving pain and regulating the monthly period. Yonder stands a pale, feeble and languid girl, just bursting into womanhood; she is the pride of all, but hark! she silently steals a pickle, calls chalk, or a slate pencil; her appetite for food she turns with a dull eye and seeks solitude; her eye no longer sparkles; her merry laugh is no longer heard ringing through the air; she mopes about with bloodless lips and gums, with headache, palpitation, constipation, swimming of the head, cold feet and hands, melancholy; she has a coated tongue, offensive breath, and a host of other evils too numerous to mention.

When neglected all these symptoms become aggravated, there is sick stomach, hear burn, a dark line settles under the eyes, the legs and ankles are swollen, the hair loses its gloss and falls off, there is faintness and splitting of the finger nails, swollen abdomen, extreme nervousness, fretfulness, pains and aches, dry cough, Hysterical Fits, rapid prostration, epilepsy and death! If you, or any of your friends, are thus afflicted, send at once for a bottle of English Female Bitters and be cured. Its effects are magical in such complaints. Surely no mother will postpone and delay this duty until

Death is at the Door.

In all these complaints the system evidently shows a want of red blood, and Mr. Churchill, in his work on Diseases of Females, says: "Bearing in mind that the blood is remarkably deficient in red corpuscles and the known property of iron to correct this condition, theory suggests it as the most to be relied on, the best of which is the Citrate." Citrate of Iron enters largely into the composition of English Female Bitters, combined with powerful vegetable tonics of rare qualities.

Among the mountains of Tennessee and the piney woods of Mississippi, is found a certain hard and flinty root, which has been in secret use by some old midwives for many years, possessing magic powers in regulating and restoring all females suffering with any affection of the womb. This root we have obtained, gave it a fair test in our practice and it is now one of the principle ingredients in these Bitters. Other powerful uterine and general tonics also enter into its composition. We also add Leptandra or Black root, sufficient to act upon the liver and keep the bowels open.

Blooming Young Girls,

Middle-aged matrons, those at the critical period and the aged grandmother, are all cured by the use of our English Female Bitters, now prescribed and used by physicians all over the country.

If you are troubled with feelings of the womb, attended with a sense of weight and bearing down pain in the back and side, and other attendant evils, English Female Bitters will give entire relief.

Those at the "turn of life," mothers after confinement, and all others (male or female) who are convalescents from any protracted or debilitating complaint, who gain strength slowly, and whose digestion is slow and imperfect, will find these Bitters the very thing their system demands. It gives a powerful appetite, aids and assists digestion, arouses the liver, strengthens mentally and physically, and fills the whole system with pure crimson blood coursing through its channels.

Common Grog-shop Bitters.

Empty Bitter Bottles of various styles, can be found around almost every dwelling and cabin throughout the land. Their taste is pleasant, and are *advertised* to cure almost every disease, while the manufacturers *know* they possess no medicinal properties whatever. They are so many disguises for *exceedingly common beverages* which do not, nor cannot possibly cure any one.

Beware of these pleasant bitters in quart bottles, they contain a sting for your vitals, and he who buys them carries a "viper's" grog into his house. One man who knows nothing about medicine, says his big bottles of common stuff will cure chills and fever, rheumatism and consumption; another, whose bottle is very fancy, cures all impurities of the blood, makes old men young, casts out devils, restores sight to the blind, and numerous other miracles; while yet another, who presumes every man a drunkard, proposes to cure colic, ingrowing nails, yellow fever, heart disease and love-sick maidens!! We know they make no such cures, we know the people at large are deceived and swindled, and as we desire to ventilate these common humbugs, make the following challenge to one and all:

One Hundred Dollars

That *one tablespoonful* of ENGLISH FEMALE BITTERS contains as much medicinal properties as *one bottle* of any of the pleasantly tasted common advertised bitters of the day! The medical profession to decide the question. Be it understood that English Female Bitters is not a beverage, but is a powerful Iron and Vegetable Tonic combined, curing long standing chronic female complaints in every direction.

Put up in large bottles at $1.50 per bottle, or six bottles for $8.00, and sold by druggists and merchants everywhere.
J. P. DROMGOOLE & CO., Prop's.
Memphis, Tenn.

Dromgoole & Co.'s Buchu.

The best and cheapest combination for all affections of the Kidneys and Bladder ever offered the public. It is prepared by regular physicians and used by the profession.

Price $1 or, six bottles for $5. Sold by druggists and merchants ever where.

COAL MEAL.

NOVELTY CORN MEAL MILLS
IN CONNECTION with his Planing Mill, the subscriber is still conducting the Novelty Corn Meal Mills, and has constantly on hand a superior quality of white and yellow kiln dried meal, by the barrel or hundred pounds. Highest market price paid for Corn. The patronage of the public is respectfully solicited.

SASH, DOORS, &C.

ATTENTION, BUILDERS!
THE SUBSCRIBER IS NOW MANUFACTURING at his Planing Mill, a full size of
SASH, DOORS & BLINDS
Mouldings,
DOOR & WINDOW FRAMES,
such as are usually required by Builders, and he feels confident that he can make it for their interest to purchase of him, instead of sending to Chicago or any other place.
TRY HIM!
He has a good Turning Lathe and an A No. 1 man to run it, and warrants satisfaction given for all orders in this line. Newel Posts and Balusters turned to order on the most fashionable patterns.
J. A. BIDDISON.

READY GLAZED SASH.
IN CONNECTION with my Planing Mill, I have opened a Ware Room for the sale of Primed and Glazed Sash, where I will keep constantly on hand all sizes of these articles, which I can sell at much cheaper rates than they can be purchased for elsewhere. I obtain my Glass from the manufacturer at Pittsburg thereby saving the profits which others must pay who buy in this market. All Builders, Farmers and others in want of Sash will consult their own interest by giving me a call before purchasing elsewhere as I am offering unusual inducements for cash.
