*Between north of river.

Fire alarms are sounded upon the tower bell at department headquarters by striking the number of the signal station nearest the fire, in this manner. If for box 4, four distinct strokes and repeated; if for box 12, one stroke, a short pause, then three strokes, and repeated, thus, 1-111, 1-111, etc. "SO" is sounded for all fires within the district bounded by Fifth, Ninth, Jackson and Quincy streets.

TWO STROKES, and repeated, followed by the number of the signal station nearest the fire, is the SECOND ALARM—for a serious fire.

THREE STROKES, followed by TWO, and repeated, is the GENERAL ALARM for a very dangerous fire, and calls out the entire department with a detail of police.

TWO STROKES, slowly, indicate FIRE OUT.

One long whistle from water works, for fire south of river. Three whistles from same, for fires north of river.

A DYNAMITE PLOT

To Blow Up All the Works in the West Virginia Mining District.

CHARLESTON, W. Va., March 5.—Just before noon today Captain Wyant, under a strong guard, started from Eagle to Fayetteville. Captain Lyons commanded the troops on guard.

A conspiracy of a startling nature is being unearthed. Today a man was arrested on Morris Creek, with two Winchesters and a peculiar looking dynamite bomb in his possession. He says he will turn state's evidence and confess to a plot that is being hatched to blow all the works along the river up.

He said also that he knew where a great deal of dynamite has been stored for this purpose.

Carver Bros. found a card on their store door at Edgewater today, warning them that their property was to be burned and blown up.

GATLING GUN SHIPPED.

It Is Sent From Wheeling, W. Va., to Use in Quelling Riot.

WHEELING, W. Va., March 5.—The big gatling gun at the state prison at Moundsville was ordered shipped to Charleston today for use if necessary in quelling mine riots.

It was taken down on the afternoon Ohio River train.

GATHMAN'S PROJECT.

To Build a Telescope By Which We Shall See Mars' People.

CHICAGO, March 5.—"For $50,000, I will construct a telescope with an objective ten feet in diameter, better in every respect in proportion than the forty-inch $50,000 Yerkes telescope and to finish it sooner.

For a proportionately larger sum, I will undertake to construct a telescope with an objective 100 feet in diameter, more efficient in proportion for every scientific purpose than the Lick or Yerkes telescope. There is no reason in telescopic science why we should not see the inhabitants of Mars and to see to pick up a pin on the moon.

This is the bold utterance of Louis Gathman, an amateur optician, astronomer, scientist and inventor, of this city. Gathman was born at Bordorf, near the city of Hanover, in Prussia, in 1843. He received no scientific instruction except at the polytechnic school in Hanover. He came to America in 1864, and after remaining a year in Philadelphia, took up his residence in Chicago, where he has remained ever since, a manufacturer of milling machinery of his own invention.

Mr. Gathman's dream has always been that a lens could be constructed in sections.

GROVER HOMEWARD BOUND

The Presidential Party Expects to Get Back Wednesday.

ELIZABETH CITY, N. C., March 5.—The Violet with the president and party is well on her way homeward. The weather has been mild and pleasant for yachting, but for that reason has been rather bad from a sportsman's view.

The ducks have been scarce and wild, and it has been difficult to get them to come down to the decoys.

The vessel was passed at a place called Church Island road by the steamer Kingston, and Captain Williams, who arrived at Norfolk today, reports that he shook hands with the president at 8 o'clock yesterday afternoon, and that all were well. The party did not attempt to shoot on Sunday but lay in the sound and made another attempt upon the ducks today.

Unless the Violet is run through the canal this afternoon or tonight, she is not likely to reach Norfolk before noon tomorrow, so that the party can hardly reach Washington before Wednesday morning.

RAILROAD EARNINGS.

Wabash Reports a Decrease in February—Two Other Roads.

NEW YORK, March 5.—The Wabash railway company reports gross earning for February of $862,915, decrease $157,339.

The New York, Ontario and Western reports for January: Gross earnings, $255,099, decrease $10,399; balance $57,271, increase $15,283.

The gross earnings for the Louisville and New Albany for February $172,288, decrease $147,876.

LOUIS KOSSUTH DYING.

His Condition Serious and He Refuses All Medical Aid.

TURIN, March 5.—Louis Kossuth, the distinguished Hungarian patriot, is suffering from weakness arising from old age.

Kossuth's condition is now admitted to have assumed the gravest aspect, and it is complicated by the fact that he persists in refusing all medical aid.

Government Badly Swindled.

WASHINGTON, March 5.—Charges of falsifying accounts have been made against the deputy marshal of Purcell, Indian Territory, by A. Breen of that place. The accusation which does not give the names of the alleged offenders, declares that never was such frauds perpetrated as is done in this place. The government is swindled on all sides and to a great extent.

Justice White Not Installed.

WASHINGTON, March 5.—The stuffy room of the supreme court was crowded beyond its capacity at noon today, with people who expected to witness the installation of the new justice, Senator White, who failed to appear, however.

Died of Hiccoughs.

NEW YORK, March 5.—John Hamilton of Willoughby avenue, Brooklyn, died yesterday from hiccoughs. He was taken ill a month ago from liver trouble and a week or so ago hiccoughs set in, which the physicians were unable to check. Mr. Hamilton was 48 years old.

A Caucus Called.

WASHINGTON, March 5.—Representative Holman, chairman of the Democratic caucus, today issued a call for a caucus tomorrow night.

RIGHTS OF CHOCTAWS

To Grant Privileges to Railroads to be Decided.

WASHINGTON, March 5.—Whether the Interior department shall approve a bill recently passed by the general council of the Choctaw nation, authorizing the Choctaw railway company to construct and operate a railroad through the lands of the Choctaw and Chickasaw nations, will be decided within a few days by Acting Secretary Sims.

Commissioner of Indian Affairs Browning recently made a report recommending that the department withhold its approval on the ground that the nation had no right to pass the bill, nor parliament to approve it, without the authority of congress.

ILLINOIS CONVENTION.

To Meet June 27—Novel Plan of Electing a U. S. Senator.

CHICAGO, March 5.—The Democratic state central committee met in this city today and decided to hold the state convention at Springfield on Wednesday June 27.

The committee also decided to refer the matter of a United States senatorial nomination, to the county conventions, it being the same action as taken by the committee in 1890 and which resulted in the election of Senator Palmer.

A BASE OCCUPATION.

Denver Woman Arrested for Trafficking in Young Girls.

DENVER, March 5.—There have been stories for some time past about wholesale traffic in young girls who have been sent to the mining camps. Secretary Thompson has had Mrs. Julian White, who conducts an employment agency at 1526 Laramie street, arrested on the charge of procuring girls for a house of ill-repute and failing to record them on her book of applications.

It is claimed that she acted as agent for Doyle's dance house in Cripple Creek contracting to procure twenty girls to be sent there as "rustlers," that she hired seven, receiving $2 per head from Wm. Wanner who acted for Doyle. Four of the girls refused to go on learning the character of the place; the other three are now in Doyle's hall.

One of the girls said that when she refused to go Wanner refused to deliver up her trunk then in the depot checked to the camp. Her business at the dance hall was to wear decollete clothing and coax patrons to buy beer. For her services she was to receive $1 per night and 20 per cent on each bottle of beer she sold.

Mrs. White makes a general denial of the charges, claiming that Wanner made his own bargain with the girls.

TODAY'S TELEGRAPH TIPS.

The Italian consul at Rio Janeiro, Sig. C. Bertolo, died yesterday of yellow fever. The spread of yellow fever continues. About 200 people are suffering from the disease.

Dr. E. John Kaufmann, the first husband of Minnie Seligman, the actress, and a prominent Jewish physician, last night abandoned the Hebrew faith and publicly joined the Baptist church at Cincinnati. His present wife was baptised with him.

A trader named Dawson, who has arrived at Buluwayo, South Africa, says at that point where the last stand was made by the Wilson party, which was annihilated by the Matables, he found within a circles of fifteen yards the bones of thirty men.

King Lobengula, it is now stated, died on January 23. The Matabeles are hurrying into Buluwayo with the intention of surrendering, and are very anxious to know where they are going to live, and who is going to support the wives and children of the late King Lobengula.

THE INDIAN AS A FIGHTER.

He Was Born to Fight, Glories in Fighting, and Will and Can Fight.

"The Indian is the most vicious fighter on earth," said Major Barbour, late press agent of the world's fair, but a former plainsman. "You read in the accounts of the South African war where a hundred or two Englishmen go out and whip 5,000 or 10,000 black men. There is no uncivilized people on earth, no race which is utterly ignorant of what we call the science of war, that can for a minute compare with the Indians as warriors. No frontier general would think of leading his troops against a body of Indians where the odds were greatly against him. Why? Because the Indian is naturally a fighter and a marksman, and because he has been quick to learn what the white armies have taught him in warfare.

"Take that fight in which Sitting Bull was killed. That was a skirmish, it's true, but it illustrates my point. There were just sixteen men on each side. Those Indian scouts rode straight through the camp of Sitting Bull, and engaged the old demon himself and fifteen of his picked warriors in a battle in which no man knew he had more than an even chance of surviving.

"I've seen them. They love to fight. Their ambition is to win glory in fighting. Their traditions urge them on to fight. It's their only really aristocratic business. They are physically well qualified to fight; they know how, and you can bet they do fight when they get at it."

Silver Ruins a Horse.

A silver quarter dollar rarely does so much damage as in the case of a street-car horse in Reading, Pa., which has been utterly ruined by this little piece of money. For the past four years there has been a horse in the Bird street stables of the city passenger railway company that became lame for a few days every month, and on each occasion a hard lump formed on the right shoulder, but never twice at the same place. The attention of Superintendent Rigg was called to the horse, and he had the shoulder lanced. The superintendent stood aghast when a quarter dollar was taken from the lump. A scar in the horse's chest leads Mr. Rigg to believe that the horse was injured some years ago and that the quarter was placed in the wound to keep it open for the removal of pus and then forgotten.

Catarrh AND COLD IN THE HEAD
relieved instantly by one application of
Birney's Catarrh Powder

REV. FATHER CLARKE, Secy. to the Rt. Rev. Bishop of Baltimore, Md., writes:
Gentlemen:—I send you a card through the post Parcel. It has much pleased me to see a special article of catarrh which is very also small bulk. I do not hesitate to say it is the only remedy which has ever given me any relief in my long and severe attack of catarrh which is very troublesome in this climate. The good sisters, with such emphasis of their use of it in the Hospital under their care. I will do anything in return I can to speak a good word for the remedy to long others who are suffering.
M. E. FLEMING, Custodian U. S. Appraiser's Stores, Chicago, Ill.

Gentlemen:—Being about entirely deaf for a number of years and not getting any relief from many, so called home remedies I tried, was induced by a friend to try Dr. Birney's Catarrhal Powder for my deafness. Have succeeded in blowing entirely, so that I can now hear a watch ticking quite a long ways off. Could not do so before for years. Think such a valuable cure for deafness and nose troubles should go out to world. If any friends ask me any I have none hesitate of a cure where I can refer to receive.

FULL SIZE bottle of powder and blower COMPLETE, postpaid, 50c.
