R. & J. ATKINSON,

n20 St. Charles, Mo.

Our esteemed and venerable former citizen, Mr. H. B. Wing, now of Jacksonville, Ill., is among us. We are glad see him looking well.

We tender our most grateful acknowledgments to the young ladies who enlivened our home with a delightful vocal serenade last Friday night, and hope they will favor us again.

ACCIDENT.—Last Saturday C. H. Ward was driving out with Miss Lizzie Fisher. The horse ran off, smashing the buggy and throwing them out. Miss Lizzie was thrown against a tree, and her breast, shoulder and face badly bruised, though fortunately life and limbs escaped. Kim was considerably bruised and jolted Young men should know that they are in a proper condition to manage a horse before taking young ladies out to ride.

Our medical association it appears can't get its business pill to operating properly. The next meeting will take place in Troy on the 24th inst.—the fourth Saturday of the month, as the by-laws provide, according to Dr. McElwee, corresponding secretary; but we see by the *Dispatch*, whose editor is secretary, that after the next meeting the physicians will meet on the *first* Saturday of each month. If that be the case, the by-laws had better be changed and a full understanding arrived at next Saturday, so that there will be no more trouble about the time and place of meeting.

Mr. J. P. Cadman has been in our town the past week canvassing for "Campbell's New Atlas of Missouri." It is the most correct sectional map of the state we have ever seen, and on a scale of six miles to the inch. The work is of royal folio size, neatly bound, and contains a history of the state, together with a general description of its geology, climatology, agriculture, entomology, topography of the state and description of each county, history and statistics of our religious denominations, education, railroad statistics, list of post offices, and in fact almost anything you want to know of our rich, broad and growing state. A number of our citizens, appreciating the merits of the work, have subscribed for it.

LOST AND FOUND.—Several months since, Mr. Jonathan Ingram of Waverly township lost a pocket book containing over ninety dollars, and had abandoned all hope of ever finding it; but a week or two since a little girl of the neighborhood, while walking across an old field, saw something fluttering in the breeze, and on picking it up she found it to be a two dollar bill. She took it to her mother, who suggested that if she would return to the field she might find more. The little girl did so, and scattered here and there she picked up the full amount lost by Mr. Ingram, and found an old pocket book that had bursted open from exposure to the weather. Mr. Ingram was notified of the fact, and identified the money. None of the bills were too badly injured to pass readily, which is somewhat remarkable, considering how long since it was lost. He offered the little lady $10, but her generous heart would not allow her to accept it, saying she didn't want anything for doing her duty. We failed to learn her name.

COUNTY COURT ITEMS.—Wm. A. Gibson was appointed a justice of the peace of Hurricane township.

The Court appropriated $7,420 to buy county railroad bonds for the purpose of retiring them. Mr. Cake was appointed agent to make the purchase.

Bids were received for making a new index of the records of the Recorder's office. The bids were opened yesterday (Tuesday) and for some reason unknown to us, the court rejected all bids and postponed the matter indefinitely.

Last Wednesday the court adjourned to the poor house, with the condition of which they were very favorably impressed. Mr. Brown, the superintendent, has evidently managed its affair admirably. The farm, containing 160 acres, is nearly all fenced in.

Mr. J. Brevator of Monroe township made the unprecedented offer to the court to pay one half the cost of a bridge over Bob's creek, on the Moscow and Cap-au-Gris road, below the big slough, provided the court would appropriate the other half. The court appointed L. C. Wright commissioner to draw up plan and specifications for the bridge, to be submitted at the July called term (third Monday), when bids will be advertised for.

The *lottery* jury system, under the new law, engaged a portion of the court's time. A proportionate number of names of the citizens of each township are written on strips of paper, and all placed in a hat, or a box, or some convenient receptacle, and "well shaken before taken" out. The clerk then draws out one name at a time, and woe to the unlucky fellow that falls into his hands—for he has to serve on the jury. This process is kept up until enough are obtained to fill out the juries. The following are the grand and petit juries "drawn" by the new fangled lottery to serve at the fall term of the circuit court. It will be observed that by this system the smaller townships don't always get the smallest number of jurors:

GRAND JURY.

The Only Genuine
"SWEEPSTAKES"
Threshing Machine.

C. Aultman & Co, Manufacturers, Canton, Ohio. | J. E. Hayner & Co. Gen'l Ag'ts 20 South Main St. St. Louis, Mo.

The Sweepstakes is the accredited head of the Threshing Machine family, and its SUPERIOR STRENGTH, durability, simplicity, ease of draft, style of finish, and capacity for threshing and cleaning grain fit for market, faster and better than any other, are acknowledged.

The Genuine Sweepstakes enables the thresher to pick his customers, seldom stops for repairs, lasts much longer than others, saves much grumbling and vexation, does the same amount of work with less labor, and enables him to select the best and most profitable jobs.

The farmer gives it the preference and often an extra price per bushel, because it thresh clean from the heads, separates perfectly from the straw, cleans for market, without waste, saves all the grain, does its work with the utmost speed, safety, and economy, and does not keep a gang of men and teams about it on expense.

A written Warranty delivered with every machine.

The "Sweepstakes" is usually a very scarce article after harvest, and parties should ORDER EARLY.

Separators, Horse Powers, Straw Stackers, Gears or Jacks, sold separate when desired.

Call or send and get a Pamphlet Circular, giving a full description and particulars, together with prices etc., etc.

Correspondence invited from all those who anticipate buying a thresher or any of its parts.
