DR. HULL'S

MEDICATED WORM LOZENGES.

PROVED in more than 1500 cases to be infallible, the only certain Worm-Destroying Medicine in use, and are the greatest discovery ever made for dispelling the various kinds of worms that so frequently and diseasingly annoy both children and adults. Many diseases arise from worms, and occasion long and intense suffering, and even death, without their ever being suspected; grown persons are very often afflicted with them, and are doctored for various complaints without any benefit while one dose of these Lozenges would speedily cure them. They are an infallible remedy, and so pleasant to the taste that children will take them as a common peppermint Lozenge.

Read the following letters:

New York, September 13, 1841.

Dear Doctor—According to your request, we have used your Lozenges in several cases of worms, and found them uniformly successful.—We have no difficulty in getting children to take them as they are perfectly pleasant. We shall use them whenever occasion offers, believing them to be the best vermifuge medicine in use. We have also used your Cough Lozenges very extensively, and find them fully to answer the purpose you recommend them for. We are yours respectfully.

ZACHARIAH B. LANE, M. D.
W. E. PLEASANT, M. D.
GREEN H. BARRY, M. D.

Mr. William H. Hopewell, East Broadway, gave them to his child, and they brought away the worms by hundreds.

Parents should always keep these Lozenges in the house, for they are the best medicine that can be administered to children afflicted with worms. Children will take them as readily as the most delicious sugar candy.

These Lozenges are put up neatly in boxes—price 25 cents a box.

These valuable Lozenges are for sale at the store of Wend & Coolley, west side of the Public Square, at Woodville, Miss., and at Ft. Adams, by John Tinson. Also, Dr. Hull's cough syrups, which is the best medicine for coughs, colds, consumption, lightness of the chest, &c. These are confidently recommended by the medical faculty as the best medicine in the world, for the above named complaints. Price 25 cents a box.

Vegetable Fever and Ague and Chill Pills.

THE proprietor of the above celebrated Pills feels no hesitancy in recommending them to the public as the best remedy ever offered to the public for the cure of fevers, they have never failed in a single case, and are the most speedy and perfect cure for all cases of ague and fever or chills and fever, and in fact they are in all those diseases in which they are used, the most powerful and efficacious remedy ever discovered, they are also almost every disease, and in the uniform success in curing disease has gained the entire confidence of the public and approbation of the medical faculty.—Indeed many of the most prominent and distinguished practitioners in various parts of the Southern and Western country, have such confidence in the superior efficacy, that they give it a decided preference over all other remedies, and uniformly prescribe it in their practice for this disease. The peculiarity which is claimed for this medicine over all others, is, that independent of its being a speedy and certain cure, it is the most perfectly innocent remedy known.

Infants, females, and persons of the most delicate constitutions, may take it without the least fear of any unpleasant effect, and will find their general health and vigor restored by its use.

CERTIFICATES.

New Orleans, Feb. 23, 1841.

Dear Sir—After my compliments to you, I will inform you that I have fully tested your pills, and find them to answer the purpose designed, in a manner they failed when they have not a fair trial. I want you to send me a fresh supply as soon as possible.

Your obedient servant, S. BLACK.

New Orleans, Dec. 10 1841.

This is to certify that I have used Dr. Hull's Vegetable Ague Medicine in my practice for the last eighteen months. I have prescribed it extensively in chills and fever, and have never known it to fail to perform a cure the first day.

I have also prescribed it in bilious, typhus, nervous and congestive fevers, and have truly found it the most valuable remedy for the cure of fevers, that have ever known offered to the public. I do therefore recommend it to all persons labouring under fever, as a safe and effectual remedy. JAS. DUPONT, M. D.

Mobile, Ala. January 1, 1843.

This is to certify, that I have used Dr. Hull's Vegetable Ague Medicine in my family in a number of cases of chills and fever, and it has never failed to perform a cure immediately. I do therefore recommend it to all persons afflicted with chills and fever, as a safe and efficacious remedy for the cure of that most distressing disease, as my knowledge of the medicine is confined to what it has done in my family, I have seen the good effects of it in a number of cases of my neighbors.

JAMES HOGAN, M. D.

Mobile, Ala. January 3d 1843.

This is to certify, that we have travelled much over this and the adjoining States, and have heard much said in favor of Dr. Hull's Ague Medicine in the cure of fevers. We have known it used in great many cases of chills and fever, and have never known it to fail to effect a cure immediately. We have also particularly noticed its effects in great many cases of bilious and other fevers, and in the many cases in which we have known it used, it has never failed to effect a cure in a shorter time than any medicine we have ever known.

We do therefore recommend it to those labouring under fever, as an effectual remedy for the cure of that disease.
