PROHIBITIONISTS WON.

Affirmative Side Was Successful in High School Debate.

In an ably conducted debate on both sides, at the high school room yesterday evening, the prohibitionists won the day on the question, "Resolved, That it would have been for the best interest of all Umatilla county had carried for prohibition at the recent local option election."

The affirmative side was supported by Glen Scott and Dave Hill and the negative by George Strand and Frank Pierce. Both sides had made excellent preparations for the debate, and some timely and able arguments were advanced both in defense and against the subject.

The affirmative side won the day on practical examples of prohibition towns, such as Milton and Riverside, Cal., statistics from which were freely quoted.

Owing to the fact that the assembly hall is utilized for school purposes the debates must take place in the high school room and it is impossible on account of room to have the public present. The debating society will hold regular weekly debates on live topics hereafter.

OVERSTOCKED SALE.

Great Cuts in Prices Made at the Workingmen's Clothing Store—Don't Miss Investigating.

The Workingmen's Clothing Co., located at the corner of Main and Webb streets, finds itself in an unpleasant position in that it purchased an extraordinary large stock of men's and boys' clothing and overcoats, which, because of the backwardness of the season, have failed to move, and the store is overstocked. The proprietor has decided to reduce the stock and in order to do so has made a genuine cut of 25 to 50 per cent on every suit and overcoat in the house, for the next six days.

At this great stock reduction sale nothing will be held back. Clothing, overcoats, hats, furnishings, shoes, etc., all go at the greatly reduced prices.

We want the privilege of a visit from you, and right now are in position to make you extraordinary inducements. We must reduce our stock. Your investigation is invited. Many have taken advantage of the sale and profited since it started. Don't miss it.

HEALTHY PLANTS

Require the Most Careful Attention as Well as Good Soil.

Did you ever see a rosebush which—despite the most beneficent environment of soil—of sunshine—and of atmosphere,—seemed never to achieve a healthy growth.

A ton of manure will not help a plant that has a canker eating out its heart.

You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vaseline, etc.

You must look to the cause of the trouble—it's a germ at the roots of your hair which causes it to fall out.

Newbro's Herpicide destroys the germ, and healthy hair is the sure result.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.
