WHAT THE NEW YORK PAPER SAYS ABOUT "THE MASQUE OF LIFE."
"The most remarkable and most thrilling motion picture ever seen by New Yorkers—undoubtedly takes rank with 'Cabiria' and other real film successes of the past few years. It is truly a great picture, and you can expect your hair to stand on end when seeing it. There is certain and big success ahead of it."—New York American.

War-Savings Certificate Sale Begins December 3

(By Associated Press)
Washington, Nov. 13.—Investment in War-Savings Certificates will be as simple as the purchase of postage stamps under a plan announced tonight by Secretary McAdoo for the nation-wide certificates sales campaign which he will inaugurate on Monday, December 3, with the assistance of the War-Savings Committee which he has created, consisting of Frank A. Vanderlip, of New York, chairman; Mrs. Geo. Bass, of Chicago, Frederic Deleno of Chicago, Henry Ford of Detroit, Eugene Meyer, Jr., of New York and Charles L. Baine of Boston.

Any person may invest amounts as small as 25 cents at a time at post-offices, banks or trust companies, at most railroad stations, stores and factories and at many other public places where accredited persons will act as authorized selling agents. After the sales begin the certificates may be purchased at any time. At the average 1918 selling price such investments in certificates will yield 4% interest compounded quarterly. The certificates will be dated January 2, 1918, and will mature January 1, 1923, or five years after date. The entire wealth and security of the United States is behind them. The tax exemption provisions of

these certificates, particularly from the standpoint of the purchaser of smaller amounts, makes the investment attractive. No person may purchase at one time more than \$100 worth or hold at one time more than \$1,000 worth of these certificates.

These obligations of the United States will be evidenced by stamps of two denominations—a War Savings Stamp costing from \$4.12 to \$4.23 according to the month in which purchased and having a maturity value of \$5.00, and a Thrift Stamp costing 25 cents.

During December, 1917, and January, 1918, War-Savings Stamps will be sold for \$4.12 each. At the beginning of each of the succeeding months of 1918, starting February 1, the cost of a stamp will increase one cent per month. All War Savings stamps issued during 1918 will mature on January 1, 1923, when they will be redeemed at \$5.00 each.

The difference between the purchase price paid at any time during 1918, and \$5.00, represents the interest the government will pay the holder.

With the first War-Savings Stamp bought the purchaser will obtain without expense a War-Savings Certificate containing spaces for twenty such stamps. If the twenty spaces are filled during December, 1917, or January, 1918, the cost to the purchaser will have been \$4.12 for each stamp or \$82.40 for the filled certificate and on January 1, 1923, the government will redeem the certificate at \$100.00, giving the holder a net profit of \$17.60 for the use of his money.

Thrift stamps costing 25 cents each are from time to time as purchased to be affixed to Thrift Cards, which will be supplied without cost. Thrift Stamps will not bear interest but a Thrift Card when filled at a cost of \$4.00 may be exchanged for a War-Savings Stamp bearing interest at 4% compounded quarterly merely by turning the card into the postoffice, bank or other sales agency and paying the difference between \$4.00 and the current price of a War-Savings Stamp. The Thrift Stamp feature of the plan will afford an unparalleled opportunity for the small investor to save in order to place his or her money at interest with absolute safety.

The privilege of surrendering a certificate to the government and receiving the cost thereof plus interest at the rate of about 3% has been provided for the convenience of those who may have bought certificates and later on find themselves in need of their money. It is hoped, however, that this privilege will be exercised only in cases of necessity. Upon ten days' written notice after January 1st next postmasters will pay off certificates at their cost to purchasers plus an increase of one cent a month on each Savings Stamp on the Certificate surrendered, as shown by a table of value appearing on the Certificate. Under this plan it will be absolutely impossible for a Certificate or the Stamps thereon to depreciate in value, nor can there ever be any question

that it is worth the price shown thereon. That is the story of the system under which the sale and redemption of War-Savings Certificates will operate. There can be no technicalities to confuse, no change of depreciation in value, nor any operations which any child who can read and count cannot comprehend. Money derived from war savings investments will be used to meet the expenses of the war. The greater part of these funds will be expended within the borders of the United States.
