LIFE IN THE PARIS SEWERS is possible for a short time to the robust, but the majority of refined persons would prefer immediate death to existence in their reeking atmosphere. How much more revolting to be in myself a living sewer. But this is actually the case with those in whom the inactivity of the liver drives the refuse matter of the body to escape through the lungs, breath, the pores, kidneys, and bladder. It is astonishing that life remains in such a dwelling. Dr. Pierce's "Golden Medical Discovery" restores normal purity to the system and renews the whole being.

CONTAGIOUS DISEASES ARE PREVALENT ALL OVER THE WORLD.

I am a native of England, and while I was in that country I contracted a terrible blood poison, and for two years was under treatment as an out-door patient at Nottingham Hospital, England, but was not cured. I suffered the most agonizing pains in my bones, and was covered with sores all over my body and limbs. I had vertigo and deafness, with partial loss of sight, severe pains in my head and eyes, etc., which nearly ran me crazy. I lost all hope in that country and sailed for America, and was treated at Roosevelt, in this city, as well as by a prominent physician in New York having to remove to my home in the hospitals. I saw the advertisement of Swift's Specific, and I determined to give it a trial as a last resort. I had given up all hope of being cured, as I had gone through the hands of the best medical men in Nottingham and New York. I took six bottles of S. S. S., and I can say, with a good conscience, they have cured me entirely. I am a sound and well man, never was in my life. L. FRED. HALFORD. NEW YORK CITY, June 12, 1885.

BLOOD is the life, and he is a man who remembers it. But in March of last year (1884) I contracted blood poison, and, being in Savannah, Ga., at the time, I went into the hospital there for treatment. I suffered very much from rheumatism at the same time. I did not get well under the treatment there, nor was I cured by any of the hospitals. I have now taken seven bottles of Swift's Specific, and am sound and well. It drove the poison out through pots on the skin. DAN. LEARY. JERSEY CITY, N. J., August 7, 1885.

Two years ago I contracted blood poison. After taking prescriptions from the best physicians here and at Dallas, I concluded to visit Hot Springs, and on reaching Texarkana a doctor recommended me to try Swift's Specific, assuring me that it would benefit me more than Hot Springs. Although the POISON had produced great holes in my back and chest, and had removed all the hair off my head, yet I began to improve in a week's time, and the sores began to heal, and were entirely gone inside of eight weeks. WILL JONES, Porter Union Passenger Depot, Cairo, Ill., July 19, 1885.

UNSTAMPED TOBACCO.

A Colored Man Gets in Trouble by Dealing in It.

A colored man named George Taylor, who keeps a small store on Sixth street between Marshall and Broad, was before United-States Commissioner W. P. Wall yesterday morning to answer the charge of buying unstamped manufactured tobacco. The evidence introduced was of such a conclusive character that the accused was sent on to the United States grand jury, which meets the 5th of October, and he, being unable to give bail, was sent to jail.

For years there has been a great amount of tobacco stolen in small quantities by employees from the different tobacco-manufacturers, which in the aggregate amounted to a considerable sum. A short time ago several of the tobacco-manufacturers placed the matter in the hands of Wren's Detective Agency to look after their general interests and to protect them against thieving of every description. Captain John Wren, believing that the best way to break up the evil was to arrest the receivers of the stolen tobacco, accordingly started his agents to work, which resulted in the arrest of Taylor yesterday.

A search-warrant was taken out and Taylor's rooms were searched by the United States marshal and one of Mr. Wren's operatives, who found about fifty pounds of unstamped manufactured tobacco, and also a party who had just made a purchase.

The tobacco found is at Mr. Wren's office, 1105 Bank street, where it can be seen for identification by the various tobacconists of the city.

Was It Mr. Frayser?

Major John Poe, Jr., Chief of Police of this city, received the following letter yesterday:

WILMINGTON, N. C., August 16, 1886.

To the Chief of Police:

SIR,—A man killed himself in this city on Friday the 13th. He went into a hardware-store and asked for a pistol, as if he wanted to purchase it. The clerk handed him one, and the man then asked for cartridges to suit it. Upon getting the cartridges he put one into the pistol, and, placing the weapon to his left breast, fired, killing himself instantly. He had a paper in his pocket from an express company in Virginia with the name of W. G. R. Frayser. The man is about thirty-three or thirty-five years old and a stranger in our city. At the inquest held over the body it was proven that he applied to a photographer here for work. If you can find out anything about him please inform me, and oblige

DAVID JACOBS, Coroner of New Hanover county, Wilmington, N. C.

Mr. W. G. R. Frayser is a native of Richmond, and was for many years engaged in the photograph business here with C. R. Reese. He removed from this city to Danville several years ago. He is about forty-six years old, tall, but slightly stoop-shouldered, and wears eye-glasses. A gentleman of this city who was in Danville a few days ago says he saw Mr. Frayser, and that he was looking well, in fine spirits, and doing a good business. His friends here, of whom there are many, are hopeful that he is not the man.

The Monroe-Ward Reformers.

An adjourned meeting of the Monroe-Ward Reform Club will be held at the skating-rink on Broad street to-night. The resolutions introduced at the former meeting by Councilman Owen, which will in effect decide whether or not the Reformers will go into the ward meetings Friday night, will come up for consideration.

Mr. Pace's Southern Road.

It is rumored here and in New York, and the rumor seems to be confirmed in Memphis, that satisfactory arrangements have been made by which the Memphis, Birmingham and Atlantic railroad—of which Mr. James B. Pace is president and Mr. T. C. Leake, Jr., is vice-president—will become the property of the Kansas City, Memphis and Birmingham Railroad Company.

The road was purchased last fall by a syndicate of which Mr. Pace was the head, and is in operation forty-five miles—from Memphis to Holly Springs. The line is being pushed rapidly to Tupelo, on the line of the Mobile and Ohio, sixty miles from the present eastern terminus, and it will be still further extended through the Alabama coal regions to Birmingham.

JORDAN SURRENDERS.

He Gives Himself Up and Waives Examination—Bail Granted.

On the night of August 3d Mr. George Bannister was shot at the corner of Seventh and Broad streets, supposedly by Mr. Joseph Shepherd. During his testimony before the Police Court the next morning Mr. Bannister, in answer to a question by Justice Richardson, said that on the night before he had been to the gambling-saloon of Tom Morrow, over McCarthy & Haynes', on Broad street between Sixth and Seventh, and that Mr. Odie Jordan rolled the ball for him in playing the game of roulette. Justice Richardson at once issued *subpenas* for Morrow and Jordan, but when the officers went to serve them neither Jordan nor Morrow could be found, and with them their most valuable paraphernalia had disappeared. Nothing more was heard from either of the alleged gamblers until it was learned from Jordan's friends a day or two ago that he would soon return and surrender himself. He arrived in the city Monday evening, and yesterday morning went to the second police station-house and surrendered himself to Sergeant Angle, with whom he went down to the Police Court. He was represented by Mr. Samuel M. Page, through whom he waived an examination. Bail was allowed in the sum of $300, and Mr. Samuel Cohen went on his bond. The charge against Jordan is keeping and exhibiting a gaming-table, commonly called "AB C" or "EO" table, a faro-bank, wheel of fortune, keno table, or table of the like kind, in the city of Richmond.

A BOGUS INTERVIEW.

Bishop John J. Keane and the Knights of Labor.

Yesterday morning the *Dispatch* copied from the *National Republican* what purported to be an interview with Bishop John J. Keane, Bishop of Richmond, giving his views "on the effect of the Pope's condemnation" of the Knights of Labor. The only trouble about the *Republican's* article is that it was, in its entirety, the product of a Washington reporter's fertile imagination. In a note to the *Dispatch* Bishop Keane says he was not in Washington Saturday, that he has not been in Washington for several weeks; that he was never interviewed by a *Republican* reporter, and that he never made to any one the statement attributed to him in the article.

Lost His Life to Save Another.

Rev. Brother Philip, director of the Xaverian Brothers in this city, who has just returned from Lowell, Mass., where he spent his vacation, received yesterday a telegram announcing the death of Brother Bonaventure. Four brothers of the order, two laymen, and a little boy were out in a small boat gunning, when the boat was overturned and the occupants thrown into the water. Brother Bonaventure succeeded in rescuing the small boy and started to swim to the boat, but was seized with cramp and went down before assistance could reach him. The others of the party were all saved.

Brother Bonaventure was connected with St. Patrick's parochial school, and was a general favorite with his pupils. He was known in the world as William Guthrie, was twenty-six years of age, and a native of Kentucky.

Requiem mass will be celebrated this morning at 5 o'clock in the chapel of the Xaverian Brothers, corner of Ninth and Marshall streets.

MANCHESTER MATTERS.

Mr. James L. Robertson Painfully Hurt—Other Items.

Mr. James L. Robertson, of the firm of DuVal & Robertson, lumber dealers, met with a painful accident at Buford's-ville, on the Richmond and Allegheny road, Sunday. He was called to that place on account of the illness of his son, DuVal, who is up there with the latter's mother. While Mr. Robertson was sitting in one of the windows at the hotel or boarding-house the window-sash, which was raised, fell down with great force, striking him on his legs above the knees. He was hurt so badly that he was unable to walk, and had to be carried to his room. A letter received from him yesterday stated that he was still confined to his bed, and that his attending physician said it was a very narrow escape. When Mr. Robertson was carried into his room little DuVal fainted, but he soon revived, and is now much better than he has been for some time.

At a meeting of the Manchester Elliott Grays held at the Mayor's Court-room the Association decided to extend an invitation to members of the Manchester Artillery to join in the festivities incident to the coming silver reunion of the Association, which takes place on the 30th of August. The reunion will be held on Schappi's Island.

It was reported here yesterday that the body of a man who died from being shot had been found a few miles below Manchester. One night last week some one was detected trying to break in the dwelling-house at Whittry, two miles below here, and was shot at. Next morning he was tracked some distance by the blood from his wounds. It may be that the body found was that of the would-be robber.

Dr. Dorsett, who was called to attend Mr. Charles Bowie, who was injured by losing his balance and falling from an excursion train Sunday, is unable yet to say whether he will be able to save the broken leg. It may have to be amputated.

Mr. Stanley Ford, a fireman on the Danville road, who lives in this city, had his leg broken near Danville yesterday by falling from the engine. He was brought home yesterday afternoon.

Rev. M. T. DeLieux, formerly pastor of the Bainbridge-Street Baptist church, now of Spartanburg, S. C., arrived in the city yesterday morning with his family. He will probably conduct the services to-night at the church of which he was formerly pastor.

Rev. L. R. Thornhill has gone to Louisa county to assist Rev. E. W. Winbree in a protracted meeting.

Death of Captain J. V. Crawford.

Captain J. V. Crawford died at his residence, near Kelly's station, in Hanover county, at 1 A. M. yesterday; aged seventy-one years. Deceased was for a long number of years one of the leading sash- and blind-manufacturers of the city, but retired from business many years ago. He was for a long time a lieutenant of the old Grays, and entered the war as such. In 1862 he was elected captain, and commanded the company at Seven Pines and in the memorable "Seven-Days" battles. He was afterwards, on account of ill health, placed on the retired list.

Captain Crawford was a man of unassuming manners and enjoyed a deserved popularity. His death will recall recollections of Richmond in other days, and he will be sincerely lamented. He leaves a family, to whom he bequeaths, in addition to substantial gain, the heritage of a well-spent life.

The remains will reach here by the Richmond, Fredericksburg and Potomac road at 10:20 o'clock this morning, and the funeral services will take place from Elba station. The interment will take place at Shockoe cemetery.

The Richmond Grays will meet at the Armory at 9:45 o'clock to receive the remains and escort them to their last resting-place. All ex-members of the company are invited to unite with them in paying this last tribute of respect to an honored comrade and a good citizen.

A Salvation-Army Convert Charged with Stealing.

Captain Charles E. Epps, of the city police force, returned yesterday from Hicksford, having in charge William A. Allen, who is charged with having broken into the dwelling-house of Captain Glover, of the Salvation Army, of this city, on the 5th of July, and stealing therefrom a sum of money said to be about $30. The money belonged to the Salvation Army corps.
