LARGE BUYING BY FINANCIERS

Manipulation of Shares to Advance the Market.

THE TONE WAS RATHER HEAVY.

A Sentimental Advance in Steel Stocks The Railroads Ranged Downward--Money Market Decidedly Easy.

NEW YORK, June 12.—There was evidence of large buying by powerful financial interests in a limited number of stocks and of manipulation to advance prices in the stock market to-day. Speculation otherwise was in a somewhat quiescent state. Outside of special cases, where prices were supported, the tone was rather heavy. The railroads ranged downward within the limits of a point during the early trading. There was organized buying throughout the day of Federal Steel, which was marked up nearly 3 points, and closed almost at the top. There was some sentimental advance by some of the other steel stocks, American Steel and Wire responding late in the day on covering of shorts, but none of the gains in the group were well held out. The so-called Flower stocks were all well supported, and Brooklyn Transit shared its strength with Metropolitan Street railway and Manhattan. This group of New York Traction stocks showed the effects of realizing from time to time during the day, and Manhattan was dragged below last night's close by its weight. The grangers were taken up at one time, St. Paul in the lead, but did not retain all of the gain, and in some instances more than lost it. The coalers were pretty well sustained also. Other points of strength were Pittsburg, C. C. and St. Louis, which rose an extreme 5¾. Chicago Terminal preferred, Denver and Rio Grande issues and the newly-issued Wisconsin Central stocks. Sugar fluctuated up and down during the whole day, but always above Saturday's level. It rose at one time 3 points, but lost it all before the close. There was no evidence of outside demand to keep the market up, and the railroad group showed itself affected by the heavy tone of the foreign stock exchanges on account of political disquiet. The announcement of the resignation of the French Ministry helped the late reaction in prices. The engagement of an additional $2,000,000 of gold for export to-morrow, although the probability of it had been intimated, also weighed on the market. No effect was apparent in the money market, which continued decidedly easy. Exchange also, though it hardened a shade, continues a broad fraction below the point where exports can figure a profit on gold exports. It is, in fact, generally admitted that the gold movement is actual buying of the gold in this market to replenish the reserve of the Bank of England, probably also for Russian purposes. This is a precisely similar operation to that undertaken by the United States Government through a syndicate to replenish its gold in the Treasury during the last administration. It is to be noted that while the foreign money markets are thus drawing on New York for gold as the most available source of supply, New York banks are offering special inducements, such as paying the expressage on bills remitted by their agents to secure a supply of legal-tender notes to meet the demand of active business conditions.

The market for railroad bonds was dull and sluggish, and changes are mixed. Total sales, $2,500,000. United States 3's and 5's declined in the bid price.

The total sales of stocks were 610,479 shares, including Atchison preferred, 17,845; Burlington, 27,905; Denver and Rio Grande, 10,150; do. preferred, 7,440; Manhattan, 38,675; Metropolitan, 8,400; Reading first preferred, 9,440; Missouri Pacific, 5,970; Northern Pacific, 5,230; Ontario and Western, 5,920; Rock Island, 9,260; Union Pacific, 7,110; St. Paul, 35,855; Southern Pacific, 7,200; American Steel and Wire, 47,200; Tobacco, 9,890; Federal Steel, 43,475; do. preferred, 7,870; Chicago Gas, 30,900; Consolidated Gas, 5,290; Brooklyn Rapid Transit, 61,245; Continental Tobacco, 9,450; Sugar, 93,170; Tennessee Coal and Iron, 7,700.

MONEY AND EXCHANGE.—Money on call steady at 2@3 per cent.; last loan, 2½ per cent.; prime mercantile paper, 3½@4 per cent. Sterling exchange firm, with actual business in bankers bills at $4.87½@4.88 for demand; posted rates, $4.88½@4.87 and $4.89; commercial bills, $4.85@4.85¼. Silver certificates, 66@66⅞; bar silver, 66⅞; Mexican dollars, 48⅞. Government bonds weak; State bonds inactive; railroad irregular.

COTTON MARKET.

NEW YORK, June 12—COTTON—Speculation in cotton futures was but moderately active to-day. Prices showed unimportant variations, generally favorable reports from cotton goods manufacturing circles in this country and Europe being offset by bearish crop advices from the cotton belt. The market opened steady at an advance of 1 to 2 points. Liverpool cables showing good spot sales and an advance of 1 to 2½ points in futures. The bulls made the most of the foreign news in an effort to stimulate speculation, but crop reports indicated that there would be a larger yield than indicated in the bureau report. In the absence of outside speculative orders the local contingent undertook to depress the market, but it required more selling than they had reckoned upon and they withdrew, leaving the market very quiet, but tolerably steady. During the afternoon the market was uninteresting, with the final phases rather more bullish than otherwise. The market closed steady, with prices 2 to 4 points net higher.

DANVILLE TOBACCO MARKET.

Danville, Va., June 12, 1899.

This being Monday, receipts are light and breaks small. Market unchanged. Main-Street Park.

The management of Main-Street Park Vaudeville kept their promise last evening and presented before the audience that braved the rain a bill of variety and novelties that can withstand the most severe criticism. It was a disagreeable night, but it did not dampen the ardor of the artists, and they gave as much life to the bill as if they were appearing before thousands instead of hundreds.

Gracey and Burnett carried with them in their amusing comedy act the honors of the evening.

Charles Robinson, in a few moments of trampology, lost no time in making himself popular, and the Fanchonetti Sisters, as pretty as the pictures you read about, did a number of fancy and eccentric dances besides singing a song or two.

May Ward came in for her share of the applause, won by her artful singing of some popular songs, and Parrell and Taylor in a new act were applauded with little cessation.
