John Quilty

RESPECTFULLY informs the Master Tailors of the surrounding towns that he has lately returned from Philadelphia and is the authorized agent of Ware, Basford & Ward, and also of Francis Urban.

TERMS Instructions in the Art of Garment Cutting will be given by him, and the subscriber will be supplied with a set of work including scales, protracter, drafts, with explanations and instructions for making up, &c &c at ten dollars for the first year and five dollars per annum for all succeeding years, in advance.

The object of this work is to furnish the trade with the method of measuring, drafting and cutting all kinds of garments in the latest style. The tailor, with these acquirements, may congratulate himself with the satisfactory idea of being perfect master of his business, and instead of taking up his shears with doubts and uncertainty, he may fearlessly and with confidence in the result cut by the lines chalked on his cloth in accordance with the system which accompanies each publication. The tailor whose business is not merely to make a covering for mankind, but to give elegance and grace to costume should not, nor will he, spare a little expense and trouble to put himself in possession of that knowledge connected with his business which will enable him to compete with the most scientific of his competitors and give satisfaction to his customers.

In regard to this new system of Cutting I feel it to be my duty to say to the Trade, and to the public generally, that the improvement of the protracter system is without any doubt the best plan I have ever used, and as such I recommend it to all who wish to make good fits and cut fashionable garments. I have used almost every Rule for cutting garments that has been used in the last 17 years, none of which are to be compared with these when properly understood.

The subscriber begs to inform his friends and the public that he continues to carry on the tailoring business over [illegible] all, in all its various branches. [illegible] his long experience in business [illegible] guarantee hands me and fashion[illegible] any coming from the city. He trusts that by [illegible] style of Cutting and his strict attention to business he will give general satisfaction and expects to receive a portion of that patronage which a discriminating public is ever known to bestow.

All kinds of CUTTING done in first rate style and warranted to suit.

N. B. Orders from a distance promptly attended to.

Humours! Humours!! O. K. (*all cured*)

JONES COMPOUND DROPS for the cure of Salt Rheum, Leprosy Scrofula, Kreesyeas and their kindred diseases a safe and sure internal remedy, having fully proved itself a reality (and no humbug) as hundreds can and do testify. Its success even in cases of long standing and of the most obstinate character, has been truly wonderful.

For sale at the following places, where testimonials may be seen and further information obtained concerning it:

To the Public.

WE do hereby certify that our son, 6 years of age was suddenly taken with a fever, and after a severe sickness a violent cough ensued. He was bloated; his skin was filled, and his physician said there was no favorable symptom about him, that he had a confirmed consumption. At that time I procured a bottle of that valuable medicine, Taylor's Balsam of Liverwort. After taking one bottle we began to have hopes of his recovery. He continued until he had used five bottles. It is now a year from that time and his health is better than it has ever been since an infant.

DAVID } ROGERS.
HANNAH }

Granville, Washington Co. N. Y.

For proof of the above statement I refer to the subscribers above—people of high responsibility.

Astonishing.

THE following testimonial was handed to the agent of Taylor's Balsam of Liverwort, and was entirely unsolicited by him, and as an act of justice due the proprietor of this invaluable medicine, it is laid before the public.

'I certify that my eldest daughter, about eight years of age took the Whooping Cough which terminated in a severe inflamation of the lungs. We called in a physician, and to our surprise he said she was dangerously ill with inflamation, which he said might terminate in quick consumption, and as he continued his visits we were more and more convinced that in all probability her lungs were rapidly wasting away. I then procured the ablest medical council I could of three physicians, who, after treating her case about three months, gave us no encouragement for her recovery, but on the contrary, we were more and more discouraged. I then resolved to make trial of Dr. Taylor's Balsam of Liverwort, but with little hope, for, at this time her breathing was so feeble as to be scarcely perceptible by applying the ear close to her. We had not given this medicine one month before she had so far recovered as to be able to walk across the room, and by a continued use for a short time she became quite strong and well and for which, next to the blessings of heaven, I am much indebted to this medicine and am willing to qualify to the above.

Yours Truly,
Wm. C. BEDELL.

COUGHS, COLDS, AND ALL DISEASES of the Lungs —THE VEGETABLE PULMONARY BALSAM is believed to be deservedly the most popular medicine ever known in America, for coughs, colds, asthma or phthisic, consumption; whooping cough, and pulmonary affections of every kind.

The Vegetable Pulmonary *Balsam* has been very extensively used for about 12 years; and its reputation has been constantly increasing. So universally popular has this article become that it may now be considered as a standard article in a large part of the U. S. and *British* Provinces. Many families keep it constantly by them, considering it the most safe as well as certain remedy for the above complaints. The proprietors are receiving and have received numerous recommendations from many of our best physicians, who make use of it in their practice. The names of a few individuals who have given their testimony in favor of this article, are here subjoined, and for a more full account see envelope to the bottle.

" William Perry,	" Albert Gould.

Extracts of a letter from Mr. C. Clay, Kingston, Ulster Co. N Y, to the proprietors.

Yours of the 9th inst. was duly received. A remarkable cure was effected by the Vegetable Pulmonary Balsam, in the winter and spring of 1835. The person, Mr. Moody, had been sick a long time with the consumption. His physician had given him up. He was reduced so low as to be unable to help himself, and was raising a large quantity of blood when he commenced using the *Balsam*, which effected a complete cure, and he is now as hale and hearty as he ever was. Mr. Moody has removed from this town, but he has promised me with a more detailed account of his case which I will forward you.

C. S. CLAY.

Kinsington, N. Y., June 25, 1838.

Argyle Nova Scotia.

In the winter of 1837 and 1838 I was seized with a violent cough, which continued two or three months. My cough was so severe that I was obliged to sit up in my bed two or three hours during the night, and I was much reduced in flesh and trenght, and my appetite gone. One of my neighbors had a bottle of the Vegetable Pulmonary Balsam, which he would not sell. He however loaned it to me till I could procure him another. I experienced immediate relief from it. The first opportunity I procured more, and to the use of it I ascribe the preservation of my life. J. W. LENOX.

Counterfeits. Beware of Imposition!

Each genuine bottle is enclosed in a blue wrapper, on which is a label signed by *Sampson Reed.* NONE OTHER CAN BE GENUINE.

☞The outside yellow label will have, on and after Dec., 1839, in addition to that of Sampson Reed, the signature of *Wm. John Cutler*, one of his partners.

The great celebrity of the Vegetable Pulmonary *Balsam* has been the cause of attemps to introduce spurious articles, which by partially assuming the name of the genuine, are calculated to mislead and deceive the public. Among these mixtures are the 'American Pulmonary Balsam,' 'Vegetable Pulmonary Balsamic Syrup,' 'Pulmonary *Balsam*,' 'Carters Compound Pulmonary *Balsam*,' and others. Purchasers should inquire for the true article by its whole name—*The Vegetable Pulmonary Balsam*, and see that it has the marks and signatures of the genuine.

Each bottle and seal is stamped, 'Vegetable Pulmonary *Balsam*.'

☞*One More Counterfeit, besides the 'American Pulmonary Balsam,' and others above alluded to!*—An attempt has been made to deceive the public by a spurious mixture called 'Vegetable Pulmonary Balsam,' sometimes signed Samuel Lee—and to be prepared by an unprincipled man in Bangor, Me.—The [illegible] is written in a way to resemble the genuine signature, and is a base attempt to deceive the public and avoid the punishment that awaits actual forgery.

For sale by *REED, WING & CUTLER,* (late Lowe & Reed) wholesale dealers in Drugs Medicines, Paints and Dye stuffs, No. 54 Chatham Street, Boston, and by Druggists and country merchants generally in New England, and in the principal places throughout the United States and British Provinces. Price 50 cents.

TO MARRIED LADIES!—DR. HULL'S ABDOMINAL SUPPORTER. This apparatus uniformly cures falling of the womb, and removes many weaknesses incident to the married state. It is applied as an article of dress: any lady can fit herself without recourse to a surgeon, on reading the pamphlet written by Dr. Hull, accompanying each instrument.

The supporter has attained a very high character in Europe as well as as is this country. It is adopted to the entire disuse of pessaries, and other painful surgical expedients, in the Lying in Hospitals of London and Paris, and is universally recommended in Europe by medical men of the highest rank.—In this country it is sanctioned by the leading members of the faculties of Colleges and Hospitals, and by all the eminent private practitioners.

THE BRANDRETH PILLS.

At the present time, when the counterfeiters of these celebrated Pills are completely cornered, it is not surprising to find that they endeavor to get off their stock of spurious pills under any name. It is not the first time that the "Poor Indian" has had to father the shortcomings of worthless men.

The remarkable cures that have been effected by Brandreth's Pills, have astonished the whole medical faculty, many of whom have conceded that they are the greatest blessing that was ever given to the world.

The reason these celebrated Pills have such a wonderfully good effect is because their action harmonizes with the human body.

'Purge out the old leaven, that ye may become a new lump,' is the language of the Holy Writ, a figure, spiritually it is true, but how could it have any application unless *confirmed* by *practical experience* in the body of matter? The foundation upon which this figure of speech rests is as immoveable as the laws which govern the sun, or occasion the thunders of heaven.

'THE CONDITION.'

The condition upon which God has given health to man is a constant care to keep his stomach and bowels free from all morbid or unhealthy accumulations. The means to effect this must be those remedies which cleanse the bowels and purify the blood.

Good healthful medicine is only a species of food, when the animals whose habits we have the means of knowing, are sick, they wander through the fields, and make selection of those herbs which open their bowels and purify their fluids, which immediately restore their health.

When a dose of Brandreth's Pills are taken, they are digested, and pass to every part of the system; but they leave the body when they have effected the intended purpose, and health and vigor are then insured.

Mineral medicines may enter the system; but they are with difficulty got out again; and they always occasion pain and misery when they remain in the body.

Whereas Brandreth's Pills are as innocent as a piece of bread, and are evacuated with the disease for which they are taken.

From the time we were born to the time we cease to breathe, our bodies are constantly wasting, and constantly building up. The action of the atmosphere wears of exposed parts. The food we eat the digestive organs convert into blood, which renews or builds up by its circulating power. Thus the human body is healthy when the blood circulates freely, and when any thing prevents its free course through the veins, disease commences.

Costiveness, Dyspepsia, Fevers, Inflamations, are all owing to this, and all the troubles attending them can always be prevented by the timely use of Brandreth's Pills, as their very action at once tends to clear the circulation of all impediment, and remove every cause or occasion of impurity from the blood. There are thousands, nay, millions—at this moment, in this country, and in other, whom we may really consider as half dead. They may be said to carry their death in their bowels and circulation. This is no imaginary circumstance. I wish it were. The thousands whom we meet every where with cadaverous looks, yellow skins and green eyes, speak in a language not to be mistaken, of the state of their stomach and bowels, and the consequent condition of their blood. The body is thus, while in life, reduced to the condition of a corpse, and the reason why some bodies are so soon in a putrid condition after death, is more from the quantity of impure humors contained in them at the time they expired than from any other cause. And who is there that will not allow, that if Brandreth's Pills had been employed so as to have removed those impure humors, that life might not have been saved? Whoever will but give this subject a very little consideration, will at once perceive the perfect identity between the putrid humors before death, and the humors which occasion the peculiar factor of a dead body.

THE COUNTERFEITER'S DEATH BLOW.

The public will please observe that no Brandreth Pills are genuine unless the box has three labels upon it, each containing a fac simile signature of my hand writing, thus—B. Brandreth. These labels are engraved on steel, beautifully designed, and done at an expense of several thousand dollars.

Remember the top—the side—and the bottom.

SEAR'S

GENUINE VEGETABLE PULMONARY BALSAMIC SYRUP OF LIVERWORT.

MORE than 75,000 bottles of this very valuable medicine have been sold (principally in the State of Maine) since it was first offered to the public by the original inventor and proprietor, a few years since.

It is undoubtedly superior to any other article offered to the public, as it seldom fails in giving relief when it is taken in season.

Numerous certificates could be added for the satisfaction of any who may be afflicted with those diseases for which it is designed, but the superior virtues of this medicine are so well known, and its qualities so highly approved, that it is deemed necessary; several however may be seen on the bill of directions accompanying each bottle.

Each genuine bottle is enclosed in a blue wrapper on which is a *red label* signed by T. R. MERRICK, or S. PAGE.

Price 37 1-2 cents per bottle.

For sale by the gross, dozen, or single bottle, by S. PAGE, Hollowell, Me. to whom orders may be directed; also by H. H. PRENTISS, Montpelier, general agent for the State of Vermont.

Notice.

THE subscriber would inform his friends and the public generally that he has recently purchased the axe manufactuering establishment formerly owned by George Grover, situated in the east village in Danby, where he will manufacture warranted cast-steel axes of superior quality. He is determined not to be outdone in excellence of workmanship, and will rely on the citizens of Rutland County and elsewhere to sustain him by their patronage in the business. Old polls attended to on the shortest notice, and in a style which cannot fail to give
