Improvements in the Kootenay.

The attention of the authorities and merchants of British Columbia is being attracted towards the Kootenay country, and it is tolerably safe to say that once the Canadian Pacific is completed, this section will be occupied by these merchants, unless, now, the merchants of Portland and Eastern Washington go into the valley of the Kootenay and get a firm foot-hold. From the Victoria *Standard* we take the following, referring to this section:

Although Kootenay has for a long time been known to possess a great and varied amount of natural wealth in mineral and agricultural and pasture lands, its remoteness from the more accessible portions of the province has retarded its growth and prevented settlement. The building of the Northern Pacific Railway, which passes within a short distance of the district, has given a new impulse to business in that region and enabled prospecting to be carried on with results that must be regarded as in the highest degree encouraging. A carefully written and very interesting letter from a valued correspondent, which was published in the *Standard* of Monday last, furnishes particulars of the discovery of valuable and extensive lodes of argentiferous galena on the shores of the lake. It also states that a company with ample means at command has been formed to work these mines, build steamboats, reclaim extensive tracts of land and otherwise carry on operations on a large scale. All this cannot fail to be of great benefit to the country, and especially to the district in which it is effected. It is somewhat to be regretted that communication with this district will first be established through U. S. territory by means of the Northern Pacific line, as routes of traffic when once established are difficult to be diverted. It is, however, to be expected that when the Canada Pacific Railway comes within reach of Kootenay, as it probably will do, that the customs regulations and other circumstances will induce merchants and others to obtain their goods entirely through British Columbian territory. The fine district of Kootenay, hitherto isolated, and almost unused, will then be easily accessible and will probably speedily fill up with an enterprising, industrious and prosperous population.

Al-Same-Melican-Man.

Marshal John Justice made a haul of opium-users last Saturday night, one Ah Thom, who paid $14 50 and forfeited that amount, and Lee Yong, who is employed by a banker here as a cook, who deposited $15.

Yesterday Lee Yong called on Justice Whitman, at his home, and explained that he had just borrowed another Chinaman's pipe for a "bir," when in come the Marshal and gobbled him.

"That's all right," said the Justice.

"You got him fifteen dollar; you kleep him five and me kleep ten, you saba?"

"Oh, yes, I saba."

"I tell him John, me work on walewood, not know law, you sabe?"

"Oh, yes, me sabe heap. You tell John that story; he'll take it all in," said the Justice, and the Chinaman hunted up the Marshal and said:

"You take five dolla; me takee ten; me no tell; kleep under bush, all same Melican man." And added, on noticing the surprised expression on the Marshal's face, "You no takee blibe?"

John told him it wouldn't work, and now the Chinaman is discouraged.

LOOKING AFTER THE MAIL.—Col. Ben Simpson, of the Postoffice Department, is in the city to-day, making arrangements for an increase of mail facilities for the people of Weston, Milton and Centerville. As the case now stands the mail reaches these places twenty-two hours after it arrives in Walla Walla. Col. Simpson desires to mend these matters, and will endeavor to have the people served by the way of Pendleton, which will give mail on time with its arrival here. A mail service has been ordered for the Northern Pacific, and this will continue to be extended as the road is completed, until all Eastern Washington will be greatly favored by this route. Col. Simpson is doing all that an earnest and efficient official can do in this direction. Of that we are assured, and are glad to compliment him.

A NOTED BUT UNTITLED WOMAN.

[From the Boston *Globe*.]

Messrs. Editors—

The above is a good likeness of Mrs. Lydia E. Pinkham, of Lynn, Mass., who above all other humanitarians may be truthfully called the "Dear Friend of Woman," as some of her correspondents love to call her. She is zealously devoted to her work, which is the outcome of a life-study, and is obliged to keep six lady assistants, to help her answer the large correspondence which daily pours in upon her, each bearing its special burden of suffering, or joy at release from it. Her Vegetable Compound is a medicine for good and not evil purposes. I have personally investigated it and am satisfied of the truth of this.

On account of its proven merits, it is recommended and prescribed by the best physicians in the country. One says: "It works like a charm and saves much pain. It will cure entirely the worst form of falling of the uterus, Leucorrhœa, Irregular and painful Menstruation, all Ovarian Troubles, Inflammation and Ulceration, Floodings, all Displacements and the consequent spinal weakness, and is especially adapted to the Change of Life."

It permeates every portion of the system, and gives new life and vigor. It removes faintness, flatulency, destroys all craving for stimulants, and relieves weakness of the stomach. It cures Bloating, Headaches, Nervous Prostration, General Debility, Sleeplessness, Depression and Indigestion. That feeling of bearing down, causing pain, weight and backache, is always permanently cured by its use. It will at all times, and under all circumstances, act in harmony with the law that governs the female system.

It costs only $1. per bottle or six for $5., and is sold by druggists. Any advice required as to special cases, and the names of many who have been restored to perfect health by the use of the Vegetable Compound, can be obtained by addressing Mrs. P., with stamp for reply, at her home in Lynn, Mass.

For Kidney Complaint of *either sex* this compound is unsurpassed as abundant testimonials show.

"Mrs. Pinkham's Liver Pills," says one writer, "are *the best in the world* for the cure of Constipation, Biliousness and Torpidity of the liver. Her Blood Purifier works wonders in its special line and bids fair to equal the Compound in its popularity.

All must respect her as an Angel of Mercy whose sole ambition is to do good to others.

YOUNG MEN

WHO MAY BE SUFFERING FROM the effects of youthful follies and indiscretion, will do well to avail themselves of this, the greatest boon ever laid at the altar of suffering humanity. DR. SPINNEY will guarantee to forfeit $200 for every case of Seminal Weakness or private disease of any kind or character which he undertakes and fails to cure.

MIDDLE-AGED MEN

There are many at the age of thirty to sixty who are troubled with too frequent evacuations of the bladder, often accompanied by a slight smarting or burning sensation, and a weakening of the system in a manner the patient cannot account for. On examining the urinary deposits a ropy sediment will often be found, and sometimes small particles of albumen will appear, or the color will be of a thin milkish hue, again changing to a dark and turbid appearance. There are many who die of this difficulty ignorant of the cause, which is the second stage of seminal weakness. Dr. Spinney will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs.

OFFICE HOURS.—10 to 4, and 6 to 8. Sundays from 10 to 11 A. M. Consultation free. Thorough examination and advice, $5.
