COMPTROLLER—OFFICIAL.

COMPTROLLER'S OFFICE, }
City of New Orleans, May 11, 1858. }
[No. 3912.]

Resolved, That the Comptroller be and he is hereby authorized to sell in the lowest bidder, after ten days notice in the official journal, a contract for taking down and removing the triangular market house, known as the St. Mary's Vegetable Market, at the junction of Annunciation and Tchoupitoulas streets, the whole as per specification on file in the Surveyor's office, and the said adjudication to be subject to the approval or rejection of the Common Council.

[Signed] J. MAGIONI,
President Board of Assistant Aldermen.
[Signed] H. M. SUMMERS,
President Board of Aldermen.

Approved April 29, 1858.
[Signed] CHAS. M. WATERMAN, Mayor.

Notice is hereby given that on MONDAY, 24th inst., I will adjudicate at my office, at 12 o'clock M., the above contract.
may 11 2t T. THEARD, Comptroller.

SPECIFICATIONS for the contract for taking down and removing the triangular market-house, known as St. Mary's Vegetable Market, at the junction of Annunciation and Tchoupitoulas streets.

The contractor shall take down and remove the slating, framing, sheathing of the roof, gutters and conductors, ceiling, iron columns, granite bases, sills, steps and flagging, in fact all the materials belonging to said market-house.

All the slates of the roof, all the iron columns, the granite bases of the columns, the granite sills and steps, the flagging of the market, and the gutters and conductors shall be the property of the city, and shall be hauled away and nicely piled by the contractor, on the square of ground in front of the St. Mary's Market, and comprised between North Market, South Market, New Levee and Fulton streets; and all the other materials shall be the property of the contractor and shall be removed and hauled away by him.

In demolishing said market, the contractor shall use all care so as not to break and injure beyond necessity the various materials of the building, and all damages done to the same through the carelessness of the contractor, shall be valued by the Surveyor and the amount deducted out of the contract price.

The whole work to be done under the supervision of the City Surveyor, and to be performed to the entire satisfaction of said officer.

All necessary labor and hauling shall be furnished and paid for by the contractor.

The contractor shall be bound to begin the work in the ten days following the approval of the adjudication by the Common Council, and to complete the same thirty days after, under a penalty of ten dollars per day for each and every day there after the same is not completed.

Security to an amount of $800 shall be required to guarantee the faithful performance of the contract.

Payments in cash on the completion of the work and acceptance of the same by the City Surveyor.

It is well understood that in case of failure by the contractor to begin or finish the work, or any part thereof, within the period fixed, or in case the Council be dissatisfied with the manner in which the work is being executed, the Council shall have the right to annul the contract without putting the contractor in default as required by article 1965 of the Civil Code, and without applying to a court of Justice to annul the same and without tedious delay; and it is also well understood that in case the contractor shall at any time abandon the work, or not finish and complete the same, in conformity with his contract, the said contractor shall forfeit all claims he may have for any part of the work up to the date of the abandonment, and that the city shall be thereby discharged from any and all liability therefor; and it is also well understood that in case the contract be rescind, the contractor and his securities shall be held and bound to satisfy, to pay unto the city all loss or difference between the price at which the contractor originally contracted to perform the work, and the price at which it may be adjudicated at a resale or re-adjudication.

Bids to be for the whole work complete.

New Orleans, May 1, 1858.

LOUIS R. FILIE, City Surveyor.

Approved by the Committees on Streets and Landings of both Boards of the Common Council.

COMPTROLLER'S OFFICE. }
City of New Orleans, May 5th, 1858. }
[No. 3919.]

Resolved, That the Comptroller be and he is hereby authorized to sell on the highest bidder, after twenty days notice in the official journal, a contract for constructing brick sidewalks bordered by curb stones and wooden gutters, in section comprised between Paris, Elysian Fields, Levee and St. Avid streets, excepting Mazigny and the east side of Elysian Fields to Louisburg's Hospital, and Mazigny to Josephine street, and Mandeville street, in accordance with the petition, specifications of the Surveyor and section 119 of the new city charter. Said adjudication to be subject to the approval or rejection of the Common Council.

[Signed] J. MAGIONI,
President Board of Assistant Aldermen.
[Signed] H. M. SUMMERS,
President Board of Aldermen.

Approved April 29, 1858.
[Signed] CHAS. M. WATERMAN, Mayor.

Notice is hereby given that on WEDNESDAY, 26 of June next, I will adjudicate at my office at 12 o'clock M., the above contract.
may8 22t T. THEARD, Comptroller.

SPECIFICATIONS for the contracts for laying down and removing the brick sidewalks, bordered by curb stones, are already constructed.

CONTRACTS.—The sidewalks shall be adjudicated into four contracts, as follows, and numbered as follows:

First Contract—All the sidewalks having eight feet in width.

Second Contract—All the sidewalks having nine feet in width.

Third Contract—All the sidewalks having ten feet in width.

Fourth Contract—All the sidewalks having twelve feet in width.

CURBSTONES.—Hewed and dressed curbstones shall line the sidewalks, of North river blue stones or other stones of equality and quality of Lyons Point, bevelled down on the top to answer the slope of the sides, from three to six feet long, from sixteen to thirty inches wide, and not less than three and a half inches thick. They shall be well set in good mortar, and in a workmanlike manner, and shall end with aperturas nicely cut through the same, where desired for draining lots. They shall be fully in accordance with the plans, three to six feet long throughout the work, according to the directions and levels to be given by the City Surveyor, and each curbstone shall have a fair surface for every foot of its length to be laid to the line of the adjoining houses, shall also be solidly fixed and bedded in the most approved manner, to prevent crevices such as may allow the water to percolate under the sidewalks in this respect; and no curbstones less than three and a half inches thick, or shorter than three feet, and half a in no case less than six inches below the upper surface of the adjoining gutter shall be admitted in the work.

WOODEN GUTTERS.—The gutters shall be made of the best sawn stuff of pine, free from sap and knots, not less than the lengths of not less than twenty feet, (except in cases where shorter lengths are necessary) halved and scarfed ten inches at the joinings, joined thus and well spiked down every foot of five feet, with oak pins not less than four feet long by two inches in diameter, driven through suitable auger holes in the gutter blocks, planted standing. The edge of the plank nearest the curbstones shall be beveled to suit, and on the other or outside edge it is to have notches of eight inches long by two inches deep and four inches apart, cut through in them, so as to prevent the water from lodging in them, and to prevent the gutters from being displaced; and solid gutters shall run through the whole width of the sidewalks.

BRICK PAVEMENT.—The walk pavement shall be laid with bricks of the best quality, to herring-bone, on a bed of lake sand or other sand of equally good quality with it, or on gas ashes, generally called "blue billy." The joints between the bricks shall be well filled up with sharp sand, and a coating of sand an inch thick shall be spread over the whole surface of the brickwork. Prior to laying the bricks, the earth or ground below shall be cut up, broken and well rammed, and made level and graded smoothly, with a declivity of one inch to the foot, the first of one half of an inch per foot. The ground where too low shall be filled up by the contractor at his own expense, and well rammed until completely solid. There shall be a middling of one-half of an inch of sharp sand under the bricks, which shall be properly bedded down in herring bone, regularly laid in close joints, without any nugget or hollow place, so that the pavement will bear a straight edge; otherwise it shall be rejected.

GRAVEL GUTTERS.—All the materials shall be of the best quality, and shall be furnished by the contractors as well as the labor.

The contractors shall be bound to begin the work in the ten days following the approval of the adjudication by the Common Council, and to complete the same, as follows, to-wit: The contractor for the eight foot sidewalks within six months from the approval of the adjudication by the Common Council; the contractor for the nine foot sidewalks within nine months; the contractor for the twelve foot sidewalks within four months; and the contractor for the ten foot sidewalks within twelve months; and should they fail so to do, they shall be liable each to a fine of ten dollars per day for each and every day thereafter the same is not completed.

Good and solvent security to guarantee the faithful performance of the contracts shall be required as follows, to-wit:

To an amount of $4,000 from the contractor of the first contract.

To an amount of $2,000 from the contractor of the second contract.

To an amount of $1,500 from the contractor of the fourth contract.

And to an amount of $10,000 from the contractor of the third contract.

Payments to be made on the completion of each three or more squares and acceptance of the same by the City Surveyor. Said payments to be made by the property holders on the certificates of the City Surveyor, in conformity with section 119 of the new city charter, either in cash or in notes at six and twelve months, bearing eight per cent. interest per annum from the date of acceptance of the work, and to be collected by the contractors, and the city not to be held liable or responsible for any of said bills, should the same not be paid; and the contractors to be subrogated to all the rights of the city to sue and seize the property in case of non payment of any or all of said bills.

The contractors shall pay into the City Treasury, prior to receiving their certificates, the cost of publication of the petitions of the property holders; it being well understood that said contractors shall have the right of insertion of said petitions at the reasonable rate of one dollar per square.

It is well understood that in case of failure by the contractors to commence the work, or any part thereof, within the period fixed, or in case the Council be dissatisfied with the manner in which it is being executed, the Council shall have the right to annul the contract without putting the contractors in default as required by article 1965 of the Civil code, and without applying to a court of justice to annul the same, and without tedious delay; and it is also well understood that in case the contractors shall at any time abandon the work, or not finish and complete the same, in conformity with their contracts, the said contractors shall forfeit all claims they may have for any part of the work done by them up to the date of the abandonment; and that the city shall be thereby discharged from any and all liability therefor; it is also well understood that, in case the contracts be rescind, the contractors and their securities shall be held and bound, in solido, to pay unto the city all losses or difference between the price at which the contractors originally contracted to perform the work, and the price at which it may be adjudicated at a resale or readjudication.

Bids to be for complete lots of sidewalks complete, including the curbstones of the corners.

New Orleans, May 3, 1858.

AMERICAN AROMATIC BITTER CORDIAL—This Cordial, whose delicate flavor and aroma are unsurpassed, is the most successful tonic and restorative known in cases of general debility and nervous complaints; it restores the appetite, invigorates the action and functions of the stomach, and thereby prevents dyspepsia, so often brought on by sudden and attacks of indigestion, the prevalent complaint of cold and humid climates. Said Cordial may be administered with equal efficiency to the infant and the aged, by following the directions printed on the label of each bottle; and its agreeable taste is not the least of its recommendations.

This Cordial has been introduced into general use in the principal warehouses of this city, such as Groceries, Grocers, Hotels, the Age, etc., as far superior to Baker's Stomach Bitters, so celebrated throughout the United States of America; and there can be no doubt that all who have used the American Bitter Cordial give it the preference over all other Bitters hitherto in use. M., prepared to give entertainments are such that epicures can always rely on obtaining at his Saloon the best description of RAW OYSTERS, STEWS, TURTLE GAME, GRILLS, etc., in fact, every luxury that the market can afford.

MEALS AT ALL HOURS, and at the shortest notice.

His collection of WINES and LIQUORS is unsurpassed by any other establishment.

A splendid Billiard Saloon up stairs, arranged especially for the use of private parties and families.

FRUIT of all kinds, PICKLED OYSTERS, etc., by wholesale and retail, in cans and kegs.

Special attention given to orders from families in the city or country. au10 1y

UNION RESTAURANT, No. 96 St Charles street.

The proprietors of this popular establishment inform the public that they continue to be supplied with all the delicacies of the season; and that in luxury, comfort, cleanliness and moderate rates will defy the Union to be surpassed by any other house in the city. They respectfully solicit a continuance of public patronage. a19 1m

A CARD—BURNET HOUSE, CINCINNATI, O.

The subscriber takes this opportunity of greeting his old friends, patrons, and the public generally, and begs leave to state that the above magnificent establishment—architectually and otherwise the finest in America—will henceforth be conducted on a scale of enlarged liberality and accommodation worthy its widely extended reputation.

In sympathy with the spirit of retrenchment and economy, rendered imperative by the stringency of the times, and providing all classes, the price of daily board will from this date be reduced to Two Dollars.

The advantages of the Burnet House over all other Hotels in Cincinnati, are manifold; suffice it to mention, that it is the elegant architecture, numerous and easily accessible offices of public convenience, the finest Dining Rooms and Ladies' Drawing Room in America. The most liberal arrangements for dining meals, nearly every hour in the twenty-four, great convenience of situation, and close proximity to all prominent places of business.

Trusting to a recognition of these important advantages, I remain very truly yours.

A. R. COLEMAN,
m22 6m 51 Common street.

SLAVE DEPOT, No. 193 GRAVIER AND 85 DRYADES STREETS.

TO TRAVERS, PLANTERS AND MERCHANTS—Having opened my old stand on the 1st of January, 1858, with good accommodations for 200 Negroes, I respectfully solicit the patronage of my old friends and customers.
