COMMERCIAL.

HONOLULU, SEPT. 11, 1875.

Our business circles have experienced several dullness the past week, the only movements in merchandise, being at Thos. H. Davies' Trade Sale, at the auction room of C. S. Bartow, held on the 8th and 9th, and which will be continued to-morrow. Bidding was not spirited, and the prices realized were not considered altogether satisfactory.

The astounding news of the suspension of the Bank of California, which reached us on Sunday morning, has happily a more cheerful aspect, that at first surrounded, and we congratulate our commercial community, upon the excellent standing of our local Bank during the panic in San Francisco, as we learn that our capitalists were not the least affected through the crisis.

Our foreign arrivals during the week have been the steamship City of Melbourne, from Sydney via Auckland on the 7th, she sailed the same evening for San Francisco, taking her little freight, and a few passengers. The British bark Jaunet arrived on the 10th from San Francisco, on route for the Guano Islands.

To-day we have at hand the American whaling barks Napoleon and Atlantic, which have put in here for repairs, having collided one with the other off Tahiti.

The bark Ceylon sailed for San Francisco on the 10th, taking a cargo valued at $40,750. The brig J. B. Ford sails this p. m. for the same port with a full cargo.

BIRTHS.

At Punaluu, near Honolulu, Sept. 10th, to the widow of the late Jas. L. Lewis, a son.

DIED.

Here—In this city, September 10th, Charles William infant son of D. K. Eyre, Esq., aged 4½ months.

☞ The enterprising little sheet the *Pacific Reporter* has entered upon a second volume with the new term. It deserves encouragement.

☞ The authorities appear disinclined to grant to the excitement of the catastrophe it has seemed likely might happen most any time by the tumbling down of the telegraph look-out, with a crowd of antiquarians. The decayed wood-work is being removed and replaced with solid material, and the structure will be as safe as ever.

COLLISION.—By the arrival of the whaling barks Napoleon, Capt. Jernegan, and the Atlantic, Capt. Brown, yesterday morning, we are sorry to learn that the two vessels collided on or about the 27th of last month, causing considerable damage to both of them, and rendering it necessary for them to abandon the whaling grounds in the midst of the season, and come up for repairs. The accident happened in long. 111.° West, lat. 4½ South. The Napoleon is fourteen months from home, and has taken two hundred and fifty bbls. of oil.

PYRENEES.—The departure of this noble ship, which will be on the coming Saturday, or on Monday of next week at the farthest, will afford no ordinary regret to the citizens of Honolulu. The presence of her gallant officers, during the months which have flown too quickly by, has been an episode which will always be remembered with emotions of heartfelt pleasure, and their absence will be as keenly felt as if the city were to be suddenly deprived of a number of its old residents. She proceeds we are informed, to various ports on the coast of Mexico, and from thence to San Francisco. We trust we may have the pleasure of welcoming her back to Honolulu before very long.

PROFESSOR RICHTER.—We take pleasure in calling attention to the advertisement of this artist, who, it will be seen, is ready to favor the public with instructions in his new system of sketching from Nature. We have examined his method with great care, and were perfectly delighted with the facility with which any one, although wholly unacquainted with the principles of perspective, can, with a very little practice, execute drawings with a degree of truth, and accuracy, which could only be attained after years of patient study by the old methods. The perfection and simplicity of the plan, indicates the labor and care, which the Professor has bestowed upon it, and demonstrates as well his thorough knowledge of art. We hope he will be extensively patronized by the ladies and gentlemen of Honolulu, being as we feel that a general acquaintance with the system cannot fail of exerting a beneficial stimulus upon this department of the fine arts in our community.

LAND SALES.—The large enclosed lot on the corner of Beretania street and Punahou avenue, beyond the residence of Major Wodehouse, has lately been purchased by Mr. J. H. Agnew on private terms. The purchase includes the dwelling house and premises built, and formerly occupied by Rev. J. D. Paris. There are about ten acres of land in the whole, and the property, having a frontage of some 1400 feet in the two streets, is among the most desirable as an investment, around the city, and more likely to improve in value than to depreciate. The improvements which have lately taken place on King street, beyond Kawaiahao church, show that the population of the city will spread in this attractive and healthy section. The scarcity of water alone retards it temporarily.

—The lot on the corner of Fort and School streets, opposite the Fort street school house has also changed hands within a few days; F. T. Lenehan being the purchaser.

NOTES OF THE WEEK.

☞ H. B. M. ship Pelorus, Cookson, returned to port from Hilo on the 10th inst.

☞ The usual music loving audience attended the concert in Emma Square on Saturday afternoon last.

☞ We learn that the sailing of the J. B. Ford will be delayed until the arrival of the mail steamer from San Francisco.

We are indebted to Captain Tripp and the Captain of the Jaluawai for late S. F. papers and various items of important news.

☞ The British bk. Jaluawai, arrived here Sunday morning last, 17 days from San Francisco, bringing the Eastern and London mails but no California papers, except the *Sacramento Union*.

FRESH GROCERIES.—The attention of all lovers of "good things" is directed to the advertisements of Mr. Henry May, and Messrs. Friel and Laine, who offer fresh and choice assortments in their line.

☞ Among the passengers by the steamer for San Francisco was the Editor and Publisher of the GAZETTE, who expects to be absent about four weeks, returning by the same vessel; also Dr. Jno. S. Mudrew and wife, and Mr. and Mrs. Peebles.

The communication from the Board of Health relating to the cases of Messrs. Mohober and L. Smith, which was sent in for publication, is unavoidably crowded out this week, but will appear next week.

P. M. S. S. Co's NEW LINE TO THE COLONIES.—The Vasco de Gama, Capt. Rico, the pioneer steamship of the new line, is advertised in the San Francisco papers to leave that port on Saturday, October 9th for Honolulu, Auckland, and Sydney. She will be due here on the 17 of that month.

☞ Mr. T. H. Davies' Credit Sale will be continued, at sales room of C. S. Bartow, to-morrow (Thursday), at 10 o'clock.

Mr. Adams will hold his regular sale on Friday next, and at the same time, at 12 M., will dispose of a lot of unclaimed merchandise.

EQUINOCTIAL STORM.—As we suggested last week, the rain came, and a generous soaker it proved to be. There fell during the three days of the storm, from Tuesday evening to Saturday morning 2.94 inches of water. The country, which had begun to look parched up is already responding to the blessing with a smile of verdure.

NEW FIRM.—By an advertisement in another column it will be seen that Messrs. Way and Vandorn have formed a co-partnership for carrying on the carpenter and joiner business in all its branches. These gentlemen are excellent workmen, and will no doubt give satisfaction to any one in need of their services.

IMPROVEMENTS.—The old fence around Emma Square, which was sold the other day, is to be replaced by something more ornamental. The pavilion which is now in the process of erection for the use of the band, will be a handsome little structure, and will add much to the looks of the place, as well as to the comfort of the musicians.

MAN MISSING.—The first mate of the bark *Jenny*, has been missing since Wednesday evening last. He was around town till about nine o'clock, when he started to return to the vessel, and he has not been seen or heard of since. Search has been made in the harbor and along the wharves, under the idea that he may possibly have lost his footing in the darkness of the night and fallen into the water, but no trace of him has been discovered. The matter is enveloped in mystery.

AGED HAWAIIAN.—A native man died of old age in town a few days ago. It is said that he remembered seeing Kaheikili who was for many years king of the four islands of Maui, Lanai, Molokai, and Oahu, previous to the conquest of Kamehameha. As he could not have been less than ten years of age at the time of Kaheikili's death, which was in 1790, he must have been at least ninety years old when he died. But even this was only about half the number of years which passed over the head of that wonderful old chap, Kaalli, according to the poem in the *Islander*.

MUSICAL.—The concert given by Mrs. Henry Robinson at the Hawaiian Hotel last evening, was in every respect a complete success. The programme embraced an excellent selection of music, and was well carried out. Miss Castle's piano solo was rendered with her usual grace and style, and were much admired. "Maggie's Secret," by Miss Parks, was given in a manner worthy of special commendation. The duett, "Moonlight's Fairy Hour," by Misses Hebron and King, elicited hearty applause from the audience. Mag Hopper's piano solo "La Parisienne," was well executed. The parts taken by Miss Maud Dudoit, and Mrs. Pate, it is hardly necessary to say, were adjudably done. The ladies were ably seconded by Mr. Wood of the "Pensacola," and Mr. Barnard. Honolulu has reason to be proud of its local talent, and we hope that the concert will be repeated at an early date.

Arrival of the Steamer Cyphrenes.

By the arrival of the *Cyphrenes* at 11 o'clock last night, eight and a-half days from San Francisco, we glean a little additional news. The following is the purser's memorandum and list of passengers.

REPORT OF A. S. N. STEAMSHIP CYPHRENES, WOOD, Master.—Left San Francisco at 11-30 p. m., September 12, cleared the Golden Gate at 12-30 p. m. Fine weather and light variable winds have been experienced throughout the passage. Sighted Maui at 11 a. m. 21st Sept., arrived off Honolulu at 8 p. m. Pilot boarded at 10.30 p. m. H. ADAMS, Purser.

PASSENGERS FOR HONOLULU.

Mrs T Moseman & child, Messrs J. Barton, R V Dowing, Geo Stratemeyer, Chas Fox, J P Cooke, M Levinson, S F Wickersham, 7 in the steerage, and 80 through passengers.

The State of California has gone Democratic by a large majority, that party having elected their entire Legislative ticket, and the Municipal ticket with the exception of four names.

The Bank of California had not resumed on the 13th inst, but was expected to do so at an early date.

There has been a change in the Spanish Ministry, caused by a Execution on the subject of universal suffrage. The new ministry upholds the principle.

The revolt in Turkey progresses. Fully ten thousand insurgents have taken the field, and the Turkish troops are dismralized.

The *Cyphrenes* will leave this P. M. at 3 o'clock.
