MANCHESTER.

—The public debate at the Seminary Tuesday evening was very interesting. A more extended notice next week.

—We are pleased to see our old Sheriff Gordon Smith back again after his long absence, also Geo. H. Smith of Saratoga Springs.

—The ladies of St. John's Church would take this method to express their thanks to the ladies of the Congregational Society for their generous aid and assistance in making the cushions for St. John's Church and for the use of their church parlor for that purpose. Such acts of kindness and good will, will be gratefully remembered and we trust have a beneficial effect upon both parishes.

—We learn that nearly all the rooms at the Seminary are engaged for next term thus assuring more than a usual number for the winter term.

—Winter has begun in good earnest with a foot of snow, more or less, all beautifully raked and piled. The sleighing is excellent except where the drifts are too deep. If this weather lasts until April, we shall have enough to suit the most craving appetite.

—Several of the Battenkill National Bank Directors together with the cashier, attended the funeral of S. M. West, at Arlington, on Friday. Mr West was a director of the bank at the time of his death.

—All national holidays are holidays for postmasters, on which post offices must be kept open for one hour or more after the arrival and assortment of the mail. If it be received during the time of public worship the opening of the office will be delayed until services have closed.

W. B. BURTON, P. M.

—An accident to our engine has caused us to be late in issuing the JOURNAL the past few weeks and has also lessened our amount of reading matter. The accident has been repaired and we hope to be all right in future.

—As cold weather approches stoves are put up and additional fires kindled, increasing the danger of accidents from this source. Every man owes it as a duty to himself and neighbors to exercise great care and prudence in having everything safe and tight.

—We have given up going to Florida, and will try and make it "warm" here at home if our local correspondents will use a little portion of the long winter evenings in giving us the news. Send in your locals.

—The lecture of Hon. Wm. Parsons, last Thursday evening was a rare treat and ranked with the best of the course two years ago. Mr. Parsons is a very pleasant speaker and handled his subject in a very entertaining manner.

—The vocal and instrumental concert at Burr & Burton Seminary on Monday evening was well attended, the large chapel being filled to overflowing with an appreciative audience. The following programme was presented:

PART FIRST.

1. Duet, Piano—Reviamo, Choquet.
Misses N. Kelley and A. Fish.
2. Singing by the Class.
3. Piano Solo—Black Key Mazurka, Herzog.
Ada Walker.
4. Solo and Chorus—The Rock, Miller.
Misses Bennett and Walker and Masters Clark and Coy.
5. Duett, Piano—Electric Polka, Sanderson.
Misses Barlow and Way.
6. Quartette—Ope the Door, Root.
Misses E. Kelley and A. Davis, Messrs. Utley and Brace.
7. Piano Solo—Madeline Waltz, Wehli.
Miss C. Way.
8. Song—Ah Che La Morte Ognora, Il Trovatore.
Miss F. Wooster.
9. Duet—Qui Vive Galop, Gaul.
Miss L. Baker and Mr. F. Whipple.
10. Chant—The Message, Woodbury. Select.

PART SECOND.

1. Duet and Chorus—How Long Wilt Thou Forget Me, Root.
Mrs. Simonds, Mrs. Shaw and Class.
2. Duet, Piano—Wildfang Galop, Arranged by Chas. Schuster.
Misses Hawley and Reed.
3. Song—Father will Settle the Bill, Lockwood.
Miss F. Waterhouse.
4. Piano Solo—Cool Hopper's Dance, Lysberg.
Miss N. Kelley.
5. Song—There's a Path by the River, Loder.
Miss E. Kelley.
6. Piano Solo—Printemps D'Amour, Gottschalk.
Miss S. Lathrop.
7. Singing by the Class.
8. Quartette—The Mountains, Gladden.
Messrs. Shaw, Brace, Utley and Cook.
9. Duet, Piano—Poet and Peasant, Suppe.
Miss S. Lathrop and N. Kelley.
10. Anthem—Love to Christ, Emerson. Select.

The Seminary chapel is very badly constructed for good musical effects, yet the music on this evening was so well sung and played that its effect was very good and elicited many expressions of applause. The singing class under the leadership of Prof. Shaw, has attained a degree of excellence in the vocal art not often attained in an institution of this kind. The songs of Misses E. Kelley, F. Waterhouse and F. Wooster were very well received and showed more than ordinary vocal talent. The instrumental pieces also showed good drill, and the playing of Misses Kelley, Lathrop, Way and some others showed a large amount of faithful practice. The old Seminary has really taken a new departure in the musical line, as other departments are not neglected, a department which ought to gain increased patronage.

FACTORY POINT.

—Rev. H. Grogan will give a temperance lecture at Adams Hall, Thursday evening at 7 o'clock, Friday evening at East Arlington. Mr. Grogan is an able advocate for the cause, and let the people put in practise, what instruction they received from him, success will surely follow.

—Thayer's Hotel is renewing its youthful appearance with a fresh coat of paint and other repairs.

—Chas. H. Burritt, a student at Middlebury College son of Deacon Burritt, has been engaged to teach the higher department of the village school, and we understand that Miss Derby will teach the primary.

—The funeral of Mrs. Dexter Roberts was largely attended last Sabbath, notwithstanding the storm. Rev. Mr. Graves of Arlington officiated. The remains were interred in their private burial grounds.

—In one small district in East Manchester there are 23 cases of whooping cough, in some cases attended with pneumonia. There has been two fatal.

—The new dam of Waterhouse & Co. was finished with a square piece of timber causing a break in the water as it fell over making a disagreeable jar, which affected the machinery in the mill. The defect has been remedied by substituting a round piece of timber at the top.

—We learn that Omar Howe has made arrangements to complete his building for occupancy as soon as possible.

—Emerson Estabrook has his new residence nearly completed.

DORSET.

—The "sociable" is to meet this week Thursday afternoon and evening at the residence of Mr. Isaac Barrows.

—Mr. Lindsley, a student of Middlebury College, is to commence as teacher of our village school the first day of December.

—The temperance lecture of Mr. Grogan last Thursday evening was deeply interesting to all present, and those who failed to listen to him upon that occasion lost a rich treat. He deserves all the encouragement that has been bestowed upon him from adjoining towns. He ought to be well sustained, and we sincerely hope he may favor us with another address, and we think there would be a more general attendance. The fact can no longer be disguised that a temperance reformation would not come amiss even in Dorset.

—We are having some cases of sickness in our vicinity of late, yet none have proved fatal thus far.

—Tuesday morning found us with such quantities of snow, and it still falling, that it looks like winter in good earnest.

EAST DORSET.

—D. L. Keon & Co's. marble mill will shut down for the winter next Tuesday.

—Frederick Field and family intend to spend the winter in California. If the prospect is favorable they will locate there permanently.

—The Priedley marble mill will shut down for the winter next week.

—Miss T. B. Mott has a good display of millinery goods at Barrows & Wilson's hotel, which is convenient for the ladies of this vicinity.

DANBY.

—A grand ball at Bond's Hall Thanksgiving evening.

—Several students attended Burr & Burton Seminary from this town this fall and more go this winter.

—Rev. Mr. Wright, who was recently installed here is an earnest, active worker and should be given a hearty support.

BRATTLEBORO.

—The new tomb is completed in our cemetery, it measures 12 by 16 feet, and is 9 feet under the arch.

—Last Wednesday morning we found quite a little fall of snow for the first.

—Gen. Banks, being detained at White River Junction, and not finding himself able to make his lecture engagement at at Bennington that night by the usual route, he came here, previously telegraphing to know if he could find a man to take him across the mountain. All was ready when he arrived at 1-2 past 3 p. m. John Ray with "a pair" drove from here to Wilmington, and then another man completed the trip in five hours from here.

—Mr. Arad Ward, of West Brattleboro while driving home, fell from his team, so that it passed over him breaking his neck. One of his sisters is Mrs. Edwin Earl, formerly of Factory Point. He has no immediate family, but parents and brothers and sisters to mourn his sad death.

—The new Congregational Chapel is to be dedicated Tuesday evening. Thursday evening a 'grand sociable' comes off.

ARLINGTON.

—The funeral of Mr. West, on Friday, was largely attended by friends and neighbors.

—The latest intelligence from Hon. Harmon Canfield is that his symptoms are more favorable. Austin Bartlet is very sick and reported no better.

—The people of this village are greatly pleased with the prospective railroad improvement, and hope soon to see more trains and plenty of work at the car shops. Just at present, however, business is on the decline.

BENNINGTON.

—A lively "scrimmage" on the graded school question resulted in a complete victory in favor of a school building to cost about $25,000. This with the fine church in process of erection will make the place look up.

—The repairs on the Court Room will be completed in season for court, Dec. 2nd. It is a great improvement.

WOODFORD.

—Peter Bowman, of Factory Point came near loosing his life while driving over a bridge in this town recently. Another team was crossing the bridge at the time and Bowman thought he would "fetch up" and go by him on the bridge, so as to not take his dust. He did so but missed the figger" and was capsized, with horse and sulkey into the stream below, whereby a shoulder joint was dislocated and several severe injuries were received on the arms and face. It being near the residence of Geo. E. Paige where the accident occurred, he was taken there where he found comfortable quarters, and immediate medical aid by Dr. S. R. Wilcox of Bennington who, fortunately for the sufferer, happened to be passing by on his return from the City where he has several patients under his care. We feel sorry for "uncle Peter" for we are inclined to believe that he is a "happy mortal when he is happy." He has been now moved to his home at Factory Point, and at last accounts was convalescent.

—The wonderful female personage who has been blessed with so many admirers(?) the past 10 years talks of leaving town. Oh, my! won't a certain portion of our population regret it though!

—The recent great monetary panic which originated in New York, effects our business men very materially. Business with some has been suspended, while others keep plodding on. Never mind it will soon be over and, speaking allegorically the sun will shine forth in splendor equal to the radience of a noonday beauty.

—Jerry Buckley, killed a beef a few days since, and in the abdomen found a large jackalte. The knife is in good condition and how long it had been there no man can tell. Tis a wonder and any person can see the knife by calling on Buckley. He now is presering it as a relic, and well he may.

—A Wakerfield, Esq., of Ludlow Vt., who is the shrewdest business man that ever came amongst us, who deals fairly by all his many customers who has transferred hundreds, yea thousands of acres of Woodford land into ready money just when it is needed, who is managing the immense coaling job here, and excelling all others in his management, who was injured about two weeks ago by being thrown from his veicle while driving down the mountain has, we are happy to say, so far recovered from his injuries as to resume his business again. We congratulate Mr. Wakefield on his success: and who does not;

FLORIDA.

From November to May, Florida is the favorite resort for northern people, but its limited hotel capacity prevents many from making it their winter home who would otherwise do so. It is proposed to build a large hotel at some point in the state to meet the requirements of those who desire superior accommodations. My experience at the St. James Hotel, Jacksonville, last winter, enables me to speak confidently as to the success of this enterprise. For information as to plans, &c., address

Centaur Liniment.

There is no pain which the Centaur Liniment will not relieve, no swelling it will not subdue, and no lameness which it will not cure. This is strong language, but it is true. It has produced more cures of rheumatism, neuralgia, lockjaw, palsy, sprains, swellings, caked breasts, scalds, burns salt-rheum, ear-ache, &c., upon the human frame and of strains, spavin, galls, &c., upon animals in one year than have all other pretended remedies since the world began. It is a counter-irritant, an all healing pain reliever. Crippler throw away their crutches, the lame walk, poisonous bites are rendered harmless and the wounded are healed without a scar. It is no humbug. The recipe is published around each bottle. It is selling as no article ever before sold, and it sells because it does just what it pretends to do. Those who now suffer from rheumatism, pain or swelling deserve to suffer if they will not use Centaur Liniment. More than 1000 certificates of remarkable cures, including frozen limbs, chronic rheumatism, gout, running tumors, &c., have been received. We will send a circular containing certificates, the recipe, &c., gratis, to any one requesting it. One bottle of the yellow wrapper Centaur Liniment is worth one hundred dollars for sprained or sweenied horses and mules, or for screw-worm in sheep. Stock-owners—this liniment is worth your attention. No family should be without Centaur Liniment. Sold by all Druggists. 50 cents per bottle; large bottles, $1 00. J. B. ROSS & Co., 54 Broadway, New York.

CASTORIA is more than a substitute for Castor Oil. It is the only safe article in existence which is certain to assimilate the food, regulate the bowels, cure wind-colic and produce natural sleep. It contains neither minerals, morphine or alcohol, and is pleasant to take. Children need not cry and mothers may rest. 2151y

PRATT'S ASTRAL OIL.—Absolutely safe. Perfectly odorless. Always uniform. Illuminating qualities superior to gas. Burns in any lamp without danger of exploding or taking fire. Manufactured expressly to displace the use of volatile and dangerous oils. Its safety under every possible test, and its perfect burning qualities, are proved by its continued use in over 300,000 families.

Millions of gallons have been sold and no accident—directly or indirectly—has ever occured from burning, storing or handling it.

The immense yearly loss to life and property, resulting from the use of cheap and dangerous oils in the United States, is appalling.

The Insurance Companies and Fire Commissioners throughout the country recommend the ASTRAL as the best safeguard when lamps are used. Send for circular.
