Milk Concern Sued for 500,000 After Typhoid Epidemic.

An aftermath of the typhoid fever epidemic in the Bay Ridge section of Brooklyn in the latter part of 1915 came to-day when summonses and complaints in fifteen suits against a milk company were filed in the County Clerk's office, Brooklyn, the damages asked for totalling $300,000. Mrs. Hulda Seppla, whose husband died, leaving her with eight children, asks for $50,000.

HOW TO GET RID OF CORNS

A Simple, Safe and Reliable Way. No Pain or Soreness.

Thanks to a new discovery made from a Japanese product, women will soon be wearing smaller and prettier shoes than ever. Corns are to be a thing of the past. A new preparation called ice-mint is said to make any corn or callous shrivel right up and lift off easily. Hard corns, soft corns or corns between the toes can be lifted right out, root and all, after a touch or two of ice-mint. It's wonderful. No pain and not a bit of soreness while applying it or afterward. People are warned to stop cutting and trimming their corns and avoid the risk of blood poison. Simply get a few cents' worth of ice-mint from your druggist, and from the very second that it touches that sore, tender corn, your poor tired, aching feet will feel so cool, easy and comfortable that you will just sigh with relief. Think of it; just a little touch of that cooling, soothing ice-mint and real foot joy is yours. It is the real Japanese secret of fine, healthy little feet, and is highly appreciated by women who wear high heel shoes and men who have to stand on their feet all day.—Advt.

Headaches Caused by Eyestrain

are permanently relieved only by wearing correct glasses. It is dangerous to neglect your eyes.

LABOR ON SAME WAR BASIS HERE AS IN ENGLAND

Leaders Agree There Shall Be No Strikes, Wage Reductions or Long Hours.

WASHINGTON, May 16.—Organized labor has voted to place itself upon the same basis during the war as organized labor in England. According to the plan as explained by the English labor mission in conference to-day with American labor leaders, this will mean that:

There will be no strikes; no wage reductions; no men allowed to work more than ten or twelve hours a day; no child labor; no women labor where men can be obtained; and no drinking among workers on "war work."

It means also that at the end of the war men will be given their old positions at the salary they left to join the army; that the Government and employers will co-operate to pension employees injured in the war; that a fund will be established to take care of dependents of soldiers, to pay the rent, doctor bills, school fees, &c., in addition to the Government separation allowances; that an arbitration board will be established to settle all labor differences, and that the pay of women during the war will be the same as that of the men, the women to give up the places to the men at the end of the war.

At the end of the war the large armies to be raised will be demobilized slowly so that there will be no unemployed. Every man will be given an opportunity to find a job before more men are released from the army.

The railroads will be asked to give free transportation to all men employed on "war work" so that if a man's services are more valuable to the Government in one place than another he can go there without expense to himself.

PIMLICO ENTRIES.

RACE TRACK, PIMLICO, Md., May 16.—The entries for to-morrow's races are as follows:
