NEW-YORK TRIBUNE.

EXPLOSION AT THE POWDER MILLS.—This (Thursday) evening, after we had gone to press, one of the dry houses belonging to the Powder Mills of Mr. E. F. Haubold, at Moringville, (Hart's Corners,) two miles south of the White Plains Railroad Dépôt, exploded with a terrible concussion. We are happy to learn that no person was materially injured. The concussion from the explosion was strongly felt at this place. The houses fairly trembled from their foundations, and the windows rattled as from the shock of an earthquake. Those who were out of doors when the explosion took place, say that it presented a splendid spectacle. There was but little air stirring, so that a large column of flame shot up in the Heavens several hundred feet, like the tail of a tremendous fire-rocket, which spread off, and rolled back, at the report of the explosion reached them, when all was enveloped in a large cloud of black smoke. This is the second explosion at these Mills within a few months. [White Plains Journal.

ABDUCTION OF SLAVES.—A man named James L. Andrews was tried in Berryville (Va.) on Monday last, for enticing slaves away from their owners. The evidence was pretty positive, and he was remanded to the Clarke County Jail to await trial before the Superior Court.—For months past the people in Clarke have been alive with excitement on account of the large number of slaves that were constantly running away, and great vigilance has been exercised in order to discover the source of their trouble and vexation. Suspicion was fixed upon Andrews, and his movements closely watched. [Virginia Free Press.

FIRST FROST AND SNOW IN FRANCONIA, N. H.—Franconia fully sustains its precedency. As early as the 16th ultimo, the ground was white with frost in the Franconia Notch, and the entire summit of Mount La Fayette was covered with snow.

FLOUR AND GRAIN.—The quantity of Flour, Wheat, Corn and Barley left at tide-water during the 4th week in September, in the years 1846 and 1847, is as follows:

	Flour, brls.	Wheat, bu.	Corn, bu.	Barley, bu.
1847	90,628	69,335	150,274	54,802
1846	115,630	156,090	66,542	71,392
Decrease	25,002	86,755	Inc. 83,732	Dec 19,500

The aggregate quantity of the same articles left at tide-water from the commencement of navigation to the 30th of September, inclusive, is as follows:

	Flour, brls.	Wheat, bu.	Corn, bu.	Barley, bu.
1847	2,695,782	2,825,674	5,170,191	374,112
1846	1,854,088	1,380,460	4,156,454	347,792
Increase	841,694	1,445,185	4,013,737	26,320

By reducing the Wheat to Flour, the quantity of the latter left at tide-water this year, compared with the corresponding period of last year, shows an excess equal to 1,130,731 barrels of Flour, and a decrease of excess since our statement of last week of 42,343 barrels of Flour.

The receipts of Flour and Wheat during the month of September, compared with the corresponding month last year, show a decrease of 11,802 barrels of Flour and 244,852 bushels of Wheat.

The receipts of Corn thus far exceed by 3,590,042 bushels the entire receipts of 1846.

The receipts of Barley up to the close of the fourth week in Sept. during the present year, compared with the corresponding period in 1846, show an excess of 26,320 bushels; while the receipts from the 1st to the 30th of September, compared with the same period in 1846, show a decrease of 104,736 bushels.

The following table shows the quantity of some of the principal articles of produce left at tide-water, from the commencement of navigation to the 30th of September inclusive, during the years 1845, (169 days,) 1846, (168 days) and 1847, (153 days):
