### OUTRAGES BY SPANIARDS.

Americans Are Powerless to Interfere.

Ponce, Porto Rico, Aug. 18.—White flags flutter at the Spanish and American outposts and all around is quiet. The first report of outrages by Spaniards within their lines was brought to the headquarters of Gen. Wilson by a priest, who headed a deputation from Ciales, twenty miles northeast of Utado. The inhabitants of the place raised an American flag after the Spanish troops had left. The troops returned, tore down the flag and mached ninety of the inhabitants. The priest appealed to the Americans for protection, but the latter are powerless to interfere in the present circumstances, even though a reign of terror be inaugurated. The Chester, with the First engineers, Col. Griffin, has arrived. Batteries A and C, of the Pennsylvania light artillery, the governor's troop and Sheridan troop disembarked from the Manitoba and are encamped on the outskirts of the town. No disposition of these troops has yet been decided upon. The Columbia will sail to-night for St. Thomas and Key West. The warships Puritan, Terror, Prairie, Gloucester, Wasp, Leyden and Annapolis will remain there until they receive further orders. The harbor there is a good one.

## A DOCTOR'S DIRECTIONS.

They save a daughter from blindness.

When a father writes that yours "is the best medicine in the world," you can allow something for seeming extravagance in the statement if you know that the medicine so praised, cured a loved daughter of disease and restored to her the eyesight nearly lost. The best medicine in the world for you is the medicine that cures you. There can't be anything better. No medicine can do more than cure. That is why J. C. Goode, of Orrick, Mo., writes in these strong terms:

"Dr. Ayer's Sarsaparilla is the best medicine in the world. My daughter had a relapse after the measles, due to taking cold. She was nearly blind, and was obliged to remain in a dark room all the time. The doctors could give her no relief; one of them directed me to give her Ayer's Sarsaparilla. Two bottles cured her completely."

The thousands of testimonials to the value of Dr. Ayer's Sarsaparilla repeat over and over again, in one form or another, the expression: "The doctors gave her no relief; one of them directed me to send for Dr. Ayer's Sarsaparilla. Two bottles completely cured her."

It is a common experience to try Dr. Ayer's Sarsaparilla as a last resort. It is a common experience to have Dr. Ayer's Sarsaparilla prescribed by a physician. It is a common experience to see a "complete cure" follow the use of a few bottles of this great blood purifying medicine.

Because it is a specific for all forms of blood disease. If a disease has its origin in bad or impure blood, Dr. Ayer's Sarsaparilla, acting directly on the blood, removing its impurities and giving to it vitalizing energy, will promptly eradicate the disease.

The great feature of Dr. Ayer's Sarsaparilla is the radical cures that result from its use. Many medicines only suppress disease—they push the pimples down under the skin, they paint the complexion with subtle arsenical compounds, but the disease rages in the veins like a pent-up fire, and some day breaks out in a volcanic eruption that eats up the body. Ayer's Sarsaparilla goes to the root. It makes the fountain clean and the waters are clean. It makes the root good and the fruit is good. It gives Nature the elements she needs to build up the broken down constitution—not to brace it up with stimulants or patch it up on the surface.

The doctors gave her no relief; one of them directed me to send for Dr. Ayer's Sarsaparilla. Two bottles completely cured her."
