Coal Conservation

As members of the National Coal Merchants' Association, we have been asked to give publicity to the following letter:

September 14, 1918.

To the Consumer:—

We feel sure that you wish to do your share of the War Work, and the most important of this work just now is economizing on coal. The welfare of a community is dependent upon each individual citizen, and we, therefore, ask your co-operation in this to the greatest possible extent.

In order to do this we ask that you refrain from using coal in furnaces or stoves entirely at least until the first of November and longer, if possible, using wood when a fire is necessary.

Fuel Administrators and Committees are the local representatives of the United States Fuel Administration. It is impossible for them to be in all the homes all of the time. Will you, therefore, be a representative of the United States Fuel Adminstration in your own home, and do this work cheerfully as part of your War Work?

The demand for coal is much greater than the supply, and if much suffering, sickness and discomfort is to be avoided, the most stringent economy in the use of coal must be practiced by everyone.

Yours very truly,

NATIONAL RETAIL COAL MERCHANTS' ASSN.

Wartime Economy Is Pleasant and Easy in the Down Stairs Store at Wanamaker's

October's Clear Blue Days Invite New Suits and Coats

An infectious appearance of warm comfort emanates from a fur-trimmed suit of velour. Even the little fur-ball ends of the throw-over belt seem cozy, while the kit-coney collar and the band at the bottom of the jacket are quite luxurious. The colors are happily chosen: brown, green, blue or terra cotta. Of coure, the jacket is fully lined with silk. $39.75.

Long Lines and Beautiful Tailoring at $42.50

From the many models at this price we sketch a suit of broadcloth so silkenly lustrous and soft that it is a pleasure to touch. Covered buttons, large and small, are used in abundance, but with discretion. Each button enforces or carries out a planned for line. Tiny stitched tucks, vertical inset pockets that are perfectly tailored, and an odd arrangement of the collar, which can button high, make for distinction and exclusiveness. The model is in black or taupe.

Interesting Suits at $35

are of serge, broadcloth and heavily woven jersey. An assortment of models offers excellent choosing in almost all sizes.

More Coats at $27.50 Than One Would Dream of

—and especially now, when there is a scarcity of heavy wool fabrics. However, every one of these coats is worth dreaming of, for the materials are first quality and they are carefully made and finished to withstand the rough outdoor wear of Winter.

Much Like Silvertone

is the material in the coat that is sketched. It is dark mixed wool coating with small white hairs in it—and the appearance is pleasing. The wide collar, which is stitched with three rows of silk, can lie flat across the back or be buttoned high about the throat. Notice the wide, flat pockets with their buttons.

Pom Pom, Too

is represented in the coats at $27.50—in taupe, brown and burgundy. The coats are fully lined and have belts below, while the skirts are quite full.

Covered Buttons

are well used on coats of navy blue, green, brown or burgundy burella. These coats, too, have full-gathered skirts and have inset pockets cleverly concealed.

Coats that are tucked above the belt in back and ripple below are made of velour in the right shades of brown, green and navy blue. They have soft, seal-like collars of fur fabric.

Remember: All these are only $27.50!

Separate Skirts Are Having a Brisk Vogue

And you'll understand why when you see how pretty they are this year. Fabrics are unusually fine and new points in cut and trimming abound. Busy women who are doing men's work in offices and banks find that separate skirts and fresh blouses fill their needs remarkably well.

The plaid skirts are lovely and there seems no end to their variety, from small checks to big, softly-blended plaids. $6.75 to $19.75. The skirt sketched on the left is in green, red, blue and garnet at $12.50.

Serges begin as low as $4.75 for what is called manipulated serge and go upwards to $10.50 for a very fine, all-wool serge. In this material and in wool poplin there are many splendid tailored models in both navy blue and black.

Less tailored are the silk skirts, and here we find a wonderful variety in satin, messaline, taffeta and baronette. Black, navy and taupe are the best-liked colors in these skirts, which match the Georgette waists. $8.75 to $25. The skirt sketched is $10.
