550 Surgical Beds Bought for Glenn Dale

Purchase of 550 new-type surgical beds with matching mattresses for the District Tuberculosis Sanitorium at Glen Dale, Md., at a cost of $52,480 was announced yesterday by District Purchasing Officer Roland M. Brennan.

Delivery of the beds and mattresses, enough to provide for all the institution's 510 patients, has been promised in from three to six months by the Kloman Instrument Co. of Washington.

Also purchased for the sanitorium were new lightweight wool blankets, for delivery in the fall, and $5,000 worth of new X-ray equipment, Mr. Brennan said.

Delta Line Purchases 20 Luxury Airliners

Delta Air Lines, which has applied for a permit to operate between Miami and Washington, has purchased 20 high-speed luxury airliners from the Glenn L. Martin Co. in Baltimore, it was announced today.

The Civil Aeronautic Board said the application of the airline, with home offices in Atlanta, Ga., calls for several extensions of service. It still is pending.

C. E. Woolman, president of Delta, and Glenn L. Martin, president of the aircraft firm, said each of the new Martin 2-0-2's purchased by Delta will carry 40 passengers on flights up to 700 miles at 270 to 280 miles an hour. Delta entered the aviation field in 1934 with single-engine fabric-covered planes.
