PERSONAL.—Judge R. B. Carpenter was in the city yesterday.

THE CATHOLIC PAROCHIAL SCHOOL was opened yesterday with eighty pupils.

TERRIBLE RAILROAD ACCIDENT.—Yesterday a street car ran over and killed a dog near Ann street.

THE CHEAPEST YET.—THE NEWS Job Office is now printing bill-heads in the best style and on fine paper, at $2 50 per thousand. Merchants, think of it!

ANOTHER STRIKE.—The journeymen painters struck for higher wages yesterday. We learn that they demand $2 50 per day. The strikers have been very orderly.

EARL DERBY.—The flag of the British Consul and the flags on the British vessels in port were displayed at half mast yesterday as a mark of respect to the memory of the late Earl Derby.

SUITS AGAINST THE CITY.—Mr. William B. Mikell, late Clerk of the City Court, Peter C. Guerry, City Sheriff, W. N. Hughes, Assessor, C. P. Frazer, Assistant Assessor, have commenced suits in assumpsit against the city—Mr. Mikell placing his damages at $100, the rest placing theirs at $1000.

THE MAN WHO KICKED DOWN BARRICADES PUT OUT OF THE CUSTOMHOUSE.—Alderman David Barrow, whose principal amusement of late seemed to be pouring red-hot whiskey down his throat, kicking down barricades, trying to collect duties where he had no authority to do so, and making a fool of himself on the street and in the Council Chamber, has been discharged from the Customhouse, where he held the office of appraiser. According to general report he made a very good appraiser, excepting when drunk, which was the case too frequently for the good of himself or of the United States Government.

Alderman M. H. Collins has been appointed in Barrow's place.

A MODEL ESTABLISHMENT.—We invite the attention of the friends of THE NEWS in the city and throughout the State to the excellent facilities which our office enjoys for the prompt execution of all kinds of Book and Job Printing. Fully provided with new type and machinery of the latest and most approved pattern, and having a large and carefully selected stock of cards, envelopes and papers of all qualities, THE NEWS Job Office is now prepared to fill orders for every description of plain and ornamental printing in the very best manner, and at rates at least as low as any other establishment in the Southern States. Call at THE NEWS building (up-stairs) and examine our scale of prices and specimens of our work.

THE BILL-STICKING WAR.—THE NEWS has several times alluded to the cases of Collins & Morse vs. Skiff & Gaylord and Skiff & Gaylord vs. Collins & Morse, each sueing the other for injuring and obscuring one another's placards posted upon the fence opposite the Charleston Hotel, the damages of each party being estimated at $99. At 10 o'clock yesterday morning, the case of Skiff & Gaylord vs. Collins & Morse was heard before Magistrate Schroder, who reserved his decision. At 3 o'clock the case of Collins & Morse vs. Skiff & Gaylord was heard before Magistrate Mackey, who also reserved his decision. Messrs. Duryea & Cohen appeared as counsel for Skiff & Gaylord, and Mr. John A. Moroso for Messrs. Collins & Morse.

THE FLOUR INSPECTORSHIP.—Yesterday M. Caulfield, the Flour Inspector, according to the belief of the members of the City Council, was arraigned before Magistrate Dingle to answer the charges preferred against him by Mr. John H. Averill and Mr. Caleb N. Averill. The first charge was for erasing and defacing the brands placed upon sixty-five barrels of flour inspected and marked for Bollmann Brothers by C. N. Averill, Flour Inspector. And upon this charge he was required to give $3500 security to answer before the State Court. The second charge was for attempting to prevent C. N. Averill from exercising the duties of the office of Flour Inspector. For this he was required to give $100 security for his appearance for trial before the same court.

The charge against Magistrate Morrison will probably be heard to-day.

RANGE LIGHTS ON MORRIS ISLAND.—THE NEWS has mentioned that the United States government proposes placing two range lights on Morris Island.

Yesterday, through the courtesy of Major Geo. Burroughs, engineer of the sixth lighthouse district, we had an opportunity of inspecting the plans and specifications for these range lights, which will be placed upon Morris Island, near Lighthouse Inlet. The first light will be about twenty-two feet high, and the other, located five hundred yards distant, about thirty-seven feet in height, and when placed can be seen from the deck of a ship twelve miles off.

At present vessels arriving off the bar at night generally have to remain until morning, as to attempt to cross the bar in the dark would be somewhat risky. When these range lights are placed, the pilot, by keeping them in range, can bring his vessel safely across the bar without the least risk, and thus avoid the delay, which is not only annoying, but in bad weather often dangerous. We hope the work upon these lights will be speedily commenced.

CRUMBS.—The Charleston Baptist Association will hold its one hundred and eighteenth annual session with the Sumterville Baptist Church, commencing on Saturday, the 6th of November next.

There is one little boy in this city who has succeeded in appropriating for his own use, during his short career, nearly two thousand dollars worth of hats and caps.

The Comet Star Fire Company, colored, about eighty strong, paraded yesterday afternoon.

The fines imposed by the Mayor yesterday amounted to $63.

Seven men were fined by the Mayor yesterday for being drunk.

Officer Hernandez yesterday arrested two negro women, named respectively Mary Nesbitt and Clara Simmons, upon suspicion of having stolen silver-ware from Dr. Thane, on Wentworth street.

Two men had a fight here yesterday. One went into bankruptcy, and the other got his head in chancery.

Joseph Mitchell, negro, was sent to jail by Magistrate Morrison yesterday, upon the charge of committing highway robbery upon Susan Robinson.

The shareholders and trustees of the German Rifle Club will meet at Lindstedt's Hall to-morrow night.

Our Washington correspondent states that it is more than probable that President Grant will visit Charleston, Augusta and Mobile before Congress convenes.

Mr. George Stroub advertises that he would not accept the office of assessor upon any terms.

Magistrate Charles E. Kanapaux will continue to perform the duties of his office. Mr. Charles Kanapaux is the gentleman named as assessor.

"LOST IN LONDON" drew a select and appreciative, though not a very full house at the Theatre last night. The play was very well acted; indeed we never saw the company appear to better advantage. Miss Raymond made a capital Tilly Dragglethorpe, and Miss Levering, as the passionate Nelly Armroyd, achieved a decided success. For to-night, Lucretia Borgia is announced, with a repetition of the farce "Bowled Out," which provoked such screams of merriment last evening.

UNITED STATES COURT.—HON. GEO. S. BRYAN, JUDGE, PRESIDING.—A special session of the District Court was opened at 11 o'clock yesterday morning.

Petitions of Michael Flaum and Joseph B. Wilkie, of Walterboro', for final discharges in bankruptcy, were referred to Registrar Carpenter, and final hearings ordered to take place before the Court at Columbia, on the 25th of November.

In the case of Louis McLain vs. David Riker, the petition for extra compensation was referred to Registrar Carpenter, to report if the petitioner is entitled to any extra compensation.

Petition of Charles Phillips, of Darlington, for final discharge in bankruptcy, was referred to Registrar Carpenter, and final hearing ordered to take place at Columbia, on the 25th of November.

In the case of Louis McLain vs. Ed. W. Seabrook, petition to sell choses in action, it was ordered that the said Louis McLain, assignee, have leave to offer the said choses in action at public auction.

In the case of Louis McLain, assignee, vs. Ed. W. Seabrook, petition to sell real estate, it was ordered that the assignee sell, after twenty-one days' public notice, the property at public auction, in Charleston.

The court then adjourned.

THE OUSTED CITY OFFICERS.—It will be remembered that Chief Justice Moses recently ordered P. J. Coogan, M. G. Camplin, colored, George Addison and M. Caulfield, who held the offices respectively of Assessor, Assistant Assessor, City Sheriff and Flour Inspector, to vacate them, and to have nothing to do with the duties of the offices, books, papers, &c., on pain of contempt of court; also that when these officers did meddle with the said books, papers and duties of said offices, either as officers *pro tem.*, or while the offices were differently styled, the counsel for Messrs. W. N. Hughes, Assessor, C. P. Frazer, Assistant Assessor, P. C. Guerry, City Sheriff, and C. N. Averill Flour Inspector, notified the ousted officials, who, acting under instructions of Council, were meddling with said offices, that on the 20th of this month Chief Justice Moses, at Sumter, would be requested to grant a rule to make them show cause why they should not be attached for contempt of court in not complying with the order of court.

On the 20th, the counsel for neither side appeared before Chief Justice Moses. The counsel for Messrs. Hughes et al. sent the necessary documents by mail. P. J. Coogan, M. G. Camplin, colored, Geo. Addison and M. Caulfield, sent affidavits, asserting that they had not shown contempt of court, nor would they do so for anything.

On the 21st, Chief Justice Moses issued an order to have a hearing of the cases on the 28th of this month. The following is a copy of the order:

The State ex relatione the Attorney General vs. P. J. Coogan, [or M. G. Camplin, colored, or Geo. Addison, or M. Caulfield, as the case might be.]

A motion for a rule in the said matter having been resisted by the affidavit of the respondent, no counsel appearing on either side on the day fixed, and no written arguments submitted, it is ordered that the said motion stand for a hearing before me at Sumter, on Thursday, 28th instant, at 10 o'clock.

It is ordered that the affidavit of the respondent be filed with the Clerk of the Court of Charleston County, and that the said Clerk do forthwith cause a copy thereof and of this order to be served on Wm. N. Hughes, [or C. P. Frazer, or P. C. Guerry, or C. N. Averill, as the case might be,] and furnish me with a copy of the affidavit by the 28th instant. F. J. MOSES.

At Chambers, Sumter, October 21, 1869.

ARREST OF A YOUTHFUL CLOG DANCER.—Last Saturday night Captain Hendricks received a telegram from Albany, N. Y., instructing him to arrest and hold until further orders George Hunter, a member of Skiff & Gaylord's minstrel troupe. Shortly after the reception of the dispatch, the Captain had Hunter arrested, and now has him in charge.

Hunter is the little clog dancer of the troupe, in which line he is inimitable. He is very communicative and very shrewd. In a conversation with him at the Guardhouse yesterday, he, after giving us a specimen of his "heel and toe," "double shuffle," "pigeon wing," and a variety of other fancy movements, told us his history as follows: "I am eleven years old, and was born in Albany, N. Y.; I went to see a minstrel show one night with mother, and the manager asked me to join, and I did so; mother was willing; this troupe pays me $10 a week and boards me; Bryants' Minstrels will board me and give me $20 a week; I am glad mother has sent for me; I reckon it is because she wants me to join Bryant; and $20 a week is better than $10, yer know; mother thinks I can't take care of myself, but I can; I intend to go to school and learn to be smart in my profession; I can black up and wash off quicker nor any man in the troupe; I want ter go to mother; it is sad to leave the troupe; it makes me cry, yer know, but a feller wants ter go hum, yer know."

He concluded the last sentence in the furthest corner of the room to which he had gotten by one of those movements peculiar to burnt-cork minstrels; he then quickly returned on his heels and plied us with every imaginable kind of question. For answers we referred him to the managers of the late City High Court of Impeachment, and beat a retreat, not knowing but that when we opened our mouth to give an answer it would give the little knight of the burnt cork a desired opportunity of standing on his head and putting his feet down our throat.

Captain Hendricks keeps George at home with him. It is supposed that some one will come for him in a day or two.

A VALUABLE FERTILIZER.—We issue this morning a supplement containing a number of letters from planters and others, in which they express their opinion of the famous "Soluble Pacific Guano," for which Mr. J. N. Robson, of this city, is the agent. The supplement also contains some valuable information in regard to the operations of the Pacific Guano Company, whose works at Charleston cost nearly two hundred thousand dollars. But the point which most concerns the farmer in buying fertilizers, is cheapness combined with efficiency. The costly element in the Pacific Soluble Guano is the ammonia, the supply of which is limited in quantity. Without it the guano is useless, and it has been the endeavor of the Pacific Guano Company to make available, hitherto unused supplies of organic matter containing ammonia. Cotton seed is found to contain a large percentage of ammoniacal matter, as well as carbonic acid, another important solvent. The Pacific Guano Company are now making "a compound acid phosphate of lime," which is identical with the Soluble Pacific, except that it contains no ammonia. This is to be composted with cotton seed, resulting in a saving to the planter, it is claimed, of about *thirty per cent.* The whole details may be found in the supplement.

Mr. J. N. Robson, the agent of South Carolina of the Pacific Guano Company, makes the following announcement:

CHARLESTON, S. C., October 25.

In order to induce planters to keep a correct account of the results obtained from the application of the Soluble Pacific Guano and Compound Acid Phosphate manufactured by the Pacific Guano Company, I would offer the following premiums for the ensuing crop of corn and cotton, and would be glad if the State Agricultural Society would take charge of the matter and arrange the details. No other guano to be used on the land experimented with.

FOR COTTON.

1st. Silver pitcher, value $75, from the greatest growth from one acre of land.
2d. Silver goblet, value $50, for the next growth from one acre of land.
3d. Silver cup, value $25, for the third greatest growth from one acre of land.

FOR CORN.

1st. Silver goblet, value $50, for the greatest yield from one acre of land.
2d. Silver cup, value $25, for the next greatest yield from one acre of land.
3d. Gold medal, value $25, for the third greatest yield from one acre of land.

J. N. ROBSON,
Agent for South Carolina.

The State Agricultural Society will doubtless be willing to take charge of and award the premiums.

WRITS RETURNED.—During the period from the of May 31st to the 23d of October, three hundred and thirty-seven writs were lodged in the office of the Sheriff of the county for the November term of the State Court. The aggregate amount of actual debts and damages involved in these writs is $210,761 02.

LADIES' BENEVOLENT SOCIETY.—The annual meeting of this society was held at the Orphanhouse, at 12 M. yesterday. After the reading of the annual reports, the following officers were elected:

PACIFIC GUANO COMPANY'S

COMPOUND ACID PHOSPHATE OF LIME,

FOR

COMPOSTING WITH COTTON SEED.

This article is manufactured at the Company's Works under the direction and superintendence of Dr. RAVENEL. It contains the same elements of fertility as Soluble Pacific Guano, except that it is not furnished with ammonia. It is prepared expressly for composting with cotton seed, which furnishes the element of ammonia—the object being to render that side-product of the plantation available to the highest degree as an element of fertility.
