FIRE IN COLUMBIA.—A small tenement in Winn street, Columbia, was set on fire on Tuesday morning, and burned down. It was evidently an incendiary fire.

NEW COTTON.—On the 19th instant, a bale of new cotton was shipped by express from Ridge Spring, on the Charlotte, Columbia and Augusta Railroad. It was raised by a Mr. T. S. Williams, a young man about eighteen years old, and is only eight days later than Alabama's first bale.

PERSONAL.—Mr. A. B. S. Moseley, one of the proprietors of the Rome (Ga.) Daily, is now on a brief visit to Charleston. Those of our merchants who desire to extend their business in the rich and prosperous region of Georgia in which Mr. Moseley's paper circulates, will now have a convenient opportunity of availing themselves of the advantages in the way of advertising that he can offer.

THE SAVANNAH DUEL—DISCHARGE OF THE JURY.—The Savannah papers of yesterday mention that Coroner Harden had, after mature deliberation and upon legal advice, determined to discharge the jury from the further consideration of the question. He said that should any additional evidence be discovered, it would be brought up before the grand jury, who would act upon it, and announced the jury discharged *sine die*.

THE ACADEMY OF MUSIC.—The entire lower story of this splendid building, with the exception of the King street entrance to the theatre proper, is to be altered into one large store, which will be occupied as a clothing house by Messrs. Lawton & Quinby, of Charleston, (not Boston.) The Market street entrance to the Opera House club-rooms will be where the rear entrance to Messrs. Raoul & Lynah's drug store is now. Some folks, oblivious of the march of events, persist in styling this the "Adger building." Our Academy of Music the Adger building! One might just as well call Rutledge avenue Pinckney street, or our City Hall the Bank of South Carolina.

THE RECENT FIRES.—The investigations concerning the origin of the late fires have brought to light the following facts: The fire at J. Bennett & Co's. store on King street, near Market, was the work of an incendiary, the store having been fired on both sides. The insurance was for eight thousand dollars; the loss about four thousand dollars. We understand that the insurance company, a Northern one, will refuse payment of the policy. The fire in Calhoun street was also "set," and evidently for the purpose of robbing the neighbors, which, by the way, was most effectually done, many of them losing heavily.

THE COLLECTION OF NOTES BY EXPRESS COMPANIES.—Express companies have recently sustained heavy losses by carrying negotiable paper to various points in the United States, where ignorant law officers would either mutilate or fail to present it at maturity, according to the requirements of the law, through which negligence the express company has been held liable to the proper owner of the paper. In consequence of this they have recently given notice that no more paper will be received for protest or acceptance, except for cities where regular national banks are established. These places are Norfolk, Richmond, Petersburg, Danville and Lynchburg, Va.; Raleigh, Charlotte, Wilmington, Weldon, Goldsboro', Newbern and Greensboro', N. C.; Charleston and Columbia, S. C.; Savannah, Augusta, Macon, Atlanta, Columbus, Athens and Rome, Ga.; Jacksonville, Fla.; Eufaula, Montgomery, Selma, Huntsville and Mobile, Ala.; Chattanooga, Memphis, Knoxville, Nashville and Jackson, Tenn.; Vicksburg, Meridian and Columbus, Miss.; New Orleans, La.; Galveston and Houston, Texas, and Little Rock, Ark. Promissory notes for all other points will be refused transportation unless at the risk of the sender.

CAPTAIN CHARLES THOMAS CRAIG.—Our citizens generally, but more especially those who "go down to the sea in ships," learned yesterday with unfeigned regret of the death of this estimable gentleman, which occurred at Summerville on Tuesday night. Captain Craig was a native of North Carolina, having been born near Wilmington, in that State, in September, 1831. At about the age of seventeen he came to Charleston as an apprentice on a pilot boat, and well did he labor in mastering that responsible profession; for at the time of his death he was very justly considered one of our best pilots. With the exception of a short time which he spent on the noble old steamer Southerner, then on the line from this port to New York, Captain Craig followed his profession in our harbor until the establishment of the blockade, when he became quite prominent as one among the many daring "blockade-runners," holding at different times positions as pilot on the "Fox," and the "Margaret and Jessie." After the war, he again became a harbor pilot, remaining here until the establishment of the Adger Line of New York steamships, when he took the position of pilot on the "Charleston," Captain L. M. Murray, where he remained until his late illness, consumption, compelled him to relinquish his post. He was buried at Magnolia Cemetery yesterday afternoon. The flags of the shipping in the harbor were at half-mast yesterday out of respect for his memory.

THE FIRST BALE of new cotton by the Northeastern Railroad was received yesterday from Darlington. Consignee, W. K. Ryan.

A GRAND ROW is expected at the Military Hall to-night. The Union League of America will be reorganized, and officers may or may not be elected. That will depend on the stage of the proceedings at which the "scene of confusion" commences.

FOUND DEAD.—Coroner Whiting held an inquest yesterday over the body of an infant, which was found in Glebe street. It is supposed that the child was still-born. No trace of its parents was found. The jury rendered their verdict in accordance with these facts.

NARROW ESCAPE.—The scaffolding at the building lately occupied by Messrs. Ostendorff & Co., on East Bay, near Queen street, now being altered, fell yesterday afternoon, slightly injuring Messrs. Bernard O'Neill and Thomas S. Burns, Sr., who were passing at the time.

CLUBS AND STARS.—George Wright was sent to jail yesterday for cutting John Butler with a piece of glass bottle during a fight in the market.

George Perkins, a vagrant, was sent to jail for thirty days.

Joseph Cartman was fined $20 and costs for assaulting Joseph Stamp on board of the brig Louis Clark, at Kerr's wharf.

ANOTHER INFAMOUS ROW.—The usual disgraceful proceedings of such assemblies occurred last Tuesday night at a Ring meeting held in Ward 8. The two factions were present, the DeLargeites, it is said being in the minority. When the call for the vote confirmatory of the proceedings of the last meeting was made, umbrage was taken at certain resolutions which had passed and were entered upon the journal, and a "scene of confusion" of course followed. During the row a man named Mason attempted to shoot another man named Artope, but by good or ill luck the cap missed fire. The fuss soon became irrepressible, and the meeting broke up.

THE LATE WILLIAM E. MIKELL.—The funeral services of the late William E. Mikell were performed at the First Presbyterian Church, (Dr. Forrest) by the Rev. E. J. Adams, yesterday morning. Major Hutson Lee, Captain Julian A. Mitchell, Augustine T. Symthe, Esq., Major G. Lamb Bulst and Messrs. W. H. Porter, William K. Ryan, R. S. Bruns and Lawton Mikell, acted as pall-bearers. A large number of the Masonic fraternity, of which Mr. Mikell was an honored member, were present, wearing a sprig of acacia, their beautiful emblem of mourning. The church was crowded with the members of the Bar, and many of our merchants and other prominent citizens. The body was interred at Magnolia Cemetery.

THE BOWEN-DELARGE WAR.—Tim Hurley, the shameless lobbyist, and Thomas M. Holmes are out in the Ring Organ in cards, one urging Bowen to "refrain from anything, &c.," and the other telling the people to "maintain their rights and elect the people's choice, Hon. C. C. Bowen, the 'Ring' to the contrary notwithstanding."

R. S. Thairen is also out, blushingly declining the proffered honor of a compromise nomination for Congress, but at the same time modestly stating that if the party will make their "respectable suggestion in earnest," he'll take it, and believes he has "said enough for you to understand my meaning." He must be about as honest as they make a Ringist, for he discreetly adds that he "feels a sense of his inferiority." His card winds up with a most enigmatical and altogether incomprehensible allusion to an old adage.

DeLarge himself, the lamb that will not lie down by the lion, makes known to the world at large, and the Ringists of this Congressional District in particular, that he won't back out. He positively denies the statement that he "intends to withdraw from the contest for Congress," and "says under no circumstances will I make any compromise requiring my withdrawal as a candidate for that position. I am, and intend to be, a candidate until the contest is decided by the voters." That's flat!

THE FIRST CONGRESSIONAL DISTRICT.

BENNETTSVILLE, S. C., August 22.

At a meeting of the citizens of the County of Marlboro', held this day, the following resolutions were adopted:

1. *Resolved*, That it is the sense of this meeting that the Union Reform Party nominate a candidate for Congress from this Congressional District, and that we invite delegates from the other counties to meet us for this purpose at Florence, on Saturday, the 10th of September next, at ten o'clock A. M.

2. *Resolved*, That the CHARLESTON NEWS and the papers in the first Congressional District be requested to publish the foregoing resolutions.

A. K. PARHAM, Secretary.

BUSINESS NOTICES.

A NOVELTY IN SEWING MACHINES.—Mr. D. B. Haselton, of sewing machine notoriety, has just introduced into this city the Hall patent treadle power for sewing machines, which is used without a crank. This is an invention of great merit, and is calculated to lessen the labor of working the machine, and especially to lighten the great strain upon the ankle. It is adapted to all kinds of machines. Our lady friends who are interested would do well to accept Mr. Haselton's invitation, which appears in another column, to call and examine this ingenious and valuable improvement. Mr. Haselton is agent for the deservedly popular Weed Silent and Wilcox & Gibbs Family Sewing Machines, which are generally conceded to be the simplest and most perfect machines for ordinary household work now manufactured.

GOOD BOOKS.—We refer our readers to the advertisement of Fogartie's Book Depository, in regard to Corrybeare & Howson's "Life and Epistles of St. Paul," and other valuable books.

STONEWALL JACKSON MEMORIAL ASSOCIATION.—AN APPEAL TO THE PUBLIC.—The admirers of the exalted virtues of the late Lieutenant-General T. J. JACKSON are now endeavoring to raise the requisite funds to erect a suitable MEMORIAL to this great and good man.

For this purpose agencies are now being employed by the formation of Auxiliary Memorial Associations in the several States, through which contributions are solicited in aid of the noble work.

The scheme contemplates the erection of a MEMORIAL CHAPEL at the Virginia Military Institute, Lexington, Va., with which Institution General JACKSON was connected fourteen years as a Professor, and near to which his remains now lie. It is believed that such a Memorial would be most in harmony with the character of this renowned Christian hero.

It is proposed to place within this Memorial Chapel a Statue, in bronze or marble, to transmit to coming generations the features, form and expression of one whose name and virtues are alike known and honored throughout the civilized world, and who was a bright exemplar of whatever was true and noble and of good report among men.

It is estimated that $50,000 will be required for these purposes. We invoke contributions from all who will unite with us in paying this tribute to the memory of STONEWALL JACKSON.

No local or sectional views restrict the scheme. It is national in its design. The North has cordially responded to the appeal. The East and West are moving in it; while the followers of Jackson in the field, and on the march throughout the South, are sending forward their tributes to the memory of their noble Chieftain.

The funds, as they are collected, may be forwarded by check or by express, to the undersigned, Lexington, Virginia, who, as President of the Board of Visitors of the Virginia Military Institute, has been designated by the Central Memorial Association in Pennsylvania as Treasurer of the Memorial Fund. JOHN LETCHER,

Treasurer of the Jackson Memorial Fund.

THE SEASON OF EXHAUSTION. The close sultry weather which usually prevails toward the end of summer is particularly unfavorable to the feeble and enervated. Even the well-knit frames of strong men feel the influence of the season, and lassitude and languor pervade the whole community. Ladies, especially those in delicate health, suffer much from debility, occasioned by the humid heat, and feel the want of a wholesome invigorant. In fact, a necessity for something to recruit the exhausted system is experienced, more or less, by everybody, and the only question is, what that something will be. With those who have tested the effect of HOSTETTER'S STOMACH BITTERS on themselves, or have observed its effects on others, this question will not be in doubt for a single moment. Its tonic and regulating operation, and its agency in creating a healthy appetite and promoting digestion, are rightly classed by all who have resorted to this unequalled vegetable invigorant and corrective, among the most extraordinary therapeutic wonders of modern times. It should be taken at this season as a safeguard against the epidemic diseases which are so apt to attack the relaxed system in the fall of the year.

As it is understood that mercenary speculators in various parts of the country are endeavoring to supersede the standard tonic of the age with worthless articles manufactured by themselves, which they represent to be superior to this long-tried remedy, it is proper to put the public on their guard against this species of imposition, and to warn them against the deleterious trash with which dishonorable dealers seek to drench them. aug19-6D&C

A GRAND EPOCH IN SCIENCE.—From the time when, in 1834, Dr. RUGGE discovered "Carbolic Acid" and its extraordinary medical effects, nothing in the history of Medicine has equalled it. Largely used by the French physicians in treatment of consumptive and scrofulous diseases, it was introduced by the Court Physician of Berlin, MAX ERNST HENRY, into Prussia, and from thence to the United States. Nothing else of the present day can equal HENRY'S SOLULION OR CARBOLIC CONSTITUTION RENOVATOR. Patients get better *after only one dose has been taken*, and we cordially recommend it to the public.—(Editor "Argus." jan17 1yr
