THE
MENDELSSOHN
Piano Company
Are now selling
New Pianos for $125
each and all styles, including Grand, Square and Upright, all new and strictly first-class, at the lowest cash wholesale factory prices, direct to the purchaser.
No Agents; no commissions; no discounts. Pianos for sale, containing

MATHUSHEK'S

New Patent Duplex Overstrung Scale which is without question the greatest improvement ever put into a upright Piano, producing the most astonishing power, richness and depth of tone, and a lasting singing quality never before attained, being a
Grand Piano in an Upright Case.
Recommended by the highest musical authorities in the country.

The Mendelssohn
UPRIGHTS
are the finest in America.
They are pronounced the "Pianos of the Future."
All our Pianos are made by ourselves at our
Manufactory,
Nos. 420, 422 424, 426 & 428 West 57th street. Nos. 419, 421, 423, 425, 427, 429 10th avenue. [Now the finest and one of the largest in the world.]
Originally established in 1862, over 20 years ago, being among the few makes of Pianos which have stood the test of time.

OVER 12,000 IN USE.
Every Piano fully warranted for five years. We are now making all our Pianos entirely of
VULCANIZED LUMBER.
The Greatest Discovery of the Ages. Wood entirely impenetrable, shrinking, checking or warping impossible, and as durable as adamantine stone, as valuable as vulcanized rubber. The increased hardness and toughness of the wood by vulcanization, possessing of late truly wonderful. The process of vulcanizing is done by machinery established at our factory, and we have the exclusive control of the patent for Piano making, which, together with our other patents and improvements, including Mathushek's Duplex Overstrung Scale, render our Pianos in every respect, the
Best and Finest in the World!
In the grand march of strength, durability, reliability, and ability for standing in tune, volume, power, sweetness, brilliancy, sweetness, sympathetic and singing quality of tone, evenness throughout the entire scale, delicacy and elasticity of touch and beauty of finish.

The Mendelssohn Piano
STANDS WITHOUT AN EQUAL.
These Pianos stand one of the finest displays at the Centennial Exhibition, and were unanimously recommended for the Highest Honors, the Diploma of Merit and Medal of Merit.
Professor O. M. Sewall, the celebrated pianist, who received the distinguished honor of a Gold Medal and Badge from the Centennial Commissioners for highest excellence in piano playing at the great exhibition, says of these pianos: "I must say that they equal the best Pianos made by any firm in this city. For evenness and pure singing quality of 'tone' they have no superior anywhere. The combination of sound, after striking a note is something wonderful in the art of scale construction."
Pianos sent on trial, and sold on installments. Don't fail to write for Illustrated and Descriptive Catalogue—mailed free.
CAUTION.—The Mendelssohn is a regularly incorporated manufacturing company, and the only house which makes the entire piano, and sells direct to the purchaser at factory prices. Beware of "humbugs" pianos offered by dealers who pretend to be manufacturers. We refer you to the New York Commercial Agencies, which will give you reliable information in regard to them, as well as to our integrity, character and responsibility.

TAX LEVY 1878

Board of Mississippi Levee Commissioners

Whereas, the Board of Mississippi Levee Commissioners, by section 5 of an act of the Mississippi Legislature, entitled an act to amend an act entitled an act to amend an act to incorporate the Board of Levee Commissioners for Bolivar, Washington & Issaquena counties, & for other purposes, approved November 27 1865 and the several amendments thereto approved January 27 1877, approved February 25 1878, is authorized to levy and assess for any one year an ad valorem tax of not more than 5 mills upon the real and personal property, situated in the Mississippi Levee District, and by said section 5, said Board is required to estimate respectively the amount that will be produced by the tax on cotton now levied by law for construction purposes for the year commencing September 1st, and that will be produced by such ad valorem tax as may be levied under said section 5, and as nearly as practicable to reduce the tax on cotton by the amount of said ad valorem tax, and whereas said Board has deemed it advisable to levy and assess the 5 mills ad valorem tax authorized by said section 5 and have estimated that the same will produce $85,000, and have likewise estimated that the present tax of one half of one cent per pound upon lint cotton will produce for the ensuing year commencing September 1st $140,000—and have ascertained therefor that by the terms of said section 5 a reduction of one fourth of the present tax upon cotton or of 1-8 of one cent per pound is required, and whereas, it further appears to said Board that under its general authority so to do, said tax on cotton can with safety be still further reduced another 1-8 of a cent per pound for the ensuing year so as to make the whole tax for construction purposes on lint cotton for the year commencing September 1st 1878, one fourth of one cent per pound, instead of one half of one cent per pound, as is now levied by law.

It is therefore ordered by the Board that for the present year there be and is hereby levied and assessed upon all taxable property real and personal situated in the counties of Bolivar, Washington, Issaquena and Sharkey, composing the Mississippi Levee District, except property lying and situated between the Mississippi river and the public levees, a tax of 5 mills upon the dollar of the assessed value of such property as the same shall appear by the assessment rolls of said counties for the present year.

Ordered further, that the tax upon lint cotton raised in said district at present levied by section 2 of an act of the Mississippi Legislature entitled an act to amend an act entitled an act to incorporate the Board of Levee Commissioners for the counties of Bolivar, Washington and Issaquena and for other purposes approved November 27 1865 and the several amendments thereto approved January 27 1877, be and is hereby reduced for the ensuing year, commencing September 1st 1878, to one fourth of one cent per pound upon lint cotton.

Ordered further, that the penalty of the bonds to be executed by the several Sheriffs of said counties as provided by law for the collection of the ad valorem tax hereby levied shall be as follows:

For the Sheriff of Bolivar county penalty $10,000.

For the Sheriff of Washington county, penalty $15,000.

For the Sheriff of Issaquena county penalty $7,000.

For the Sheriff of Sharkey county penalty $7,000.

Ordered further, that the Secretary of this Board forthwith forward, postage prepaid, to the several Sheriffs of said counties a copy of this order, and of the law under which the same is passed and shall forward to the Auditor of public accounts a statement of the ad valorem tax hereby levied and cause the publication in regard to the levee taxes to be made as required by law in the Rosedale Journal, a paper published in Bolivar County, in the Greenville Times, published in Washington County, and in the Mayersville Leader, published in Issaquena County. There being no newspaper published in Sharkey County.

A true copy from the minutes.
W. A. EVERMAN,
Secretary.

INSURE AGAINST ACCIDENT.

Why should you? Because you are liable to accident and can claim no immunity from casualties.

Life at best is but an uncertain possession, and the many dangers that beset the pathway of human existence from the cradle to the grave, make accidents events of common and daily occurrence. Statistics show that
One Person in every ten meets with an accident every year,
nor are these accidents confined to those persons engaged in traveling.

The public erroneously suppose that accident policies are designed chiefly for travelers or to cover only the accidents of travel.

The MOBILE LIFE INSURANCE COMPANY
insures not only against the accidents of travel, but many others that afflict humanity, such as falls from horse-back, colliding of Rail Road trains, burning and sinking of boats, being thrown from a buggy or carriage, a fall on slippery pavement or from stepping on an orange peel, or sprain of ankle.

Accidents happen to the traveler whether seeking pleasure or business; to the mechanic or citizen working at his trade; to the farmer cultivating his farm; to the operative in mills or factories, to the professional or business man engaged in his calling.

None are free or exempt from accident. Is it not better to let a responsible company take the risk of accident, rather than take it yourself.

The object of "General Accident Insurance" is to insure men of all professions, trades, or occupations, against
"BODILY INJURIES"
caused by external violent and accidental means, guaranteeing from $1,000 to $10,000 in case of fatal accident, or a payment of from $5 to $50 per week in case of an accident wholly disabling the policy holder from labor or business, such payments not to exceed 26 weeks for any one accident. Exceptions are made against disease in any form or manifestation.

The laboring man with family dependent upon his labor for support, can for a small sum insure against "bodily injuries" whereby in case of fatal accident, his family will be paid from $1,000 to $10,000 or in case of accident wholly disabling him or rendering him unable to transact his business he will be paid from $5 to $50 weekly for 26 weeks.

Policies can be had by calling on
