NASHVILLE:

To Advertisers.—The circulation of THE DAILY UNION is that which is the most reliable and satisfactory to advertisers, inasmuch as it is the only commercial paper in Nashville, and consequently the only one which can be relied on as a medium through which to reach the country trade. As the only paper in Nashville which can be delivered in the country on the day of publication, it offers to country merchants the only means by which they can be sure of receiving their papers in time to make use of the information they contain in the business of the day.

THOS. S. MARR IS THE GENERAL AGENT OF THIS PAPER FOR COLLECTING SUBSCRIPTIONS, ADVERTISING, &c.

TUESDAY MORNING, JULY 10, 1855.

MR. M. TAYLOR GLOVER is the authorized agent of this paper for the city of Nashville and Davidson county.

Public Speaking.—Col. G. C. Torbett and Gen. F. K. Zollicoffer, candidates for Congress, will address their fellow citizens at the following times and places:

At Hollister's Forge, Saturday, 7th of July.
At Dover, Monday, 9th of July.
Sumner's Store, Stewart co., Tuesday, July 10th.
Iron Mountain Furnace, Wednesday, July 11th.
Indian Mound, Stewart co., Thursday, 12th.
Woodall Store, Montgomery county, Friday, July 13th.
Palmyra, Montgomery county, Saturday, 14th.
Cabin Row, Montgomery county, Monday, 16th.
Ryan's Store, Montgomery county, Tuesday 17th.
Port Royal, Montgomery county, Wednesday, 18th.
Cooperstown, Robertson county, Thursday, 19th.
Jackson's Store, Robertson county, Friday, 20th.
Springfield, Saturday, 21st.
Cross Plains, Robertson county, Wednesday, 25th.
Ridge's Ferry, Davidson county, Thursday, 26th.
Stewart's Ferry, Davidson county, Friday, 27th.
Atchison's Gap, Davidson county, Saturday, 28th.

☞ There will be a meeting of the democratic association to-night at Firemen's Hall. Several speakers will be in attendance and will address the Association. The public are invited to attend.

☞ We would call the attention of those in want of Furniture to the advertisement of Mr. John Patterson, No. 70 College Street. His stock is complete and fashionable, consisting of a very extensive variety of fine and common furniture, chairs, clocks, looking-glasses, lamps, &c. Give him a call before purchasing.

☞ The Nashville Gas Light Company have declared a dividend of five per cent. on the capital stock of the Company for the past six months.

☞ There were eight withdrawals from the know-nothing lodge at Nolensville a week before last and "more coming."

☞ The Rev. T. R. Graves will preach at the 2nd Baptist church in Nashville on next Sabbath, 15th instant.

Cholera in Nicholasville.—The cholera made its appearance in Nicholasville on Friday morning, and some half dozen cases were under treatment.

☞ It is now certainly that the aggregate wheat crop of the United States will this season prove at least a full average, and there are many reasons warranting the general expectation that the crop will be very heavy.

☞ Extract of a letter to the editors from Lynchburg, dated 3d July:—"Mr. Cushing and Mr. Jessup addressed the people of Perry in the town of Lincoln, on the 25th of June. I assure you that Wingate made the greatest speech ever delivered in the county. I heard, at least, 60 of Wise's men say they were for Jackson and Wingate. Wise counties in the State, I believe, have to know nothing. Wingate has no Rives and Stevensons off the track, and it is thought he will beat Wise, will leave shortly."

Democratic Ticket Nominated in Illinois.—The State Democratic Convention Tuesday nominated Major John Wilson for Governor.

☞ At the recent election upon the liquor law question in Illinois, judicial officers were elected in the three great judical districts into which the State is divided. The vote was larger by thousands than ever before given in the State. The lines were strictly drawn, the Democrats comprising Slamish Nebraska men—friends of the regular organization. The know-nothings did not hold a ticket, and brought out their strongest men, and made every exertion in their behalf. Last November the Democratic majority in the State was but three thousand. What she has done now we may as well tell in the language of the Chicago Times, which paper says:

"We suppose we may safely estimate the Democratic majority in the State as follows:

First District (democratic majority)	12,000
Second District	9,000
Third District	12,000
Total	33,000

"The political storm of last fall has had a good effect upon the Democratic party in all the Union, but particularly in Illinois. In November last the Democratic majority was only three thousand.—Although a host of all the know-nothings, and all the disappointed office seekers left us, to the great delight of the party. These gone, the Democratic party stood unquestionably national, for there was scarcely a district reported that had not gone to the enemy, and twenty thousand freemen, who never had an impulse that was sectional or fanatical, but who had till then acted with our opponents, have wheeled into the Democratic line.—Many Democrats, deluded and led astray with the falsehoods of the opposition, have since discovered the fraud, and henceforth will act with their old friends. We speak within bounds when we say to our friends abroad that the State of Illinois will give to the nominee of the Democratic Convention a majority not less than thirty thousand in November, 1856."

Americans Are Americans.—The course which is pursued by the opposition in its efforts against the American party is certainly very laughable.—*Know-Nothing paper.*

To make sure the peculiar richness of the joke and what Mrs. Partington would call the "divine drollery" of the opposition, the reader must understand that by "Americans" is meant the Pollywogs, the Hindoos, the Thugs, the Grass-hooks, the know-nothings, the wooly-city, the Mormonites, the Hiss party, Tattoman comfort-to-Dalle Poole mourners, Cash-in-the-ear-ranted-to-fetch-you, funeral stoners, bullcrib-guarders, "women whippers, which, for short, all are combined into the extremely witty and expressive monosyllable 'Sam.' By the anti Americans is meant such men as Jefferson, Madison, Clay, Webster, Washington, Douglas, Lane, Pierce, Buchanan, Marcy, Cushing, &c., &c., all of whom are in the Democratic party. Very laughable? Certainly not! Just what we said.—*Iowa Democrat.*

☞ We have received a copy of the "Oil cot buttons."—*Louisville Courier.*

☞ We should question of Judge Birdsall of Indiana as to, in the case of a violation of the liquor law, he would hold or not before him, is equivalent to a formal nullification of the law. The judge would be in a position under the law must be taken to be a reasonable one. The presiding officers of that township have already decided that the law does not apply to foreign liquors, and that sales of foreign liquors can not be seen to make a complaint against.—*Indianapolis Journal.*

Baltimore, July 7.—New Orleans papers of Saturday are received. There is still one mail due.

Dates from the Rio Grande are to the 23d, which confirm the reported success of the revolutionists. The whole of the African frontier, with the exception of two or three towns, is in their possession. There is a large number of Americans among the revolutionists.

Philadelphia, July 7.—We have dates from Maine up to the 28th. The weather has been fine. Prospects for the growing crops are favorable. Sugar and molasses are scarce and held at higher rates.

Cleveland, July 7.—The propeller J. W. Brooks, bound for Dunkirk, blew up near Ashtabula yesterday. The engineers were badly scalded. One fireman is dead. Two deck hands were drowned. The passengers are uninjured.

OBITUARY.

John Claiborne, Jr., son of Col. H. L. Claiborne and Mrs. Lucy S. Claiborne, departed this life, 30th June, 1855, in the 10th year of his age.

He was the hope and joy of his parents, and a numerous circle of appreciating relatives. A boy of remarkable promise, of clear and enquiring intellect, amiable disposition and high aspiration, he carried with him an attraction that won him companionship everywhere, and surrounding him with the best wishes of all that knew him. His death, though sudden, had much connected with it calculated to relieve the feeling of sadness and separation, that must ever be associated with the recession of one so much beloved. He seemed as if called away by heavenly voices to who e inviting welcome his spirit-ear was evidently opened amid the struggles of his fleshly tenement. From the time it was clearly indicated that his stay in the flesh was ended, the spirit-home being opened for his hopeful entrance. All that tenderness and skill could effect, was but a temporary relief while the hearts in sympathy with his pure spirit clearly indicated from the first knowledge of his attack that his pathway to the seraph-temple was opened by angel-hands, and no mortal power could close its gates.

Gliding in pure and holy love, along the path of his kind parents and little brother and sister's band, from whom he is separated only by the thin veil of flesh, his influence will often be felt in the weening of their hearts from earthly care, and wooing them heaven-ward, giving an assurance of re-union of undying affection and inseparable companionship, gilding many a cloud of sorrow and sanctifying many a pang of grief, but to their stricken but not hopeless hearts. From his new bright home, surrounded by those to whom God has given his guidance, in the stillness of a purified love and hope, he may ever now be heard to say, as from himself and angel state:

"We are happy now, dear Mother,
Our home is 'mid the flowers;
And zephyrs from the throne of love,
Are born in fragrant bowers.

Would we come back, dear Mother,
And leave our glorious home?
Oh! though we love you dearly, Mother,
From Heaven we would not come!

Your world is very fair, Mother,
With its sunny hills and dales;
But ours is fairer far, Mother,
And its beauty never pales!

Your sun is soft and cheering, Mother,
As we've seen it 'mid the hills;
But ours has a holier glare, Mother,
And purer light distills.

Your sky is clothed in beauty, Mother,
But storm-clouds will arise;
Your day sets oft in gloom, Mother,
Ours fills the cloudless skies!

Yes, we're happy here, dear Mother,
And we can see you too,
And we can guard you now, Mother,
As you were wont to."

A WORD IN SEASON.

The democratic party has been weakened by division in its ranks. The democracy of Tennessee, for the past six years, have lost the Legislature, because they had too many candidates in the field. We know that this ought not to be the cause of our defeat, but yet it is the case.

We should remedy this evil for the good of the State. The whigs have had the Legislature for the last six years, and they have not passed an act worth two bits to the people. They have fastened a railroad tax upon the people against their will—the hard-earned savings of the people have to go to build railroads for capitalists. The democracy should endeavor to put a stop to this Legislative quackery. The people want a change of policy. Their sentiments may be likened unto those of the traveler who was asked by the waiter if he would "take another cup of tea?" He replied, "I did was tea I want coffee, and if it was coffee I want tea—I want a change." And so do the people want a change, and if they have a fair opportunity they will have it.

The know nothings are after spoils, they don't care about any thing else, and to obtain this, they have induced democrats to offer their services in opposition to the candidate of the party.

We want democracy to have the ascendency in the Legislature, *not for the purpose of spoils*, but for the good of the State.

Let our friends organize, and nominate, and if they are defeated, let it be done on fair principles, and not by a multiplicity of candidates.—*Bolivar Democrat.*

This and That.—The last number of the *Southern Fountain* contains a lengthy and bitter article against Gov. Johnson. Had the editor of that paper occupied a different position from the one in which he is situated, we should not have troubled ourself to refute his assertions. But he is publishing what purports to be the official organ of a large number of good citizens, who are allied to the temperance movement, and to permit him to go unanswered would establish in the minds of many thoughtless or unaceitful persons the truth of his positions.

We fancy we can give a slight clue to Mr. Wiggs very strenuous opposition to Gov. Johnson, after which we shall give an extract from his paper of last week, and show the gentleman's consistency.

We now assert that a gentleman of this place, of high respectability, acknowledged to us in the presence of several other gentlemen on Saturday last, that he was *initiated into the order commonly called* Know Nothing *by Mr. Wiggs*, several months since. Is it necessary to say more to exhibit to temperance democrats what degree of confidence they can place in Mr. W.'s statements in regard to this subject, and that he, in conjunction with several other gentlemen of the temperance movement, are seeking to gain ascendency by a fusion with know nothings. Each day reveals more clearly the truth of the charge. It remains to be seen whether members of the democratic party can be induced by such venial arrangements to desert principles whose chief beauty are that they are adapted to the exigencies of every emergency, to follow the schemers who seek to use them as tools for the accomplishment of selfish ends and purposes. It has been proven beyond cavil that Mr. P. S. White is allied to the order, and that his present tour through the State is as much, if not more, to advance Gentry's interest as a know nothing, than as a temperance man. Mr. Gentry's whole history is inconsistent with the idea that he has at heart the success of the temperance party, while no such record can be adduced against Gov. Johnson.—*Winchester Star.*

A New Court House.—The Williamson county court at its quarterly term on Monday last, by a very decided vote, determined to erect a new court house. With this determination they appointed a committee of five gentlemen, with full power to select a site, and proceed to the erection of an edifice for a court house, upon the general plan of the court house of Wilson county, at Lebanon.

The following gentlemen were appointed said commissioners, viz: Jno. W. Miller, Thomas F. Watkins, Jno. S. Claybrooke, R. B. Toon and Park Street, Esqs. No better guarantee could be offered than is afforded by the high character of these names, that the work will be performed in the most satisfactory and economical manner, consistent with the wants and interests of the county. We tender to the Magistrates of the county, the hearty thanks of their constituents, for this act of just and liberal feeling.—*Franklin Review.*

Concord, N. H. July 7.—The liquor law has passed the House by a vote of 213 to 50. The House also passed a resolution declaring it to be the duty of Congress to prevent slavery in the Territories and repudiating the repeal of the Missouri compromise and demanding its restoration, asserting a non-intervention to the introduction of slavery into Kansas, and expressing a determination to use all constitutional means to oppose the aggressions of the slave power.

Philadelphia, July 7.—The deaths during the week were 283, being an increase of 36 over last week.

The annual commencement of the Philadelphia Medical College took place to day. The degree of M D was conferred upon a graduating class of 13. The exercises were very interesting.

St. Louis, July 7.—An arrival from Salt Lake reports the Indians on the route as being very quiet. The accounts from other portions of the plains states that they are peaceably inclined.

New York, July 7.—The deaths during the past week are 547, being an increase of 206 over the last week.

June14 Sole Agents for Nashville.

To the Citizens of the Southern and Western Country.
Learning from my agents and correspondents in various parts of the country, that my Schiedam Aromatic Schnapps is extensively counterfeited, especially in the Southern and Western States, and finding that the pirates openly advertise their pernicious deceptions under the name which belongs to my article, I think it necessary to caution the community against these venders of poison in disguise.
I introduced the Schiedam Aromatic Schnapps for the purpose of supplying the medical faculty and the whole community with a pure and genuine spirit, which might be prescribed with confidence in all cases where stimulants were required, without producing the fearful consequences which invariably result from using adulterated liquor. In order to render assurance doubly sure, I had the article analyzed by chemists of world wide celebrity, and submitted it for experimental use to the standard of distinguished medical practitioners. The responses from these sources were of the most unequivocal and satisfactory character. It is now before the public, surrounded with these guarantees, and pending these and my other public testimonials, and I call upon the community to protect themselves and me—their own health and my reputation—by frowning down and repudiating those pirates, impostors who are palming their foul counterfeits under cover of my trade mark. The article had ever been introduced into this market, under the name of Schnapps, previous to the appearance of Wolfe's Schnapps. Any mistake, therefore, in this city.
The first importation being made into this city in the year eighteen hundred and forty-eight, which can be seen by the Custom House books, I deposited my label as a trade mark in the U. S. District Court of the Southern District of New York, in the year eighteen hundred and fifty-one, and have the certificate in my possession of that date. The great demand which has thus been created for the genuine article, has induced the vile counterfeiters to put in motion, and the duty I owe to my customers and friends, and the public, compels me to call their attention to the fact, that I have established a depot for Sheidam, 1 Fort Street, Philadelphia, where Western merchants can draw their supply at New York prices.
GODFREY WOLFE,
No. 2 Beaver street, New York.
Messrs. GUY, BOURN, FANNING & CO., Wholesale Agents, Nashville, Tennessee.
jes27—1m

TO THE PUBLIC OF THE UNITED STATES!
AN advertisement of Mr. GODLPHIN WOLFE, lately published, as a supposed antidote for the protection of his Schnapps against counterfeits, has come under my notice. Being aware of the author of the counterfeit of Schiedam Schnapps, and being acquainted with the nature of Schiedam Schnapps, I feel it my duty to expose without notice through this medium, I might be considered among those he denominate "*Pirates and Vagrants*" &c., but the immense patronage and success that has attended the sale of the articles manufactured by me, is the opinion of competent judges as to its qualities as a beverage and medicine, is a sufficient guarantee for the public of the fact that I manufactured, during these the dull days to the trade, the doubt so freely agitated as the depreciation of the sale of this Schnapps, which has consisted in all, since now has been brought into competition with him. Not only have I succeeded in competing with him in quality, but the consequent increasing demand for my article, has enabled me to offer it at a less price than he can, and does now sell from the depot. And further more, he will soon become satisfied that his caution to the citizens within the "Southern and Western States" avail him nothing, so far as I am concerned, for the character of my Schiedam Schnapps, is so well established in these parts, to be injured by any such invidious publications. The more so as my variegated bottle cannot be counterfeited, and feeling well satisfied that all such missiles thrown at me by him will fall harmless at my feet, I will here, for the satisfaction of the public, publish a copy of my Patent Right obtained in the Southern District of New York, on the 25th of December, 1851, and also a copy of Patent Right in Philadelphia.
"Be it remembered, That on the twenty-eighth day of December, Anno Domini, 1851, Bernard L. Simpson, of the said District, hath deposited in this office the title of a print or label, the title of which is in the words following, to wit: "Bernard L. Simpson's Aromatic Schiedam Schnapps, a superior article for Medicinal purposes, Philadelphia." Being a copy of the said print or label, in which he claims to be the proprietor, as author and proprietor, in conformity with an act of Congress, entitled "An Act for amending the several Acts respecting copyrights."
GEO. W. MORTON,
Clerk of the Southern District of New York.
And I take pleasure on this occasion to tender my sincere thanks to the public in general, and to my friends in particular, for the kind patronage with which they have patronized from my commencement of this enterprise, and I assure them, that I shall continue to provide them always with a genuine and superior article of Schiedam Schnapps.

AROMATIC SCHIEDAM JUNIPER SCHNAPPS.
A Superior Tonic, Anti-Dyspeptic Invigorating Cordial.
IT is a lamentable truth that, with few exceptions, every article of food we eat, every article of drink we imbibe, is more or less adulterated, and in nothing has adulteration been practiced to such an extent as in spirituous liquors, and hence the "hydra" of dyspepsia.
It is impossible to procure pure liquors and wines, unless obtained direct from a reliable importer, of known reputation, and well established foreign connections.
It is owing to the corrosive, inflammatory and poisonous properties of the liquors sold generally in this country, that disgraceful, brutal intoxication is so frequent, that the legislatures of several of the States have taken the matter in hand, and prohibited the sale of spirituous or fermented liquors in their respective jurisdictions.
Were all liquors sold pure and unadulterated, we should need no Maine law, and but few restrictions on their sale. Blotched faces, palsied limbs, scrofulous flesh, and that fearful disease *delirium tremens*, are produced not by pure liquors, but by the frightful habit of imbibing in the corrosive, poisonous compounds, sold for genuine.
SIMPSON'S AROMATIC SCHIEDAM JUNIPER SCHNAPPS
are manufactured exclusively at Schiedam, in Holland, according to the directions of Holcotta, the long honored in New York, and are intended exclusively for medicinal purposes, and are entitled to high consideration. Neither medical profession nor persons in ill health need be afraid of Simpson's Schnapps, as it is manufactured in Holland, or in Europe, no cases such salutary and efficacious properties.
In cases of Gout, Gravel, Obstructions of the Kidneys, Bladder, and Urinary Organs, as well as in the peculiar diseases including to females, this Cordial has proved and decided that it has excelled all the celebrated medical men, and elicited expressions of the most unbounded gratitude from the patients to the proprietor.
Agents and private purchasers are cautioned to guard against the compounds of unscrupulous imitators. Simpson's Aromatic Schiedam Schnapps can be procured of the Medicinal Cordial dealers and at the bars of the best hotels throughout the Union.
The subscriber has, which he can daily convert in the Bonded Warehouse, free from duty, and consequently sell at a lower price than the venders of glass and gunpowder, and compounders of the three or four ingredients, and palmed off as Schnapps, and to those who hold the Slavery in itself unfashionable and American. One dozen of each formula by express may be sent to all parts.
