OKLAHOMA EPISCOPALIANS.

Annual Session of Deanery and Consecration of New Church.

Guthrie, Okla., Dec. 3.—The principal event in Guthrie in Oklahoma during the last week was the annual session of the Oklahoma Deanery at Chandler, with Rt. Rev. Francis Key Brooke, bishop of Oklahoma and Indian Territory, presiding. A large attendance of the Episcopal ministers and members of the laity was a feature of the meeting, together with an interesting program of sermons and addresses. The speakers included Bishop Brooke, Dean A. R. Nicholas of Guthrie, Rev. Dr. Davidson of Oklahoma City, Rev. Greisser of El Reno, Rev. Pratt of Woodward, Rev. Bonnell of Chandler and Rev. Reedy of Newkirk.

Of special importance during the session was the consecration of a new Episcopal church at Chandler, Bishop Brooke officiating, assisted by Dean Nicholas and Rev. Davidson. Three children were also baptized by the bishop during the session.

Bishop Brooke, who is a near relative of Francis Key, the author of the "Star-Spangled Banner," has been stationed in Oklahoma as bishop, with headquarters at Guthrie, for ten years, and he has seen the church grow from a very small beginning until today it has in Oklahoma twenty church buildings valued at $50,000; owns eight rectories and has twenty-two organized missions, fourteen other regular stations, 950 communicants, fifteen Sunday schools, with 250 students, and total property valued at $65,000.

In Time of Peace.

In the first months of the Russia-Japan war we had a striking example of the necessity for preparation and the early advantage of those who, so to speak, "have shingled their roofs in dry weather." The virtue of preparation has made history and given to us our greatest men. The individual as well as the nation should be prepared for any emergency. Are you prepared to successfully combat the first cold you take? A cold can be cured much more quickly when treated as soon as it has been contracted and before it has become settled in the system. Chamberlain's Cough Remedy is famous for its cures of colds and it should be kept at hand ready for instant use. For sale by F. J. Ramsey, W. B. Frame, Ardmore Drug Co., Benner & Benner. *

REFORMED SPELLING.

Will Not Be Used by Congress—Public Printer is So Notified.

Washington, Dec. 3.—Bills, laws, committee reports and congressional literature of every description will be spelled in the good old way, and not according to the reformed or Roosevelt style. Representative Landis of Indiana, chairman of the House committee on printing, makes this announcement, and it goes, unless Congress passes a resolution indorsing the new spelling.

Landis notified Public Printer Stillings tonight that "Webster's Unabridged" is still stand as the spelling authority for Congress.

The incoming members speak of Roosevelt's spelling order as a joke. They say they cannot afford to antagonize the other folk of their constituents by changing around the English language.

The Public Printer will now be compelled to spell all executive documents one way and all congressional documents another.

Mysterious Death.

While working in the oil mill Sunday afternoon, Walter Taylor was suddenly seized with a severe pain in his head, became unconscious, before he could be taken to his boarding house, and in two hours he was dead.

The peculiar seizure puzzled the physicians. After his death, however, it is said by a companion that just before the seizure Taylor was very violently blowing the dust from his nostrils, and it is thought in doing so he ruptured a blood vessel in his head.

The remains of the young man were interred in the Rosedale cemetery this afternoon.—Ada News.

Thanksgiving day passed off quietly here.

The pupils of Bradley public school give a nice entertainment at night, which was a grand success.

Dougherty, I. T., Dec. 3.—The new month opens bright and sunshiny and presages its closing days, which bring to us the merriest time of all the year. How the sunshine encourages us, and the Christmas preparations fill our heart with joy. For we are not thinking of ourselves but of others. And I think we may safely say that December is the happiest month of all the year.

But very little cotton was picked last week and but little marketed. The men who have been working Pete Johnson's farms and who have been holding their cotton for a good price, drew 18 bales to Berwyn last Wednesday and sold for 10 1-2.

The gin is only running Wednesdays and Saturdays now, as the bulk of the cotton crop has already been picked.

The families from Drake and vicinity have decided to secure homes in New Mexico. They slubbed together and chartered a car in which they shipped their household goods and some livestock, sending a man with the car, which left Dougherty Tuesday night Nov. 27. The families will go overland. Their destination is Elida, N. M.

The school entertainment was a decided success and reflects great credit upon both teacher and pupils. The house was filled with an audience who thoroughly enjoyed the pretty exercises.

Marvin Heated, a highly respected young man of Drake, was accidentally shot at that place Monday, Nov. 26. An altercation occurred between two men and one struck the other over the head with a revolver. It went off and hit the young man who was standing near, mortally wounding him. He was engaged to be married at Christmas to Miss May Ford of Odessa, Ok., and he so earnestly requested that she be sent for that his request was complied with and a telegram was sent for her to come immediately. She did not reach here until 6 o'clock Thanksgiving morning, and then to find her lover was dead. Thus Thanksgiving was ushered in and closed by a tragedy at Dougherty.
